SENATORIAL CANDIDATE DE-CLARES ELECTION CERTAIN.

Republican Nominee Is in High Spirits After Tour Through

Eastern Oregon.

Except for a speech Monday night at The Dalles, this will conclude his campaign.

Mr. Palmer yesterday announced the selection of shop and factory committees as follows:

"The voters of Oregon will not be deceived by such methods. They are determined that a republican president shall be backed by a republican United States senator from Oregon. They want a full republican programme, including the repeal of the democratic Underwood tariff law, which permits and encourages the dumping into this country duty free, at prices ruinously low to American producers, of wheat from Canada, wool from Australia, meat from South America, lumber and shingles from British Columbia, eggs from Australia and China, butter from New Zealand, to compete with our own Oregon products in their home markets."
