Prices Are Back to Normal; Dentistry Cheaper. DR. E. G. AUSPLUND My Practice is Limited to High-Class Dentistry Only

Reduced cost of instruments, materials, etc., has made it possible to offer the best dentistry at prices that prevailed before the war.

At no time should one neglect to have necessary dental work done. But now, with the reduction in effect, there is less excuse than ever before for postponing a visit to the dentist.

In this office we have practiced the golden rule along with the profession of dentistry for many years. We have saved our patients thousands of dollars, given them the highest class dental work and made a fair profit for our efforts.

Next time your teeth need attention let us give you an estimate. The saving will surprise and the work delight you.

control bill now before the Hawaiian territorial legislature is "fundamentally a question of labor and capital and is not an issue involving an anti-American or un-American attitude on the part of the Japanese press."

While I admit that some of the Japanese papers have employed a hostile pen towards the sugar planters, it is against certain particular plantations, where the same treatment is not accorded to the laborers as is given workers on other plantations.

The fact is unfortunate that labor in Hawaii is almost exclusively Japanese and capital almost exclusively American. So that while the question is purely one of economic, these circumstances tend to make it appear as a racial issue to outsiders.
