

REDS TRY TO FIGHT OUT OF POLES' TRAP

Part of Third Soviet Cavalry Is Cornered.

TROOPS ARE NEAR BORDER

Ossowiec and Grajevo Taken by Pursuing Armies Which Continue Moving East.

WARSAW, Aug. 28.—(By the Associated Press.)—Part of the 3d Soviet Russian cavalry corps and a detachment of infantry, according to news from the northern front, today were still near the East Prussian border, trying to fight their way through the Poles. Near Miawa the Poles took 2000 prisoners and captured their guns.

The pursuing Polish armies have retaken Ossowiec and Grajevo and were continuing east. East of Brest-Litovsk the Poles captured 1200 Russian reinforcements.

Around Lemberg the Poles reached the outskirts of Krane and occupied Przemyslany.

POMP GREET'S POLE ENVOYS

Fantastic Uniforms Are Worn by Bolshevik Guards.

MINSK, Soviet Russia, Aug. 28.—(From the Associated Press staff correspondent with the armistice commission, via soviet wireless to Moscow, Aug. 23.)—The Polish peace delegates while on their way to Minsk to confer with the representatives of soviet Russia were picturesquely received after crossing the Russian lines.

The Poles were escorted along the highway in soviet automobiles of American make, containing fantastically garbed guards. The guards wore black leather uniforms and high, domelike pointed caps with fur flaps, each with a large red cockade. This uniform has been adopted by the guard of Leon Trotsky, the soviet minister of war and marine, and it is eventually intended to clothe the whole army thus.

The towns passed on the way to Minsk had already been sovietized. The citizens were taking up police duties and aiding the soviet soldiers. The latter were quiet and friendly with the peasants, who told the correspondent there was no looting or other violence and that women received every consideration.

The weather elements complained that goods requisitioned were not paid for, while the soviet reimbursed the peasants for everything taken. The Russians showed the utmost courtesy to the Polish delegates, but the Poles were reserved toward the Russians.

FLEEING REDS DECIMATED

Polish Artillery Does Effective Firing on Main Column.

WARSAW, Aug. 28.—(By the Associated Press.)—Polish artillery has decimated the principal column of retrograde soviet forces in the north-eastern front, said an official statement today. More than 400 men, including two general staff officers and 11 line officers, have been captured. Among the killed was the commander of the 87th bolshevik division and his chief of staff.

Detachments of the Polish 3d legion division, fighting east of the Bug river, near Brest-Litovsk, have become engaged in an energetic defensive action in anticipation of a soviet attack against that city.

Repeated bolshevik attacks in the region of Lemberg have been repulsed. The situation on the northern front is without change.

Negotiations May Be Shifted.

WARSAW, Aug. 28.—(By the Associated Press.)—The Russo-Polish peace negotiations will be shifted from Minsk, the soviet and Poles having agreed to a transfer. The Poles demanded that the negotiations be held in Riga, Latvia, while M. Tchicherin, the soviet foreign minister, favors some town in Estonia.

LODGE CONDEMNS LEAGUE

(Continued From First Page.)

"he said, 'he will not try to run this government by himself and for himself. Neither is he seeking to win by personal abuse dealing with some obscure charges about contributions. He is dealing with the great public questions.'

The democrats at the San Francisco convention meant to induce the administration in platform and repudiate it in the nominee, but by a strange turn of fate failed in the accomplishment of their purpose and with that failure went whatever chance there was of democratic success, Governor Coolidge asserted.

Scoff at U. S. Charged.

He said that it was recognized at San Francisco that the country had been brought by the management of its foreign affairs into contempt everywhere and that the people were tired of the situation, but that subsequent statements of the president and Governor Cox and Secretary Roosevelt's declaration that "their splendid accord and their high purpose are an inspiration," left no doubt in the public mind that they were in complete agreement on the league of nations issue.

Governor Coolidge said that while the issues of the present campaign have not been fully developed the conclusion appears unmistakable that the country "is not only weary of but completely exhausted by and disgusted with all doctrinaires and all visionaries. It is determined to seek restoration not by deserting its ideals but by turning to the substantial and practical. There is everywhere an unyielding determination that American must be restored, that her traditions must be re-established and her purposes reconstructed."
