Speech-Making and Vote-Getting Are Features of Student Body Elections in Scholastic Circles - Enrollment at Jefferson Climbs to 1825.

Weekly Publication Started by Benson Boys.

First Issue of "Tech Pep" Ap-peared During Week-New Foot-ball Equipment Put to Use.

BY HUBERT W. ESRY. HE first issue of the "Tech Pen." Benson's weekly newspaper, was published Tuesday. It is a bright, restly paper filled with snappy news items and lacking the usual number of aged jokes. There were a number of pertinent editorials and, for a new paper, a large number of advertisements. The faculty advisor, O. Athey and the editor-in-chief, Fruman Bailey, with his associates, Haller Pearson, Lea McPike and Charles O. Pick, deserve a great deal credit for the success of the

The first issue was given to the students as an introduction. From A important event was the very the present outlook there will be a A interesting assembly held last The Benson Heeneekis club, which

took a leading part in social activi-ties last term, held its first business meeting September 17. Officers for the coming term were nominated and number of applications for memship were referred to the investi-tion committee, the name, Heencekis, is of Indian brigin, meaning "equal to any," and the number and nature of its activi-

ties have shown the association werthy of its name. The club plans to make the coming year surpass all previous years in the brilliancy of its social doings. A great deal of equipment ordered

for the football team by Coach Phil-brook has arrived and is rapidly be-ing put into use. The latest to be received is a tackling dummy and a charging machine. Chester Giesy, William Glasco, Charles Cooper and

The blacksmith shop was enlarged during the summer vacation and Michael Nielsen has been selected as instructor in the shop to take e of the heavy enrollment. Mr. lsen has been with the Pacific

Bridge company for a number of years and also with the Willamette Iron & Steel works. He is specially fitted for this work, having a good knowledge of general blacksmithing.

J. G. Fontz has returned to his position in the mathematics departs. position in the mathematics departnt after a solourn on his farm. Fontz was greatly missed and it

is hoped he will remain with Benson. The January '21 class met Tues-ay for the first time this term. The members have an abundance of class spirit. The officers elected for the coming term are: President, Glenn Falrfax: vice-president, Carl Clase: secretary, Cyrus Lennox: trensurer, Kenneth Harvey; sergeantat-arms, Otto Mueller. O. T. Storli was the unanimous choice for fac-

president, secretary and treas-president, secretary and treas-der as faculty adviser was ac-president, secretary and treas-president, secretary and treas-president secretary and treas-president secretary and treas-treas-president secretary and treas-treas-treas-president secretary and treas-treas-president secretary and treas-treas-president secretary and treas-treas Wilder as faculty adviser was ac-pepted and F. A. Brainerd of the chemistry department was chosen to fill the position. The club considered a number of plans for its future ork and reached a decision regard

Benson this year has a most effi-dent fire squad which has conducted he drills with unprecedented speed. ed Lanpher, who headed the department last year, has again been gelected chief. The members are: Assistant Chief, Paul Feidman; fire-men, Duane Lawrence, Bue Hentze, Hubert Esry, James Gill, Anthony ldman, Morton Schilt and Walter Dachnel.

At the last meeting a number of members were initiated, includ- soon, for Tracey Colt, William Kretzer, under way.
