

Women's Activities

Mrs. E. H. Collins, *Coordinator of the Division of Red Cross Workers.*

WOMEN in industrial pursuits and those who reside on farm homes were given special recognition at the recent meeting of the Council of the General Federation of Women's Clubs, held in Washington, D. C., on September 10, according to Mrs. Ida B. Callahan, president of the Oregon State Federation of Women's Organizations, who attended the council.

Members of the Oregon federation are keenly interested in the new departures and in the appointment of those who will direct the broadened work. Mrs. W. S. Jennings of Florida, first vice-president of the council, was named as director of agricultural interests in their relation to women, while Mrs. J. H. Schermerhorn of New Jersey was appointed director of the work of women in industry, and will immediately begin the establishment of a volunteer social service bureau in each community.

Mrs. Jennings will work in close connection with the states relation bureau service and the home economics extension division of the land grant colleges. She will have as her assistants a home demonstration worker for each state and if possible one who will take the part-time social service work.

"What will this work mean to us?" asks Mrs. Callahan. "The Oregon Federation, in a recent statement to club women of this state, it will mean whatever the federated clubs of Oregon wish to make it. The work of which Mrs. Jennings is director is already fairly well started in Oregon and now she is asked to become better acquainted with it and give it our hearty support. Five counties have already home demonstration agents, and it is hoped that the number will increase. The women of the rural communities will then have the advice and help of trained workers in all the various lines of home economics. Further announcements will be made of the work of women in industry."

"May I not ask your serious consideration of this matter and your earnest support of this constructive movement which was inaugurated by the General Federation of Women's Clubs? That Oregon should take the lead in this work is my most earnest wish."

Rheumatism A Remarkable Home Treatment Given by One Who Had It

In the spring of 1913 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedies after remedy, and finally I found a remedy that cured me completely. It was Scott's Emulsion. I have given it to a number who were troubled with rheumatism, some of them 70 to 80 years old, and results were the same as in my own case. I want every sufferer from any form of rheumatism to try this marvelous healing power. Don't send me money, but send your name and address and I will send it free to try. After you have used it and have proven itself to be that long-looked-for remedy, you may send the price of it, one dollar, to me. I will send you a bottle free of charge.
