

SINN FEIN LEADERS BEHIND PRISON BARS

Griffith and Dugan Taken to
Mount Joy Bastille.

INTERMENT IS HINTED

Government May Establish Camp
Where Members of Irish "Army"
Will Be Isolated After Arrest.

DUBLIN, Nov. 27.—Arthur Griffith, head of the Sinn Fein, and E. J. Dugan, Sinn Fein member of parliament, have been taken to Mount Joy prison. It has not been decided whether they will be among those selected for the Ballykinlar internment camp. Interment there, according to the authorities, would be a "concession," as heretofore such prisoners have been held merely as "common criminals."

A part of the military returning from an inquiry outside Fermoy was ambushed three miles from that town last evening and two soldiers killed and three wounded.

There are no football matches scheduled for tomorrow, such as last Sunday, which, the officials claim, served as a "cover" for the operations of the "murder gang."

Unusual activity was displayed by the crown forces today and the thorough searching of prisoners down town indicated that the authorities were taking all precautions.

What is described as the first of many internment camps for the Irish republican army, it is authoritatively stated, will be brought into operation shortly. It is situated at Ballykinlar, in Dundrum, county Down, and is capable of accommodating 1000 prisoners. It is asserted prisoners will be liable to be interned without trial and that membership in the Irish republican army will be sufficient reason for internment. Other camps are in course of preparation.

Further raids occurred in Dublin today. It is reported that the roundup of the last seven days has resulted in 200 arrests.

'PLOTS' LEAD TO BARRICADES
Sinn Fein Conspiracy to Bomb Government Buildings Alleged.

LONDON, Nov. 27.—(By the Associated Press).—The seizure during raids in Ireland of Sinn Fein documents alleged to give details of a conspiracy for damaging buildings in England was said today in police circles to be the cause of the erection of the formidable barricades which have been put at the entrances of Downing street and King Charles street.

Police stated that numerous acts of terrorism were being planned. According to published reports, members of the government have received threatening letters, but the officials are maintaining silence.

In one case, according to the police, motor cars were to have been employed to transport bombers to carry out the destruction of the government buildings.

After the erection last night of barriers eight feet high to exclude the public from Downing street, the houses of parliament were closed to the public today.

This action followed the detention of a strange man in the lobby of the house of commons yesterday, though no official statement has been issued. The Evening Standard says it has reason to believe the action has an important bearing on sinister Sinn Fein activities in this country.

Sir Edward Carson, Ulster unionist leader, has declined an invitation from the committee of 100 in the United States which is giving hearings on conditions in Ireland, asking him to attend sessions of the committee's commission of seven in Washington.

STORES IN CORK ARE BOMBED
Property Valued at \$250,000 Is Destroyed by Flames.

CORK, Nov. 27.—The drapery stores in St. Patrick's street here were completely destroyed by fire today, following a number of bomb explosions. The damage is estimated at \$250,000.

Reports alleged that "Black and Tan" at the point of revolvers prevented the fire fighters' operations and later ordered all the volunteer helpers away from the scene.

In Tipperary the Sinn Fein clubrooms were burned.

Several other buildings were badly damaged. The residents were startled by frequent explosions, smashing of glass and occasional shots during the early hours of the morning.
