

HOUSE SPEAKER WHO KNOWS WEST SOUGHT

Move Afoot for Dr. Fess to Succeed Gillette.

RECLAMATION AID WANTED

Western Members of Congress Inaugurate Plan to Care for Development Interests.

THE OREGONIAN NEWS BUREAU, Washington, Nov. 13.—A movement among western members of congress to make a change in the speakership of the house in the interest of the special projects of the west, good roads, reclamation and water power development, is gathering some momentum.

Dr. Simon D. Fess of Ohio is picked as the beneficiary of this move. There is no particular opposition to Speaker Gillette, but there is a feeling that a New England man cannot possess the deep sympathy with the problems of the west that is needed at this time.

Dr. Fess for several years has been chairman of the national republican congressional campaign committee.

In 1918 and again in 1920 he has obtained the election of a very strongly republican house and his name is put forward as the logical man from the middle west familiar with and sympathetic to the needs of the whole country and particularly the west.

When Speaker Gillette was elected Dr. Fess was a tentative candidate but withdrew in the interest of party harmony and the plan is now to make Mr. Gillette chairman of the ways and means committee or one of the other important committees of the house.

From Ohio comes additional pressure for the elevation of Dr. Fess to the speakership. Two years ago now the republicans expect to elect a successor to Senator Pomerene, a democrat. If Speaker Gillette in the speaker's chair he will be the logical candidate for the toga now held by the democratic senator from Ohio.

Initial Steps Being Taken. There are men who would like to step into Pomerene's shoes and there is no chance for them unless Dr. Fess is eliminated by promotion. Already as the western republicans in congress begin to arrive the initial steps in this campaign are being taken and it is more than probable that the plan will succeed.

Representative Fess, who was formerly president of Antioch college, ranks as the great scholar of the house and is especially an authority on history. He has written several books, but notwithstanding his long years in a school room, he possesses remarkable ability on the stump, being a brilliant orator.

Obituary.

Leonidas Renshaw, 81, who died at his home in Portland, November 11, was born at McClellanstown, Pa., February 2, 1839. When 15 years old he moved with his parents to Coleburg, Ia., where he spent most of his early manhood. On Christmas day, 1860, he married Mariette Alger, who died in 1866. A year later he married Angeline Alger and moved with his family to a farm in Madison county, Iowa, where he lived until his retirement in 1894. Mr. Renshaw came to Portland to visit a daughter, Mrs. R. T. Dabney, in 1905 and remained here until his death.

Mr. Renshaw is survived by his widow and six children of a family of ten, 21 grandchildren and three great-grandchildren.

Mrs. Clara Livermore Davidson, 78, who died at her home at Oswego on November 7, was born in Indiana on February 5, 1842. In 1865 she came to Oregon and in 1869 was married to Lucian Davidson in Yamhill county. Four years later the couple moved to Oswego, where they have resided continuously in the same residence for 47 years.

Mrs. Davidson is survived by her husband, four sons and one daughter. ROSEBURG, Or., Nov. 13.—(Special.)—Mrs. Dale Cutsforth, 24 years old, died here today. She formerly lived at Riddle, but for the last year

has been in Arizona for the benefit of her health. She is survived by her husband, who is employed by the Southern Pacific company at Cottage Grove; her father, William Hartley, who lives in Washington; a sister, Mrs. Edna Brown, of Reedsport, and three little sons. SALEM, Or., Nov. 13.—(Special.)—Charles Ross Ficklin, formerly of Salem, was accidentally killed near Hyder, Alaska, last Monday, according to a telegram received here today. He was a taxicab driver. Mr. Ficklin's parents live at Falls City. He also is survived by two children, one brother and two sisters, Mrs. C. J. Ramsden and Mrs. Walter Taylor of Salem. The body will be brought here for burial, leaving Seward on the first boat from that port.

OREGON'S WORK LAUDED

VOCATIONAL TRAINING HERE PRAISED BY DIRECTOR.

Frank H. Shepard Says State Has Done More to Help Cause Than Any Other.

OREGON AGRICULTURAL COLLEGE, Corvallis, Nov. 13.—(Special.)—Professor Frank H. Shepard of the Oregon Agricultural college, state director of federal vocational rehabilitation, has just returned from the Rocky mountain and Pacific states conference, held in Salt Lake City, Utah. Representatives from each state in the west discussed the vocational training, organization, administration and methods of handling the men who are receiving their education from government.

Money was appropriated on June 3, 1920, by the federal government for the first time to take up this work and obtain an education. This year each state was entitled to \$5000 provided it matched the federal sum dollar for dollar. The 1921 federal allowance will be \$75,000.

"The state of Oregon was one of the first to take up this work and has done more towards helping it along than any other state," said Professor Shepard, J. A. Churchill, superintendent of public instruction, was chairman of the board now working with the state industrial accident commission. There are now 43 men receiving training in the various schools of the state. Others on the board are Mrs. George McMuth, David M. Dunne, O. B. Hartwig and F. B. Ingles.

OREGON STUDENTS SCORE

Livestock Judging Team Wins Intercollegiate Contest.

OREGON AGRICULTURAL COLLEGE, Corvallis, Nov. 13.—(Special.)—The Oregon Agricultural college student livestock judging team won the intercollegiate contest held this week at the Northwest Livestock show at Lewiston, Idaho. Other colleges having teams in the contest were the University of Idaho and Washington State college.

Oregon's team scored 7611 points against 7591 for Idaho and 7495 for Washington State. Ernest C. Arthur of McKinville was high point man with 1556 points out of a possible 1800. Other members of the Oregon Agricultural college team were John E. Robinson, Idaho; Raymond Badger, Ashland, Or.; Frank K. Brown, Walla Walla, Wash.; and Glen Hoag of Salem, while Gilbert Loy of Buena Vista, Or. was alternate.

Pomona Grange Elects Officers.

MANCUEVER, Wash., Nov. 13.—(Special.)—C. P. Bush was elected master of the Clarke County Pomona grange; E. O. Harlan, overseer; L. T. Smith, lecturer; J. T. Harris, steward; L. F. Allen, assistant steward; Mrs. C. J. Bush, chaplain; Mrs. Nettie McCafferty, secretary; Jacob Harter, gate keeper; Mrs. Lulu Lightly, Pomona; Mrs. Julia Rowe, Julia; Mrs. Genevieve Sykes, lady assistant steward, at the meeting this week. The next meeting of the grange will be held at the Snake Shore Grange hall in February, 1921.

Human courage should rise to the height of human calamity.—General Robert E. Lee.

PACIFIC COAST GETS 2 IN SHIPPING BODY

Admiral Benson Continues Chairman of Board.

TEAL AND ROMELL NAMED

Senate May Not Confirm Action of President Which Gives Democrats Majority of Organization.

WASHINGTON, Nov. 13.—Reappointment of Rear-Admiral W. S. Benson as chairman of the shipping board was announced today at the White House. At the same time announcement was made of the appointment of six other members of the new board authorized by the merchant marine act.

The other six members are: Frederick I. Thompson, Alabama, democrat, term of five years. Joseph N. Teal, Oregon, democrat, term of four years. Joseph N. Donald, New York, democrat, term of three years. Chester H. Howell, California, republican, term of two years. Guy D. Goff, Wisconsin, republican, term of two years. Charles Sutter, Missouri, republican, term of two years.

Admiral Benson is appointed from the senate.

LEGS, BACK AND SHOULDERS ACHED

This Illinois Man Tells His Experience Fighting Rheumatism

"I took medicine for years for my rheumatism, but I might as well have thrown my money in the street for all the good it did me," said Mr. Charles Schauer of No. 53 Iroquois street, Freeport, Ill.

As Mr. Schauer is now free from rheumatism an account of his experience will interest those who still suffer.

"My legs from the knees down were always cold and they ached. The muscles were sore and the cords stiff. When I bent my knees they seemed to grate. I had a continual backache and pain in the shoulders.

"My circulation was so poor that my hands and feet would get numb and I would have to rub them. I had so much pain that my nights were restless.

"After years of useless effort to get well I read about Dr. Williams' Pink Pills and got a box. I thought the pills helped me and bought a second box. By the time I had used that one I felt more at ease and slept better. By the time I had taken six boxes the pain in my back and shoulders had left me and I was on the road to recovery. My hands and feet were no longer cold, the sores in my nose had healed and I am recommending Dr. Williams' Pink Pills to everyone who has rheumatic pains or who suffers from poor circulation of the blood."

Dr. Williams' Pink Pills enrich the blood by enabling it to absorb more oxygen. This oxygen burns up the poisons of rheumatism and other impurities. By keeping the blood rich and red you protect yourself against relapses which are the rule where the blood is thin and impure.

Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, postpaid, on receipt of price, 60 cents per box. Write to the Dr. Williams' Medicine Co., Schenectady, N. Y., for free booklet, "Building Up the Blood," containing a special chapter on the treatment of rheumatism.—Adv.

Georgia, as a democrat, and his term is for six years. The appointments are recess ones and the nominations under the law are subject to approval by the senate. Two Members Reappointed. The chairman and Mr. Donald are reappointed from the present board, while the selection of Mr. Thompson and Mr. Teal was made some time ago, but was not announced because some of the members appointed then declined to serve. The included Theodore Marburg of Baltimore, Gavin McNab of San Francisco and Martin Gillen of Wisconsin. Under the law not more than four members of the board can be of any one political party. Four democrats and three republicans have been appointed, but in some quarters today doubt was expressed whether the republican senate would approve this political alignment in view of the fact that a republican administration will come into power on next March 4. It was regarded as possible that action on the nominations would be held up until after March 4. Immediate organization of the new board is looked for, as a number of policies with respect to the government-owned merchant marine laid down in the merchant marine act cannot be carried into effect until the full board has begun to function. Much of the preliminary work, however, has been done by the present board. Since congress failed to make a specific appropriation for the salaries of the members of the new board, they are not expected to draw any pay until congress at its next session has made funds available. The salaries fixed by law are \$12,000 for each commissioner. Members of the board must devote all their time to the duties of their office and they must divest themselves from any interest which they may have in the shipping industry. FAIR TREATMENT ASSURED Mr. Dodson Believes Mr. Teal Will See to Port's Rights. "With the selection by President

Wilson of Joseph N. Teal as a member of the United States shipping board, I feel that Portland and its tributary trading radius will receive absolutely fair and just treatment and that our worst troubles on the score of unfair and discriminatory actions against us will cease," said W. D. B. Dodson, general manager of the Chamber of Commerce, upon his arrival from Washington at 7 o'clock last night. Mr. Dodson had been absent on special missions for the chamber for about five and one-half months and expressed great pleasure at being in his home city once more. He has no immediate plans for any future eastern trips, but said he will advise with his board of directors as to future activity along this line. His own impression, he said, is that with Mr. Teal's appointment to the shipping board, the interests of Portland and its trading territory will be well cared for as to ships and with relation to a square deal all around, insofar as it lies within Mr. Teal's sphere of influence as a member. "I really feel quite confident of the

future," said Mr. Dodson. "Things look good to me, now that Mr. Teal has been given a position on the shipping board and with the assurances already gained from authorities at Washington that we shall get fair treatment, I am assured by high officers of the board that our case will be well cared for from now on, that we shall have ample ships for our needs and that no discrimination will be practiced against us. "I went to Washington for the fight for our shipping rights and return with the firm belief that we have won our point; that we were right in our position that we should not be subjected to the unpeppable humiliation and unfairness of being put into the Seattle district, where our port would be dominated by unfriendly interests to our great detriment, and that we have proved we were right. The first great victory was had when Mr. Teal obtained the California district and the appointment to the shipping board. "I now have assurance that this

port will not be compelled to compete with privately-owned vessels in the oriental service by shipping board steamers; that a readjustment will be made in due time and that the coast-wise feeder service in the orient will be so conducted that we shall have fair treatment on that score." There is a sort of industrial depression in the east and south, Mr. Dodson said, but that this will adjust itself and that prosperity will replace it very soon, is the prevailing opinion in business circles. As a beginning toward what it is hoped is a permanent organization designed to weld together ports in territory not dominated by the great ship-operating companies, Mr. Dodson said that representatives of 32 states have decided to co-operate in obtaining fair treatment from the government. This association of interests is expected, he said, to result in great good to the communities interested, as by a union of their strength it is believed they will be able to make their influence felt far better than they could individually.
