## "Yum Yum" Stunt Takes Annual Show Honors.

### ALPHA CHI IS SECOND

Thetas Receive Second Honorable Mention, Pi Phis Third—200 Co-eds Take Part.

OREGON AGRICULTURAL COLLEGE, Corvallis, March 5.—(Special.)—Delta Delta Delta sorority with a stunt called "Yum Yum" won first place in the women's annual stunt show given at the college tonight.

Delta Delta Delta won first place in two previous stunts and becomes permanent owner of the cup given by Mary E. Fawcett, dean of women. The feature of the stunt was a birthday cake. Each place when cut by cloths turned into a "Yum Yum" stunt.

First honorable mention was awarded to Alpha Chi Omega, whose stunt described "Yum Yum" as seen in Pullman sleeper featuring a bevy of co-eds on their way to O. A. C. Alpha Chi Omega won a prize of \$20 awarded by A. J. Johnson of Corvallis.

**"Take a Chance"** staged by Kappa Alpha Theta, took second honorable mention. The stunt of \$19 was awarded by Mr. Johnson.

Phi Beta Phi with "Oh, Goodness Me" won third honorable mention. The stunt of \$19 was given by W. M. Ball of Corvallis.

Other stunts which won hearty approval were: "Oh, Goodness Me" by Chi Omega; "See What We're Coming to" by Gamma Phi Beta; "Kampus Kangaroo Court" by Xi Beta; "Badger" by Gamma Iota; "College Utopia" by Alpha Xi Delta; "Under My Hat" by Sigma Kappa; "Oh" by Delta Zeta; "Who Knows" by Delta Nu; "She Stoops to Conquer" by Cauthorn Hall; "Doll Shop" by Waldo Hall; "Ancient versus Modern Girl" by Alpha Eta.

The stunts were judged on originality, finish, promptness, time and attractiveness. The judges, whose names were withheld until after the show, were: Bishop Walter D. Sumner of Portland, Professor F. L. Davis of the faculty at J. J. J. J., director of the extension division.

More than 200 girls, representing 16 sororities and clubs, took part. Competition was keen owing to the fact that Delta Delta Delta and Kappa Alpha Theta had won first place twice before. Genevieve Kerr, daughter of President Kerr, was manager of the show.

## FOSTER SEWER OPPOSED

### RESOLUTION IS ADOPTED BY RESIDENTS OF DISTRICT.

#### Speakers Declare Project Would Be Only Added Tax Burden, With Little Benefit Derived.

Opposition to the construction of the projected Foster sewer and drain, which the city engineering department estimated will cost approximately \$49,000, was manifested last night by several hundred residents of the Mount Scott and Lents districts who met at the Lents Grange hall, 5801 1/2 North Lenth street, Southeast.

Aroused by the statements of speakers that the sewer would be built at this time, impose only an added burden of taxation and in reality was a needless expense, residents of the district adopted a resolution, calling upon the acting chairman, L. L. Levings, one of the chief opponents of the project, to appoint a committee of five persons each, to act as a sub-committee, the entire number to oppose all requests for money to place the sewer again before the city council in a favorable light.

Only a few persons, and many of these from the district, were present, but H. E. Hall, were present, and their declarations to the effect that the laying of the sewer would prove to be the first of several projects intended to beautify Foster road, the Lents and Mount Scott district and increase property valuations, met with disapproval.

H. E. Hall, as chief spokesman for those who desired the drainage project, recited the benefits to be derived from such construction, saying that property valuations would be increased, the measure, if successful, would fit into plans being perfected by city development agencies, to make East Portland a place of scenic beauty to the tourist.

The cost was said by Mr. Hall to be not prohibitive and the assessment of \$23.50 throughout the district was classified as extremely just. After relinquishing the chair, Mr. Levings told of his objections to the measure, declaring cost exorbitant and that results to be achieved do not, at the present time, warrant such an expenditure.

## MANY LACK AUTO TAGS

### 2706 of 4600 Motorists in Clark County Get New Licenses.

VANCOUVER, Wash., March 5.—(Special.)—Only 2706 automobile license applications have been received so far this year by J. L. Garrett, county auditor. There were about 4600 cars in the county last year. Arrest of those operating cars without licenses will begin within a few days, according to Garrett.

Licenses plates for 1921 already are arriving. They are the same size as last year, have a dull greenish-gray background with black numbers and are not as all beautiful in any way. There is little contrast between the numerals and the background. When a little dust gets on the plate it will be very difficult to read the numbers.

**Motorcyclist Hurt in Crash.**  
 Cecil W. Brown, aged 18, shipyard worker living at 1236 East Salmon street, suffered a broken left leg, early last night when his motorcycle crashed into the rear end of an automobile driven by D. S. Nees, 208 East Thirty-seventh street. The accident occurred at the intersection of Hawthorn avenue and Marguerite street. Brown said there was no tail light on the automobile, but Nees disputed his statement. The victim was treated at the city emergency hospital. Nees was arrested, charged with operating an automobile without a driver's license.

## CHURCH TO OPEN TODAY

### OREGON CITY METHODISTS TO USE NEW BUILDING.

#### Edifice is Completed Two Weeks Before Time Scheduled for Dedication Ceremony.

OREGON CITY, Or., March 5.—(Special.)—After 15 months without a church of their own, the members of the Methodist Episcopal church of Oregon City will worship today in their new home at Eighth and Center streets. This is two weeks in advance of dedicatory services, which will be conducted by Bishop W. O. Shepard on Sunday, March 20.

On March 13 at 10:30 P. M. there will be brief fraternal greetings by the pastors of the city and addresses by Drs. W. W. Youngson and S. A. Dandford. On March 13 at 7:30 P. M. historical addresses will be made by Mrs. Eva Emery Dye and Dr. John Parsons.

On Sunday morning, March 20, at 11 o'clock, Bishop W. O. Shepard will preach and dedicate the church. On Sunday night addresses will be made by Drs. E. E. Gilbert and E. L. Mills. The audience room of the church is 3x39 in size, with a small gallery. There are nine other rooms, including a church kitchen, intermediate, primary and other Sunday school class rooms. The pews and the carpet have been given by the women of the church. Two new pipeless furnaces will heat the building.

The construction has been directed by a building committee consisting of R. B. Cox, chairman; A. F. Jack and L. P. Horton, Myron Satterlee had the work itself in charge. Rev. Melville T. Wire is pastor of the church. The dedicatory exercises will begin at 7:30 P. M. on March 16, with a membership rally and rollcall, and address by R. B. Cox and Dr. E. C. Hickman of Salem.

The former church stood on the Methodist property at Seventh and Main streets. In 1902, due to congestion of the business district of Oregon City, this church was raised and a store building put over it. On November 15, 1919, both store and the church were completely destroyed by fire.

Through the courtesy of St. Paul's Episcopal church, the pastor, Rev. C. H. L. Chandler, and Bishop Walter

## MAIL TRUCK SEIZED, DRIVER IS KIDNAPED

### Hold-Up Staged Almost Under Eyes of Police.

#### REGISTERED MAIL TAKEN

##### Loss in Latest Chicago Robbery Estimated at From Few Thousands to \$100,000.

CHICAGO, March 5.—Five armed robbers in an automobile tonight held up a mail truck, kidnaped the driver, drove the truck through crowded streets to outlying section, picked out six pouches of registered mail and escaped, leaving the driver locked in his own truck.

The pouches taken are known to have contained the receipts of several postal sub-stations and the value of their contents was estimated at from a few thousand dollars to more than \$100,000.

The hold-up took place scarcely a block from a police station, the truck being stopped as it was coming from an alley behind a postal sub-station. With pistols on the roof of the car, the driver was forced to enter the handi-car, while a robber drove off with the truck. After driving about two miles, the truck was stopped and looted and the driver locked in the mail compartment. He escaped later and gave the alarm.

### ALLEGED MAIL ROBBER HELD

## RECORD DRUG HAUL MADE

### CHUEY SIM, WEALTHY TONG CHIEF, AGAIN IN TOILS.

#### Narcotics Valued at More Than \$20,000 Found in Isolated Residence of Chinese.

A heavy hold that confined Jack C. Grady to his home for nearly a week led to the arrest of Chuey Sim, wealthy Chinese tong leader, and paved the way for the seizure of the largest quantity of cocaine and morphine taken in Oregon in recent years.

Grady is an inspector in the United States customs service. He lives at 1827 Broadway street. On Tuesday, a week his suspicious were aroused at the number of visits paid by Sim, an old-time narcotic law violator, to a house 203 East Bond street, North, an isolated dwelling on the south side of Sullivan's gulch.

As a result, Grady placed under arrest, Narcotics valued at more than \$20,000 were found on Sim's person and cleverly concealed within the house.

Sim, who is already under the shadow of a two-year sentence at McNeil's island, was released yesterday by United States Commissioner Fraser on bail aggregating \$15,000.

Charges continued to pile up against the unfortunate leader of the Sunny side tong. By W. R. Woodard and J. J. Biggins, federal revenue agents, he was charged with violating the Harrison narcotics act. The customs inspectors intend to place charges of smuggling against him because cases of Chinese opium were found in his establishment.

The United States immigration service is looking up his traveling record with an idea of deporting him.

## PRUNE WEEK IS DENIED

### Governor Hart Declares Special Days Are Too Many Now.

VANCOUVER, Wash., March 5.—(Special.)—Governor Hart, in a letter received today by J. L. Shaw of the Vancouver Prunarians, declined to set aside any week as "Prune week" as desired by the Prunarians. It had been planned to have dealers feature prunes in an effort to dispose of a large amount left on hand from last year's crop.

Governor Hart said that there are getting to be too many special days in the year, and he had to draw the line some place.

### Health Officers Seek School Girl.

Members of the city health force are searching for Helen Hestling, a pupil in the Woodmere school. Miss Hestling is suffering from a sore throat, and records in the health bureau show that a culture taken of her throat indicates that she is also suffering from diphtheria. But the health officer declares that Miss Hestling gave two wrong addresses as her residence, one being an unoccupied residence and the other housing a family without children. It is probable that the young patient will be located through a report from her physician, which is required by law.

## FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ-destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and discomfort. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good drugist and use it like a cold cream.
