

### SPECIALISTS SOUGHT BY REED COLLEGE

More Than Half of Faculty to Be New This Year.

### PRESIDENT TO BE NAMED

Hope is That Suitable Man for Presidency May Be Obtained Early in September.

An enlarged faculty of men and women who are specialists in their chosen subjects will form the teaching staff for Reed college which opens for this year's work September 12. More than half the faculty will be new members, for only nine of those who have been on the faculty for the last year or more will be with the college this year.

At least four new professors and a president are being sought at the present time and the college expects soon to be able to announce the successors for men who have resigned recently. It is hoped that a suitable man for the presidency may be obtained early in September.

**Biology Professor Sought.**  
Professor A. A. Knowlton is at present in the east considering the selection of new men to replace Dr. Harry Beal Torrey, professor of biology, who will go to the University of Oregon faculty. Hastings, professor of applied economics, who has resigned; C. H. Wooddy, assistant professor of history; and Mrs. Andrew Murray (Minna W. Niemiec) instructor in German.

A full time instructor in biology also is being considered. Provision for at least one other department is made in the proposed budget, but since it is rather late, probably no one will be chosen at this time.

Dr. Gardner Cheney Bassett, professor of psychology, will take the place left vacant by the resignation of Dr. Helen Clarke, who has gone east. Dr. Bassett took his doctor's degree at Johns Hopkins in 1912; was investigator in comparative neurology and psychology of the Carnegie Institute for a year; and is director of the psychological clinic at the University of Pittsburgh for four years; a captain in the army during the war; and a member of the faculty of Leeward Stanford Jr. university last year.

**Chemistry Vacancy Filled.**  
Dr. Ralph Kempton Strong, professor of chemistry, will fill the place of Dr. William C. Morgan, who was with Reed college for six years and has gone to head the department of chemistry at the University of California, southern branch. Dr. Strong is a graduate of Acadia university (Nova Scotia) in 1905. He took his master's degree at Harvard in 1907 and his doctor's degree at the University of Chicago in 1917. He has had wide experience as a technical chemist and for the last three years has been head of the department of chemical engineering at the Oregon Agricultural college.

Miss Ino Pearl Baughman will be an instructor in chemistry. She is a graduate of Stanford university, where she took her master's degree in 1919.

Emma Susanne Heilmann will be director of physical education for women. She is a graduate of the University of Utah, where she studied for six years. She served as head reconstruction aide in physiotherapy at Fort Sheridan, Ill., and also takes the place of Dr. Bertha Stuart Dymet, who was on part time at the college.

George Williams Clark, a graduate of the University of California, will fill Charles S. Botsford's place. Mr. Botsford left a year ago to go to the University of California.

**T. M. Baldwin Coming.**  
T. M. Baldwin will come to Reed from South Dakota State college to be professor of English and acting head of the department. He took his master's and doctor's degrees at Princeton. He is a Shakespearean scholar and has published two books on the subject.

Miss Jessie Short of Mt. Vernon, N. Y., will be an instructor in mathematics. Her appointment makes possible the giving of mathematics courses which in the past have been hoping for some time to be able to offer. It will make possible courses in mechanical drawing and descriptive geometry for pre-engineering students and probably courses in mathematical theory of statistics and astronomy in alternate years.

Miss Short is a graduate of Beloit. She was at the University of Chicago for nearly two years and took her doctor's degree there. She has been doing commercial work in New York recently.

**Miss Crellin New Registrar.**  
Clement Akerman will be assistant professor of economics. He is a graduate of the University of Georgia, studied at Berlin, Tubingen and Heidelberg, took his master's degree at Harvard and was a first lieutenant in the army.

Miss Ruth Crellin will be the new registrar to replace Miss Elsa Gill. Miss Crellin is a Stanford graduate. Harold Sumner Turner will take Miss Mary McGee's place as instructor in romance languages. Mr. Turner, who is a graduate of the University of California, studied at the University of Bordeaux in 1919.

The members of last year's faculty who will be at Reed this year are: Miss Susan Almira Bacon, assistant professor of romance languages; Ruth Browning Compton, librarian; Charles Harold Gray, assistant professor of English; Dr. Frank L. Griffin, professor of mathematics; Dr. Knowlton, professor of physics; Mr. Charles McKinley, assistant professor of politics; Dr. George Rebec, professor of education; the chemist Casey Riddle, instructor in biology, and Miss Bertha Kedsie Young, dean of women and professor of English.

### PRISONER IS BOUND OVER

Wemberg to Await Action of Grand Jury on Police Charge.

Gus Wemberg, who was arrested charged with an attempt to extort money from Y. M. Thon, Japanese gardener, 2935 East Eighty-second street, was turned over to the district court yesterday.

Wemberg and two companions are said to have told the Japanese they were officers and to have threatened to arrest him for having a quantity of sake unless he paid them \$500.

Louis Zahn, one of the trio, was arrested by Inspector Morak when he is said to have called for the money. He was held to the grand jury several days ago on the charge.

### PENINSULA PARK CHILDREN PRESENT ATTRACTIVE PAGEANT.

ABOVE—INDIAN DRILL. BELOW—LOE LEACH, SOLO DANCER (AT THE RIGHT), AND ELIZABETH STO NE.

### U. S. FORMATION SHOWN

CHILDREN OF PENINSULAR DISTRICT PRESENT PAGEANT.

Tiny Girls Offer Dutch Dance Followed by Time-Honored Virginia Reel.

The formation of the United States with all the peoples of various nations which have made possible the America of today, was portrayed by children of the Peninsula park district in an historical pageant. "1623-1920," which was presented Wednesday at the park.

Dressed in the attractive and picturesque costumes of the peasants of European countries, the children, some of them under 6 years of age, went through their steps and little dances with a spirit of such deep interest that they delighted everyone.

Little girls alone were the participants in all the dances, except the Indian dance, which very properly was presented by a group of boys who seemed to feel honored to be allowed to play Indian with no one to reprove them for their joyous war whoops.

From early England in harvest time, the scene shifted to the new land, and as the Indians were dancing, a group of pilgrims in historic costumes, entered.

Then the various nationalities who came to the shores of the "promised land" were pictured in turn. Tiny girls did a Dutch dance, followed by an old-time Virginia reel. This was the opening event of the fall season and was in the hands of a committee composed of O. C. Leiter, Tom Gerber and John D. Vincil. The boat docked at 11 o'clock to pick up a number of entertainers playing at local theaters. This added to the merriment of the occasion.

Dancing was not the only diversion, for Walter Jenkins led in community singing and there were solo numbers by Mrs. Eugene Levy and Mrs. George Purdy. Miss Wilberta Babbidge and Miss Luis Slight appeared in oriental dances.

### WASCO CROPS SHOW GAIN

RECORDS OF 1919 SURPASSED ACCORDING TO SURVEY.

1,021,021 Bushels of Wheat to Be Produced This Year for Average Yield of 22 Bushels.

BY CHARLES F. CLARK  
Wasco county will produce this year 1,021,021 bushels of wheat, and the average yield an acre will be 22 bushels as compared with 18 bushels

### HARDING MEASURES UP

NOMINEE IS AMERICAN IDEAL, SAYS McARTHUR.

Senator Impresses Oregon Representative as Man of Sound Business Judgment, Tact.

Representative C. N. McArthur of the 3d Oregon congressional district, who is an intimate personal friend of Senator Warren G. Harding, believes that the republican nominee for president measures up to the American ideal of that great office and that he will be a very popular candidate before the campaign ends.

Mr. McArthur is a member of the joint congressional committee on the Pilgrim Tercentenary celebration, which Senator Harding is chairman. Other members of the committee are Senator Underwood of Alabama and Representative Walsh of Massachusetts, Whaley of South Carolina and Doremus of Michigan.

"I have a very high regard for Senator Harding," says Mr. McArthur. "He is a man of great force of character, but quiet and dignified. He is deliberate and of calm judgment and keeps both feet on the ground. He is a man of great physical strength and is likewise endowed with a strong intellect and a keen sense of humor. In brief, he is a typical American."

"I have served on the Pilgrim Tercentenary committee with Senator Harding for about a year and feel that I have had ample opportunity to make a careful estimate of the man. Our committee has held frequent conferences in Washington and has made several trips to Boston, Plymouth, Provincetown and other points on Massachusetts bay. In the sessions of the committee Senator Harding has impressed me as a man of sound business judgment, and in mingling with the public he has demonstrated his good nature and his broad and constructive ideas. The function of this committee is to arrange for the federal government's participation in the celebration of the 300th anniversary of the landing of the Mayflower."

**Harding Delighted by Gift of Hood River Cherries.**

Gift Sent by A. W. Bishop, Boyhood Friend of Senator—Nominee Declared to Be All-Around Man's Man.

HOOD RIVER, Or., Aug. 21.—(Special.)—A. W. Bishop, an engineer at the refrigerating plants of the Apple Growers' association, has just received a letter from his old playmate and boyhood companion, Senator Warren Harding, or "Doc" Harding, as the republican presidential nominee is known to men who grew to manhood with him in Marion, O. Mr. Bishop had a box of Hood River cherries to Senator Harding. The letter follows:

"For both myself and Mrs. Harding I want to write a grateful line of appreciation for your gift of the wonderful box of Oregon cherries. I wish you might know how much delight they have furnished us at our dining table."

Mr. Bishop, until he was 21 years old, was a close neighbor of the Harding family. Warren Harding's first purchase of the Marion Star, according to Mr. Bishop, the young man of the town made the office their rendezvous.

"On many occasions," declares Mr. Bishop, "I have turned the old hand press and run off a part of the day's papers. Warren Harding is an all-around man's man. He won the respect of his fellows when he was a youngster. We are still ready to fight for him."

### BAD CHECK CASE IS SET

Currin Avers He Thought Associate Had Money in Bank.

H. J. Currin and Hezekiah Robertson, who were arrested by Inspector Morak, charged with obtaining money under false pretenses in connection with the alleged passing of a number of bad checks, will have a hearing in the municipal court tomorrow.

### RESCUE WORKER RETURNS

Duties With Salvation Home.

Envoy Ole Gunderson, Salvation army worker, returned yesterday from El Paso, Tex., to assume duties with the rescue home of the Salvation army here. Envoy Gunderson was connected with the local rescue home for more than 12 years prior to his departure for the border city 14 months ago.

Rescue work was done by the envoy in El Paso. Friends in the Salvation army greeted him with a warm welcome yesterday.

### \$20,000 WANTED FOR MUSIC IN PORTLAND

Subscriptions for Symphony Orchestra Asked.

### RARE CONCERTS ASSURED

Amount Required Here Small Compared With Funds Raised in Many Other Cities.

The Portland symphony orchestra will need \$20,000 this year to meet the cost of the increased number of concerts, and more subscribers and larger subscriptions are necessary. Such is the statement of Guy W. Talbot, chairman of the finance committee, who is appealing to loyal Portlanders to make possible the most successful season of the organization.

In addition to six symphony concerts which will be given Wednesday evenings at the Helling theater, from November until April, several popular concerts will be given at the auditorium. In order to obtain the finest soloists possible, plans for this year must be perfected now, says Mr. Talbot.

Since the committee anticipates a considerable return from the public concerts a guarantee fund will be asked for this year rather than direct contributions. Any funds over and above expenses will be returned pro rata to subscribers. The guarantors are expected to pay for all tickets, but will have the privilege of reserving seats one day in advance of the public sale.

**Other Cities Raise Funds.**  
Other cities throughout the United States are raising large sums of money for next season's concerts. Among them are Los Angeles with a budget of \$125,000; Seattle, \$50,000; San Francisco, \$75,000; Minneapolis, \$55,000.

Kansas City, Mo., is planning to organize a symphony orchestra, calling for an annual appropriation of \$100,000 each year for three years. The construction of a large auditorium to house the orchestra is proposed, the founding of a musical conservatory and the organization of a committee to house the orchestra is proposed, the founding of a musical conservatory and the organization of a committee to house the orchestra is proposed.

Portland, however, has recently closed its most successful season. It is mentioned with the leading orchestras in the United States. In a recent issue of "Musical America" appears this statement:

**Los Angeles Has Two.**  
"Today Boston, Philadelphia, Rochester, Detroit, Cleveland, Cincinnati, Chicago, Minneapolis, St. Louis, San Francisco, Portland, Seattle and every important town of the country has its own permanently endowed orchestra. Los Angeles has two and New York maintains three principal ones."

After mentioning the large sums raised recently by other cities for symphony orchestras in their communities, Mr. Talbot asks in a letter which he is sending to citizens of Portland: "Is Portland, recently termed by a newspaper 'The Boston of the West', to fall in raising the relatively small sum of \$20,000?"

The board of directors is comprised of Mrs. Henry Corbett, Mrs. Robert Strong, Eric V. Hauser, W. P. Olds and Kurt Koehler. On the finance committee are Guy W. Talbot, Edgar B. Piper and Charles F. Berg. Mrs. M. Donald Spencer is business manager.

### NEW FIRE LAWS PLANNED

Ordinances Will Eliminate Possibility of Traps.

Changes in fire hazard conditions existing in rooming houses, hotels, apartment houses and other places in Portland are to be provided in an ordinance to be submitted to the city council, probably Wednesday.

Mayor Baker yesterday requested City Attorney LaRoche to prepare the ordinance in accordance with recommendations and findings of Fire Marshal Grenfell and Building Inspector Plummer, who were asked to investigate conditions following the recent Elton Court fire, in which four persons lost their lives.

The ordinance it will be prepared will require the protection of elevator shafts, laundry and other chutes, fire escapes, entrances to fire escapes and other parts of buildings where there is danger of persons being trapped in case of fire.

### THRESHING DONE 45 YEARS

Record of Sweet Home Resident is Considered Unique.

ALBANY, Or., Aug. 21.—(Special.)—This is the 45th consecutive year in which O. H. Russell, of Sweet Home, who served several years as county commissioner of Linn county, has had an interest in the ownership and operation of a threshing outfit. Probably no other man in Oregon can equal his record.

During each of these 45 years except one Mr. Russell has worked with and managed the machine during the threshing season. So he has a record of 44 active threshing seasons.
