SCORE WOUNDED IN RIOTING IN BELFAST

Street Battle Rages Most of Afternoon and Early Night.

TROOPS FIRE INTO CROWD

Armed Men Kill Man in His Home and Leave Him Marked as "Traitor to Ireland."

BELFAST, Oct. 16.—Rioting in the Marrowbone district of North Belfast by Sinn Feiners and Unionists which started this afternoon broke out again tonight in a more serious form. Troops were obliged to fire into the crowd, killing John Gibson, shipyard worker. Fifteen persons were taken to hospitals.

Earlier in the day the Sinn Feiners used revolvers while the Unionists replied with stones. The number of casualties has not been announced, but it was learned that eight persons wounded by bullets had been admitted to hospitals, including a 4-year-old boy dangerously wounded.

Three policemen were injured with stones.

DUBLIN, Oct. 16.—A number of armed men knocked at the home of Peter O'Carroll early today and when he opened the door the sound of shots was heard by his wife. She found O'Carroll's body, with bullets in the head and a paper on which were the words: "A traitor to Ireland, shot by the I. R. A."

The O'Carroll home had previously been raided frequently by the military, searching for two sons of the family.

In another shooting affray several persons were wounded. A number of other persons were taken to hospitals as the result of clashes incident to military activity during the night.

Raids were continuing in Dublin today.

MAYOR MacSWINEY BETTER

Hunger Striker Reported to Have Had Fairly Good Night.

LONDON, Oct. 16.—Terence MacSwiney, the hunger striking lord mayor of Cork, was reported by the Brixton prison doctor as having passed a fairly good night, says a bulletin today by the Irish Self Determination league. This was the 65th day of the lord mayor's strike.

"He was much brighter this morning," the bulletin added, "but remains in a condition of infinite weakness."

A person closely connected with Lord Mayor MacSwiney stated that the MacSwiney family had received word through a churchman who recently had a 40-minute audience with Pope Benedict, 20 minutes of which were devoted to a discussion of the hunger strikers, that the pontiff does not regard the Irish hunger strikers as committing suicide, taking the attitude that the motive alone determines wheher such self destruction is justifiable.

HUNS DECLARED AMATEURS

De Valera Says British Frightfulness Beats Germans'.

OTTAWA, Oct. 16.—British authorities in Ireland are "putting everything the Germans were accused of doing to shame," Eamonn de Valera, "president of the Irish republic," declared in a letter received today at a conference of the Canadian Self Determination league for Ireland.

The letter, which Mr. De Valera sent from Washington, appealed for "self determination for Iseland" and also charged the British administration there with "indulging in an orgy of frightfulness."

"No peace can last which fails to recognize as universally applicable the right of nations to choose the governments under which they are living," it added.

IRISH REPUDIATE LEAGUE

Pact Declared to Make America Subordinate to League.

NEW YORK, Oct. 16.—Repudiation of the league of nations by the American people was urged in a resolution adopted by the National Council of the Friends of Irish Freedom, made public today.

The resolution declared the league is "an attempt to undermine and eventually to destroy the sovereignty of the United States and make it subordinate to a super-government controlled by the imperialistic powers of Europe and Asia, in whose councils England would have a controlling voice and influence."

The resolution declared "the time had come for crippling the resources of the English enemy and that no better weapon could be used on this side of the Atlantic than ceasing to trade with the enemy and purchasing American commodities instead."

Every Irish organization in America was urged to "give its best attention to this subject."

Londonderry Has Riot.

LONDONDERRY, Ireland, Oct. 16.—Scenes of wild disorder reoccurred here last night when a band of youths suddenly appeared and began firing pistols. They maintained a running fire and rival groups returned the shots. Pedestrians fled in terror. Soldiers cleared the street.

BOY CRITICALLY INJURED

Fred Stauffer, 14, Pinned Beneath Car Near Bend.

BEND, Or., Oct. 16.—(Special.)—Fred Stauffer, 14 years old, was critically injured near Bend when the light car in which he was riding left the road and turned over. Young Stauffer was pinned under the wreck. Four ribs were fractured, one being completely detached from his spine, while one of his lungs was penetrated by a sliver of bone from another broken rib.

The boy is being cared for at St. Charles hospital, where his condition is admitted to be serious. An older brother, Ray, in the car at the time of the accident, was unhurt.

AMUNDSEN DELAYED YEAR

(Continued From First Page.)

a member of the Stefansson expedition.

"Both ships are undoubtedly frozen in for the year," said Mr. Swenson.

Other Voyagers Fail.

The Amundsen expedition left the Scandinavian peninsula more than a year ago and in the Maude worked its way eastward through the Arctic waters to a point off Chaun bay on the remote north shore of Siberia. There the vessel was frozen in for the winter. By the middle of last summer she was able to resume the voyage eastward and later arrived in Nome in good condition.

Amundsen, who conquered the northwest passage a number of years ago and later discovered the south pole, added to his fame by the voyage from the Scandinavian peninsula to Nome through Arctic waters. He is the only man who has ever sailed across the top of both continents. Several expeditions have attempted to duplicate his voyage through the northwest passage, but all ended in failure.

Because of the westward movement of the Arctic ice pack at the end of the summer the natives of the Siberian coast face a hard winter, Mr. Swenson reports, the ice fields stretching so far out to sea that hunting will be extremely difficult.

Natives in Bad Way.

Open water is necessary for hunting in the Arctic, and it often extends almost to the shore in the early winter months. This year, however, the ice pack extended in solid masses 30 to 125 miles out from shore. This forced the native expeditions to make long and hazardous trips in search of their food supply.

At the end of summer food had become so scarce on the Arctic shores of Siberia that the dogs died by the hundreds, it being necessary for the natives to conserve all food supplies for their own use.

"The natives are in bad shape," said Mr. Swenson. "The ice closed in on the Russian side a month earlier than usual, and the natives were worried. I never before saw so much ice to the westward, and I fear that some of the natives may starve."

OPEN ROAD DEMANDED

OBSTRUCTION OF HIGHWAY BY RAILROAD OBJECTED TO.

State Highway Engineer Notifies Company Traffic Near Willamina Hindered.

SALEM, Or., Oct. 16.—(Special.)—Immediate opening of the Tillamook highway near Willamina, which Herbert Nunn, state highway engineer, in a communication sent recently to the Oregon public service commission alleged was in almost impassable condition because of operations of the Willamina & Grand Ronde Railroad company, was directed in a letter prepared here today by Fred G. Buchtel, chairman of the public service commission, and mailed to Otto J. Kraemer and T. C. Russell, attorney and engineer for the railway.

"The attention of this commission has been directed to adverse road conditions obtaining on the Tillamook highway near Willamina," said Mr. Buchtel's letter, "where your appropriation of the county highway for a distance of about 4000 feet has occasioned suspension of vehicle traffic by reason of the impassability of the detour provided. While we appreciate the difficulties encountered in construction, we also fully recognize the unfortunate predicament of the people of that territory, who must, perforce of circumstances, have constant use of this only artery of travel.

"We are mindful of the jurisdictional question involved, as alluded to in your letter of October 5, should any order issue at this time upon the phase of the question herein discussed. Irrespective of the jurisdictional question, we insist that prompt action be taken to permit a continued and uninterrupted flow of vehicle traffic over this highway between coast and valley points.

HUGE TURNIP IS GROWN

Vegetable at Cottage Grove Tips Scales at 20 Pounds.

COTTAGE GROVE, Or., Oct. 16.—(Special.)—Just to demonstrate that the Riverside farm can compete with any when the exigencies of the occasion require, John Hull, the owner of the farm, has put on exhibition a turnip weighing 20 pounds and having a 32-inch circumference measure.

This is the largest turnip from the patch, but he has many two-thirds that size.

School Superintendent Welcomed.

EUGENE, Or., Oct. 16.—(Special.)—The several parent-teacher associations of the city gave a public reception at the chamber of commerce tonight to E. F. Carleton, the new city superintendent of schools, and his wife as a welcome to Eugene. The affair was in the hands of a joint committee from the different associations. Several hundred citizens of the city were in attendance. Light refreshments were served during the evening.

ACHESON'S

World Beater Offer

for the opening of his new store at 92 Broadway, opposite Oregon hotel. Watch Tuesday's papers for the offer and act quickly Wednesday. Ladies' and men's suits to order.

Bremen Will Be Air Port.

BREMEN, Oct. 16.—Eleven million marks have been subscribed for the establishment of an air port here on a huge scale with an extensive aerodrome, custom house, hangars, repairing shops, signalling apparatus and every improvement to facilitate international aerial navigation. This will place Bremen in a far better position than Hamburg which has not exhibited the same interest in aviation.

Portland Girl, 17, Is Bride.

REDDING, Cal., Oct. 16.—(Special.)—Louis E. Jennings, 18, and Ada Horton, 17, from Ashland, Or., were married here today by Rev. C. G. Lucas. The bride lived in Portland up to two months ago.

Hood's Sarsaparilla
Makes Food Taste Good

Creates an appetite, aids digestion, purifies the blood, and thus relieves scrofula, catarrh, the pains and aches of rheumatism and gives strength to the whole system.

Nearly 50 years' phenomenal sales tell the story of the great merit and success of Hood's Sarsaparilla. It is just the medicine you need now. Hood's Pills help—fine cathartic.

there probably is no other topic of such general interest today as the motor car—its development and market conditions.

A great deal of interesting information may be gleaned through persistent reading of the classified advertisements being run in the paper by the Covey Motor Car company, who are among the largest used-car dealers in the northwest.

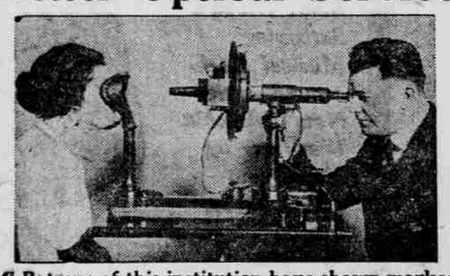
DANCING TAUGHT
ALL NEW STEPS AND POPULAR DANCES

taught in eight three-hour lessons. Ladies $3, gentlemen $5, at De Honey's beautiful academy, Twenty-third and Washington. Beginners' classes start Monday and Thursday evenings, advanced class Tuesday evening, 8 to 11:30. Best orchestra music. Plenty of desirable partners and practice. No embarrassment. Separate hall and extra teachers for backward pupils. A printed description of all dances free. The social feature alone is worth double the price. You can never become a dancer in private lessons from inferior teachers. You must have practice. Join a real school with professional instructors (not a public dance hall). Different from others. We teach almost all the Portland people to dance. Phone Main 7656. Private lessons all hours.

Better Optical Service



¶ Patrons of this institution have shown marked appreciation of the good work we have accomplished. A large majority of our new patients come to us on the recommendation of someone we have successfully fitted with glasses—some sufferer from headaches and strained nerves who has been relieved by our skill.
¶ Care of the eyes is one of the most important duties of everyone who aims to do his or her best in life. Good eyesight is essential to one's best efforts, and good glasses often lead to success.
¶ Nowhere in this vast country of wealth and resources will you find better facilities for a correct solution of your eyesight problems than here. The Thompson Institute is the most comprehensive optical establishment in the west for the betterment of your vision through the medium of properly fitted glasses.
¶ Your lenses ground on the premises.
