Kennedy's total time was six minutes and 25 seconds. Harry Walters, riding his own string, was second with a total time of six minutes 33 and 4-5 seconds. Darrell Cannon, a close contestant for honors in this event, lost out yesterday when his horse jumped from the track and ran across the arena. Two hundred and fifty dollars, \$150 and \$100 are the prizes in this event.

Darrell Cannon, riding the Drumheller string, won the cowboys' relay race champlonship of the world today after having won the event the past two days of the show. This race was the best one of the day, and the lead was changed several times until Cannon made a lightning third change and won the event by a wide margin. His total time for the three days was 12 minutes 21 and 3-5 seconds. Scoop Martin on the Walters string was second, total time being 12 minutes, 33 and 4-5 seconds. Bob Liebe, on the Irwin string, was third with a total time of 12 minutes, 43 and 1-5 seconds. Five hundred dellars, 1300 and 1150 are the cash prizes. Experienced in Community Work.

T. L. Stanley, who has been manager of the Klamath county chamber of commerce for six months, has had about nine years' experience in community work, originally starting out after completing his work at the University of Illinois as farm adviser for a county in North Dakota, later developed under the name of county agents throughout the western states. He was also a federal labor commissioner in that state and more recently secretary of the chamber of commerce at Lewistown, Mont. He sees in the advancement of agriculture under county agents an inspiration for more effective chamber work. Mr. Stanley said: Experienced in Community Work.

SNAP-vim-"go"-exclusiveness-individuality-liveness-pep-alertness-all the qualities and characteristics demanded and enjoyed by those who set the pace and create the style of to-day are embodied in the new Haynes Special Speedster.

In every way it gratifies the eye and satisfies the heart of its owner. Complete to the last little detail, with either the famous six or twelve cylinder Haynes engine beneath the high, power-suggesting hood, it is an epoch-making car. Such a car must be built carefully and skillfully. Largequantity production is not pos- tion.
