

# HARDING TO SWEEP STATE, SAY EDITORS

Counties Report Sentiment Strong for Party.

STANFIELD ALSO TO WIN

Idea Everywhere Seems to Be to Give New President Senate That Will Help Him.

Editors, requested by Republican State Chairman Tongue for a forecast of the election in their county, have been telegraphing their surmises and they predict the success of Harding and Stanfield, with the latter running somewhat behind the presidential ticket.

A glance over the reports, published herewith, discloses various reasons for supporting the republican ticket. In some localities the league of nations is important and in others the league is not considered. The tariff appears to be in the same position, and then there is dissatisfaction with the administration and desire for a change. The editors report as follows:

**Roseburg**—Senator Harding will carry Douglas county for president by a plurality of 2000, while H. N. Stanfield for United States senator will have a plurality of fully 1000 over his opponent, George E. Chamberlain. According to a careful survey of the political outlook here, the issue uppermost in the minds of the people of Douglas county is to get back to a sane, safe and conservative government, and believing this can be done through a republican administration only, both Senator Harding and Mr. Stanfield will be given substantial majorities in this county.

—R. W. Bates, editor Roseburg Review.

**Marion Lead Gives us 7000.**

Salem—My estimate of Marion county follows: Harding, plurality 7000; Stanfield's 4000. People want clean sweep, economic and business administration, and a protective tariff.—R. J. Hendricks, editor Statesman.

**Hood River**—Hood River county will give Harding a majority over all other candidates of at least 2000 votes. Indications point to at least 1900 votes more than Cox. On last Sunday I predicted that Hood River county would go strongly for Chamberlain, although two-thirds of her votes are registered republicans. Today sentiment of electors indicates that Hood River is doubtful. It is very certain that the appeals made from national and state republican headquarters have exerted a strong influence and if the tide these appeals have started toward Stanfield continues he will win the county by a good vote. The reason for the trend of voters' sentiment can be summed briefly: They want a change in national administration, and the average republican elector desires that Harding have the support of a republican senate. D. Thomson, editor of the Glacier.

**Umatilla for Harding.**

Pendleton—Harding will carry Umatilla county by at least 2000 plurality. The senatorial race will be close. Stanfield will probably carry the county by 1200. Democrats and democratic press in Umatilla county are centering their campaign upon the league of nations, but the tariff is the real issue which sways the voters of this large and wide producing county. Less than 50 per cent of the wheat crop has been sold and the prevailing price is far under cost of production.—Harry L. Kuck, Editor Tribune.

**Toledo**—Harding will carry Lincoln county by 800 majority. Stanfield will also win here, but the majority will be small. People are against the league of nations as it now stands.—F. N. Hayden, Editor Lincoln County Leader.

**Tillamook**—Harding will carry Tillamook county with a plurality of 1900 votes. With a full vote cast this will be increased to from 1200 to 1300 plurality. Stanfield will have a plurality of 800 and may reach 1000 with nearly a full vote cast. General dissatisfaction with the democratic administration is the issue here.—F. C. Baker, editor Headlight.

**Josephine to Give 1000.**

Grants Pass—Senator Harding will carry Josephine county by 1000. Stanfield 500 to 1000. Democratic extravagance in administration is the issue.—A. S. Coutant, editor Observer.

**McMinnville**—Harding's plurality in Yamhill county is estimated at 1600. Stanfield may lead Chamberlain by from 300 to 500. League of nations is the issue here and tariff figures some. It is hard to estimate the woman's vote.—J. G. Eekman, editor Telephone Register.

**Hillsboro**—Harding will carry Washington county by 5000 and Stanfield by 1500. Estimate being based on same percentage of registered vote cast as in 1914. In that year Chamberlain carried this county by small margin, but part of republican vote went to Hanley. The issue influencing voters in the present election is the determination to bring

about a sweeping change in administration and many who registered as republicans and voted for Chamberlain six years ago, have declared their intention to vote the straight republican ticket.—S. C. Killen, editor Independent.

**Democrats, Too, for Harding.**

Albany—Linn county has a registration of 12,341, of which the republican and democratic parties have 12,254. Two-thirds of this number register republican and one-third democratic.

Sentiment here seems to indicate that Mr. Harding will carry the full party vote plus many of the best informed democrats, many democrats, especially business men, openly stating that they want a change of administration. I estimate that Mr. Harding's plurality in Linn county will be over 2000. This estimate makes allowance for the usual failure of people to exercise their right of franchise.

It seems certain that Mr. Stanfield will carry Linn county, but leaders here fear that his plurality will be less than that of Mr. Harding's on account of Linn county being the former home of Senator Chamberlain. However, many of Mr. Chamberlain's closest friends here are working tooth and nail for Mr. Stanfield now that they see that the chance for the passage of republican legislation to give the people relief sorely needed may depend on Oregon's senatorial choice. The general cry in Linn county is: "Give Mr. Harding a republican senate."

Linn county people are opposed to America becoming a member of the league of nations. They want a tariff to protect the labor and farm products of this country; they want taxes rearranged so as to cut the high cost of living and the big majority here are strong for a full slate of republican principles. One of the greatest influences noticeable here is the desire of the people for a return to an American administration. They want the government to be run by the American people and they want honesty, economy and sane management. This cry can be heard hundreds of times every day by any one who is out in the country.—E. M. Reagan, Albany Herald.

**Medford**—Believe Harding will carry Jackson county by 1500 majority and that Stanfield will win by close margin, possibly 200. A republican will be the chief concern of the people.—Delbert Fehl, editor Pacific Record-Herald.

**Grant for Stanfield.**

Prarie City—President Harding will carry Grant county by a plurality of 800; Stanfield by a plurality of 100. People are for protective tariff and against league of nations.—Grant County Journal.

**Burns**—Harding will carry Harney county by 2000 more. Protective tariff is the big issue.—Harney County News.

**Clatsop**—Harding will carry Gilliam county by at least 2 to 1, possibly more. Stanfield has gained greatly in the past two weeks and will poll a good vote. May carry the county by a narrow margin, whereas a short time ago Chamberlain would have won. Big league much discussed, but people of all beliefs on it will vote for Harding. Tariff deemed biggest issue of eastern Oregon.—Geo. H. Plago, editor Clatsop Times.

**Corvallis**—In my judgment Harding will carry Benton county by 1200, Stanfield will carry it by 450. The issues here are the tariff in the country and the league and tariff in the city.—C. E. Ingalls, editor Gazette-Times.

**Tariff Issue in Wasco.**

Dufur—Very conservative estimate gives Harding 1600 majority in Wasco. Stanfield 200. Underwood tariff and democratic inefficiency are the issues. Desire for complete change.—P. C. Queen, editor Dufur Dispatch.

**Heppner**—We are striving to send home some lasting points, especially Mr. Stanfield back to Washington to give us representation during the new republican administration. If Mr. Stanfield does not run away ahead of his opponent in Morrow county, we will not only be disappointed and chagrined, we will be mightily surprised. So far as the national ticket is concerned, there is not a question of a doubt.—Arthur R. Crawford, editor Gazette-Times.

**Grants Pass**—Josephine county estimate Harding victory by 1000 and Stanfield by very small plurality. Issue here is anti-administration and people want change.—A. E. Voorhies, editor Courier.

**Taxes Cause Trouble.**

The Dalles—President Harding will have a plurality of 2000 in Wasco.

**Port Consolidation**

To vote for 310 X Yes and 510 X Yes on the ballot Tuesday proves that you want Portland advanced to the front rank as a port and to become a contender for world trade. Vote both.

For Senator, Stanfield, plurality 590.

Issues are extravagance, league and tariff.—Alvin L. Bucklin, editor of Chronicle.

**Wallowa**—Harding will carry Wallowa county by 490 majority. It looks like Stanfield by small margin. People dissatisfied with democratic mismanagement and high taxation. Farmers and stockmen want a protective tariff.—J. M. Eledsoe, editor Sun.

**Yale**—Harding will carry Malheur county with a majority of 1900 or almost 2 to 1 of 4100 registration. Stanfield and Chamberlain race will be close in Malheur county. I estimate election of Stanfield by 500 to 1000 plurality. Voters have been and

swayed by invasion of Argentine beef and foreign products with no sale for hay, beef, wool and grain. They see need for protective tariff.—William Francis Seaman, managing editor Malheur Enterprise.

**St. Helens**—Unquestionably Harding will carry Columbia county by a plurality of 900. Stanfield will carry the county by 450 plurality. Democratic inefficiency is paramount issue. Columbia county is safe for sauciness.—S. C. Morton, editor Mist.

**Tillamook Officials Nominated.**

TILLAMOOK, Or., Oct. 30.—(Special.)—A city caucus was held here Tuesday. The following were nominated: Mayor,

Sam Moulton; treasurer, Leslie Harrison; councilmen, Roy Wilson, Dr. Hoy, F. W. Talbot, Fred Christensen and Charles Johnson.
