

BUILDING ACT URGED ON HOME OWNERS

City Planning Commission Issues Statement.

INDUSTRY ZONE PROVIDED

House Holders Said to Be Protected From Invasion by Factories and Manufacturers.

The building zone ordinance, which the voters will pass upon at the election Tuesday...

The statement gives an explanation of the manner in which the ordinance will apply...

To the People of Portland: The zoning ordinance, which is to be voted upon at the November election...

Conditions Year Ago Same. The same reasons which impelled the city council to appoint this commission...

Zone Ordinances Have Been in Operation for some time in Tacoma, Oakland, Alameda, Berkeley, Los Angeles, St. Louis, New York City...

No city that has once tried zoning regulations has ever abandoned them, so far as we can find.

This ordinance establishes as permanent business centers the large downtown and east side centers, and also practically all the small local store centers...

3000 Acres in Zones. More than 3000 acres of industrial zones are established during the recent war...

All existing hotels, apartment houses and flats of Portland cover today only 250 blocks of the city.

80 Per Cent Buildings Homes. Portland's greatest asset is the fact that 80 per cent of all buildings in the city today are single family homes.

Realizing that Portland is a young and rapidly growing city, an easy method of amendment of zone boundaries is provided...

Owners Realize Protection. From reports of property owners made to us in their neighborhood meetings, it is more than ever evident that the protection to be gained from the passage of such a zone ordinance will be very great.

Measured in dollars and cents, we estimate roughly that it will prevent depreciation of residential properties and taxable returns to the city, amounting to many hundreds of thousands of dollars in the next five years.

Measured in human health, comfort, convenience and safety gained, there is little favorable comparison possible for the present health, comfort and mixed-up conditions existing in certain parts of Portland and possible all over the city unless a zone ordinance is adopted.

We recommend voting 500 X Yes. Respectfully submitted, Portland City Planning Commission.

J. C. AINSWORTH, R. W. SHERMAN, E. B. MACNAUGHTON, A. E. DOYLE, A. F. FLEGEL, W. F. HARRIS, O. LAURGAARD, I. R. A. POWERS.

GRAND JURY REPORTS Fifty Cases Examined During September Session of Jurors.

Fifty cases were examined during October by the grand jury in the circuit court which made its final report yesterday.

Seven secret indictments were also included in the lot returned yesterday. There were also two against John Haseelwood charged with larceny, and John Dewey Smith, charged with larceny by bailie.

The grand jury visited numerous county and city institutions and its report cited the need for purchase of more property to house the Frazier detention home.

WOMAN SHOPPER FLEES Meier & Frank Detective Pursues Alleged Shoplifter.

A thrilling chase through Meier & Frank's department store, crowded with Saturday shoppers, ended in the arrest yesterday afternoon of Mrs. Lucile Hudson, 878 Fremont street, alleged to have been detected in a clever scheme by changing purchases to accounts of other customers.

Mrs. Hudson broke away from the house detective who sought to detain her, and unsuccessfully attempted to make her escape through the crowd.

SCHOOL'S WORK PRAISED Colonel Falls Pleased With Showing at Military Academy.

Colonel M. N. Falls, in charge of the educational military training of the

ninth zone area, the western division, under General Liggett, was in Portland yesterday. He came to inspect Hill Military academy. Colonel Falls expressed himself as well pleased with the academy, the cadets and their training.

Colonel W. H. C. Bowen, U. S. A., retired, entertained at luncheon at the Benson hotel after the inspection for Colonel Falls and Joseph A. Hill, president of the academy.
