

Thousands Know That No Other Light Car Gives So Much In Real Satisfaction

The Cleveland Six has won its place of favor among thousands of discriminating buyers by its splendid performance in daily service. There has been no appeal of weird claims, no stunt records. Those who sell the Cleveland sell it for what it really is, a distinctly better car. And those who buy it, buy it with the understanding and conviction that it is a better car, that it will serve them honestly.

The Cleveland has made its friends by its character. It is of sturdy construction, dignified in line, handsomely finished and alive with power. The exclusive Cleveland motor, quiet, pliant and powerful, the most highly refined of the enclosed overhead valve type, is foremost among light six motors. Its rapid acceleration, its pulling power which takes it flying over the hills and its economy of fuel, mark it as an unusual motor. Drivers who know motors by experience say there is no other like it.

You will be interested in the ease of handling your Cleveland, how lightly it steers, how easily it shifts and

at the instantly positive action of its brakes. And for comfort, the long underslung springs smooth out the roughest roads and add pleasure to country driving.

A real ride in the Cleveland will show you, better than we can tell you, what a good car the Cleveland is. A real ride will show you qualities that do not come with many other cars.

Beautiful body lines place the Cleveland above the usual plane in appearance. The open-car upholstery is of genuine hand-buffed leather. The sedan and coupe are upholstered in rich velour.
