

FRANCE LACKS ZEST FOR MOVE ON RUHR

Reaction From Napoleonic Celebration Strongly Felt.

TROOPS LESS CONFIDENT

War-Weakened Nation No Longer Fired With Enthusiasm to Exact Military Glories.

following announcement of pastor assignments. Addresses were delivered today by Rev. F. L. Stevens of California, Rev. Dan Hall, lumberjack evangelist, and Rev. W. F. Launer, William Oliver obtained a license to preach. Rev. P. B. Culver of Portland was chosen fraternal delegate to attend the evangelical conference to be held at Dallas next year. At a discussion this morning the term "German Evangelical" appeared to meet with disfavor with some of the delegates as it did the term, "English Evangelical." "It is generally understood," said Rev. M. Launer, "that we are all Americans, not German nor English." A motion to change the name of some of the churches so as to distinguish them by the names of streets where they are located, was lost by a large vote. Bishop S. P. Spreng will preach at the morning session of the convention tomorrow, while Rev. H. Schmeckel of Portland will deliver the evening sermon.

FESTIVAL QUEEN PICKED

EVELYN PATTON HONORED AT FOREST GROVE.

INHERITANCE TAXES INCREASED BY STATE

Treasurer's Report Shows \$46,000 Benefits.

NEW SYSTEM WORKS WELL

Official Appraisers Check Valuations of All Estates; Questions Before Supreme Court.

SALEM, Or., May 7.—(Special.)—Receipts from the operation of the Oregon inheritance tax law have increased from approximately \$4000 for the biennial period of 1919-20, to \$24,000 for the biennial period of 1920-21, according to a report prepared by O. P. Hoff, state treasurer, whom the law puts in charge of the collection of this revenue. Until Mr. Hoff became treasurer it had been the practice of preceding officials to accept valuations placed upon property by appraisers. Mr. Hoff installed a system whereby all estates where a tax is involved are carefully checked by men trained in this work. These investigators must necessarily have a thorough knowledge of inheritance tax and probate laws, auditing real estate values and business experience.

Taxes Increased \$46,000.

Mr. Hoff's report shows that 63 estates with a total appraised value of \$3,300,000 were raised to \$3,386,000, an increase of \$86,000, or 2.6 per cent. Increase in the appraised value of these estates netted the state \$46,000 additional in taxes. This is especially true if it should be necessary or advisable to dispose of a part or all of the property included in the estate. This benefit would be found in the fact that the state had appraised the property, thereby placing upon it a value determined by and having the approval of the state treasurer. Frequently, in cases where estates have been appraised by the state, the heirs receive the property at a value otherwise would have been realized.

Appraisal Made at Death Date.

"In appraising property one of the chief points taken into consideration is the value of the property at the time of the death of the decedent," says the report. "This is especially true if it should be necessary or advisable to dispose of a part or all of the property included in the estate. This benefit would be found in the fact that the state had appraised the property, thereby placing upon it a value determined by and having the approval of the state treasurer. Frequently, in cases where estates have been appraised by the state, the heirs receive the property at a value otherwise would have been realized. His citation recites display of the finest military qualities during the offensive of September 3 to 8 when during the bombardment of his battery he was killed by a shell which struck him in the chest and entered in September, going overseas the following January. He took part as a gunner sergeant in the Meuse-Argonne, Alene-Marne and Oise-Alone engagements and was awarded the croix de guerre by the French government. SAVANTS TO BE HONORED

Bishop and Mrs. Sumner Will Entertain Distinguished Guests. Dr. Graham Taylor of Chicago and Dr. Walter S. Adams of Mount Wilson observatory, Pasadena, Cal., will be guests of Bishop and Mrs. Sumner at the coming week. Professor Taylor will speak at the civic league luncheon at the Benson hotel tomorrow and will address various other groups in the city. He will be the speaker at Oregon Agricultural college and the university assembly this week. Professor Taylor was the founder and for many years the president of the school of civics and philanthropy, Chicago, and warden of the Chicago commons, the well-known social settlement of Chicago. He is an old fellow-worker of Bishop Sumner's in Chicago. Dr. Adams is a well-known astronomer and a classmate of Bishop Sumner at Dartmouth college. He is a member of the Royal Academy, London, and the American Academy of Science, Washington, D. C. He is also a member of both organizations for research work. Bishop and Mrs. Sumner will give a dinner at Bishop's tomorrow evening for their guests. Others will be President and Mrs. Campbell of the University of Oregon, President and Mrs. Keer of the Agricultural college, President and Mrs. Scholz of Reed college, Mr. and Mrs. W. B. Ayer and Mr. and Mrs. J. C. Ainsworth.

WAR HERO'S LIFE ENDED

Sergeant Rollins Victim of German Gas, Dies at Hillsboro.

HILLSBORO, Or., May 7.—(Special.)—Sergeant Francis W. Rollins, 24, who served in France with the 147th field artillery, died this morning of tuberculosis caused by gas during service with the 32d division on three battle fronts. He was a son of C. W. Rollins of Hillsboro and enlisted in September, going overseas the following January. He took part as a gunner sergeant in the Meuse-Argonne, Alene-Marne and Oise-Alone engagements and was awarded the croix de guerre by the French government. His citation recites display of the finest military qualities during the offensive of September 3 to 8 when during the bombardment of his battery he was killed by a shell which struck him in the chest and entered in September, going overseas the following January. He took part as a gunner sergeant in the Meuse-Argonne, Alene-Marne and Oise-Alone engagements and was awarded the croix de guerre by the French government.

STUDENTS REED'S GUESTS

400 PORTLAND HIGH SCHOOL SENIORS ENTERTAINED.

Class Room Experiments, Tennis, Tug-of-War and Canoe Races Features of Day.

Four hundred seniors from Lincoln, Washington, Jefferson, Franklin and James high schools and from St. Helens hall and Miss Catlin's school were Reed day guests of the Reed college student body Friday afternoon and evening. The day was one of the biggest events of its kind ever held on the Reed college campus, being an outgrowth of former junior week-end celebrations. The junior class acted as directors of the event and were assisted by the faculty and members of the other classes.

Ladies' Annex Holds Meeting.

PRINEVILLE, Or., May 7.—(Special.)—The May meeting of the ladies' annex held several special features. Thirteen new members were received into the club at this time. Mrs. J. H. Rosenberg gave a vocal solo, Elanthe and Bernice Shipp an instrumental duet, and Hon. Jay H. Upton spoke on the five measures to be voted on at the special election in June. Mrs. O. A. Hedlund presented the annex library a number of volumes.

Coolidge Asked to Name Date.

Mayor Baker yesterday telegraphed to Vice-President Coolidge requesting that the date of his contemplated visit to Portland next month be forwarded as quickly as possible, so that arrangements for a real Portland reception might be made. As quickly as this information is received Mayor Baker will name a special committee to handle the details of the reception for Vice-President and Mrs. Coolidge.

Occupation Has Bad Start

Thus the occupation of the Ruhr district, if it takes place, will begin badly. The labor and socialist elements are now weakly organized but have gained strength and support through the Napoleon blunder. Their protests against the Ruhr occupation, which only a week ago seemed negligible, are now causing uneasiness and demands already are heard in semi-official quarters for the censorship or suppression of their propaganda. It will, of course, be difficult to justify a censorship in the absence of a state of war and thus occupation measures may give the economists the opportunity they have been waiting for to reconsolidate their forces.

Ann Held Biggest Creditor.

At the same time the acceptance of the London plan by Germany ought not create the false impression that the negotiations are thereby to be settled any more than peace was created by the mere signing of the armistice. It will at most be but another breathing space for negotiations, allowing time for the United States to take a hand in framing the final settlement. In other words, the allied debts to America, as competent Europeans long have understood, must be treated, together with the reparations, as one problem inasmuch as the two questions are merely twin parts of a financial accounting for the war. Not France, but America, in the final analysis, is Germany's biggest creditor.

HENDRICKS' HALL WINS

Debate Shield Is Captured From Zeta Rho Epsilon Team.

UNIVERSITY OF OREGON, Eugene, May 7.—(Special.)—Hendricks' hall debate team won the shield Friday night by defeating Zeta Rho Epsilon in the final contests of the "Doughnut League." The debates were judged on points, Hendricks' hall receiving 25, while Zeta Rho Epsilon scored 21. Though the winners lost by a 2-to-1 decision to Zeta Rho, negative, the debate team from the hall obtained an unanimous decision over the affirmative Zeta Rho duo. Members of the two debating teams participating in the finals were: Hendricks' hall, Gladys Johnson of Eugene and Elizabeth Mellis of Mist, affirmative, and Elizabeth Stephenson of Portland and Emily Veas of Portland, negative. Zeta Rho Epsilon—Edna Largent of Silverton and Elsie Hildebrand of Portland, negative, and Collis Shuse of Caldwell, Idaho, and Ruby Baugh of Eugene, affirmative.

HEN PRODUCES TWO EGGS

Cottage Grove Biddy Does Double Duty at One Sitting.

COTTAGE GROVE, Or., May 7.—(Special.)—Cottage Grove hens are industrious biddies. They are not even satisfied with the production of an egg every day, as is evidenced by the fact that a hen owned by G. W. McFarland produced two eggs at one sitting. One was an ordinary egg with a hard shell and the other was a monster egg which encased the first one. Mr. McFarland does not know which of the eggs was made first. The larger egg had a caudal appendage, which was a novelty even for Cottage Grove eggs.

"GERMAN" OBJECTED TO

Evangelical Delegates Talk of Terms Applied to Churches.

SALEM, Or., May 7.—(Special.)—Adoption of resolutions on law enforcement and a lengthy discussion of enforcement methods featured today's sessions of the annual convention of the United Evangelical church, the convention will close tomorrow night.

BABY'S NEEDS DISCUSSED

Curious Features of Child Growth Considered at Clinic.

The well-baby clinic which has been in progress at Meler & Franks' auditorium all week closed with the afternoon session yesterday. This clinic is to be held each year under the auspices of the Co-operative Infant Welfare Society of Oregon, of which Mrs. E. R. Rucker is chairman. The program was given daily from 9:30 A. M. to 4 P. M. and included demonstrations in child care by prominent physicians and health experts. Miss Sybil Woodruff of Oregon Agricultural college spoke at the morning session on "Diet of the Nursing Mother" and in the afternoon Dr. R. C. Hall described the "Growth and Development of the Child." "A child gains weight naturally in the fall and in the spring grows in height and looks much slimmer," said Dr. Hall, discussing the building feature of a child's development. "A baby's head grows four inches in circumference the first year and only one inch the second year, and it is absolutely necessary that the child have the best food and care during the development of the brain."

ROAD WILL BE IMPROVED

Napavine Council Lays Plans to Develop Old Highway.

CENTRALIA, Wash., May 7.—(Special.)—The Napavine council, at its monthly meeting, made arrangements for improving the old military road leading into Napavine from the west. An engineer has been employed and bids will be called as soon as a survey has been completed. An effort to get funds by popular subscription for the paving of the road between Napavine and Winlock is being featured by S. F. Ford of Iveline, and is meeting with success. The road is eight miles in length. Owing to the fact that little grading work it has to be done to be completed the paving could be laid at a cost of between \$8000 and \$7000 per mile.

Blind to Give Concert.

YANCOUVER, Wash., May 7.—(Special.)—Pupils of the Washington State School for the Blind will give a sacred concert in the First Presbyterian church at the evening service hour, which it will supplant. Dr. Charles E. Baskerville, pastor of the church, has invited the public.
