

ONE CHOICE ENOUGH IN VOTE FOR MAYOR

Preferential System Not Arbitrary as to Rule.

BALLOT MARKING SHOWN

"Single-Shot" for Commissioners Is Limit, Owing to Number of Candidates Running.

While voters may vote all three choices for mayor at the election Tuesday, it is not necessary to vote for more than one choice.

In Tuesday's election only first choice votes may be cast for commissioners.

One Choice "Single-Shooting." Voting only first choice is termed "single-shooting" and is permissible.

Election officials in counting the votes count first choice votes first. If any candidate has a majority of all the votes cast, he is elected.

System is Illustrated. The following shows the method of properly and improperly voting.

A first choice only should be voted where the voter favors only one candidate.

"Being handy with the hands is better than being handy with the tongue."—Painless Parker.

People should be judged by what they do rather than by what they say. A dentist's hands and the way he uses them are what make his dentistry good or bad.

Save Your Homes

THE UNDERSIGNED URGENTLY RECOMMEND APPROVAL of the BUILDING ZONE ORDINANCE (No. 500 on the November 2 Ballot) passed by the City Council March 17, 1920, as necessary to the welfare, convenience and prosperity of Portland.

THIS ORDINANCE WILL:

- Protect the home and home neighborhoods. Offer safe districts in which industries may be located without fear of protest and with every facility to do business. Prevent undue congestion of population. Insure better sanitary conditions. Simplify the problem of street traffic regulations.

We are satisfied that this Zone Ordinance was fairly drawn up by representatives of all parts of the city after a year's study. And it provides a method for promptly amending zone boundaries where growth of the city requires it, or changes are advisable, after consultation with property owners within 200 feet.

RECORD WINS OVER PORTLAND TO MANN

Voters Have Confidence in Candidate's Management.

ABUNDANT WATER FEAT

Manufacturers and Business Men Pledge Commissioner Their Backing on Tuesday.

Support to City Commissioner Mann, in his campaign for re-election is coming from all parts of the city, according to his campaign committee.

Letters by the hundreds have been sent to Commissioner Mann by these supporters, many of whom he has not met personally.

His campaign has been based solely upon his record. During his administration it is related that he provided for a water supply to Portland which, for the first time in recent history, allowed Portland to go through a summer without shortage.

Mann Has Lawns' Support. "In your campaign for re-election I do not think you have placed the proper emphasis on the fact that under your administration we have been allowed to sprinkle our lawns daily," writes Dr. Thomas W. Ross.

Manufacturers Give Backing. Manufacturers of the Kenton district have commended Commissioner Mann for his prompt action in supplying additional lights and providing an additional water supply as a protection against fire in that district.
