

NON-PARTISAN CRASH BEFUDDLES IDAHO

Many Members Expected to Join Republican Party.

VOLCANIC GROUP SILENT

Official Organ Ceases Publication; Democrats Deserted When Markets Begin to Fall.

BOISE, Idaho, May 21.—(Special.)—Speculation as to the plan of campaign to be adopted by the non-partisan league in Idaho in an effort to recover strength lost in previous political activities, is attracting the attention of party leaders. The official organ of the league, the Leader, has ceased publication. The daily paper which heretofore has been identified with that organization, published at Nampa, has changed from a morning to an evening paper. Many of the league leaders are silent. Most of them have left the state.

Opinion among leaders in both the republican and democratic parties is varied. Some are confident that the league is through in Idaho; that its organization has broken down and there are no funds left to build it up; that it cannot expect the support from among the farmers heretofore its backers.

Some Count League as Factor. Others assert that it would be unwise to figure the league as an important factor in future political developments in this state. They assert the present dormant condition will be followed by a desperate offensive with the close of the present year. Both sides admit that the league is apparently in a desperate condition.

The democratic party leaders think their troubles with the league have ended. They say the league succeeded to a great extent in disrupting the party. They take the view that the league having played the democratic party as the best bet on which to win, scored a disastrous failure and are now trying to capture the republican party. Republican party directors are confident they can prevent non-partisan invasion because of the existence of a law, half primary and half convention, which shuts the league out of the state nominating convention and participation in the county primary elections. At the last election all voters were required to declare their party allegiance at the time of registering and if they did not register, they could not vote.

League Supports Republicans. Many of the non-partisan leaguers, however, voted for President Harding at the last general election and are switched on the ballot and voted for the league candidates for governor and other state offices. The switch to President Harding came with the slump in markets. Most of the leaguers, or a large percentage of them, are producers—farmers who are directly affected by dropping markets. They held that the democratic party and its policies were responsible. They, therefore, turned away at various public presidential elections. Many of them were affiliated with the republican party before they joined the league in the hope it would give them an organization through which they might secure better markets. If the league comes to a successful end, they again go back to the republican party and make certain the success of the party in future campaigns.

Party leaders had hoped that some of the more important federal appointments would be settled by this time.

The leading candidates are: For collector, Evan Evans, Grangeville; George Day, Oakley, and David Burdell, American Falls. For district attorney, William Lee, Moscow; Colonel E. G. Davis, Boise. For marshal, Colonel Marsters, Boise; Sheriff Maxwell, Postville. For probate clerk, Joel Brown, Emmett; Miss Paul Tyler, Boise.

The death of A. P. Atherton, ex-state senator from Tule Falls and at one time a republican gubernatorial candidate, surprised friends in all parts of the state. Death was caused by pneumonia. He was a recent visitor in Boise and exhibited the same interest in political affairs.

PERSHING LAUDS "Y" HUTS

Criticism of Welfare Organization Declared Unjustified.

NEW YORK, May 21.—General John J. Pershing, in his address last night at the 34th annual dinner of the international committee of the Young Men's Christian association at the Waldorf-Astoria, praised the work of the association at home and overseas. He was the guest of honor and principal speaker.

One thousand persons attended the dinner. Alfred Marling was toastmaster. John R. Mott, general secretary of the international committee, spoke of the Y. M. C. A. work during the war.

General Pershing was given a tremendous ovation when he rose to speak. He told of his experiences with "Y" men in the Philippines, on the Mexican border and in France, and declared that it was overseas that he came in closest touch with the association workers. He said the Y. M. C. A. organization expanded to meet the needs of the American expeditionary force and to compare with that of other organizations operating with far less responsibility and covering only special areas.

QUEEN OF ROSE FESTIVAL AND HER EIGHT LADIES IN WAITING.

CROWNING TO BE REGAL

CORONATION OF ROSE QUEEN WILL BE SUPERB EVENT.

Ruler, Members of Her Court, and Other Women Are Planning Brilliant Pageant.

Queen Dorothy and her eight ladies-in-waiting are making rapid preparation for the coronation which will be one of the big features of the coming Rose Festival.

In working out the various details the queen and her court are co-operating with Mrs. Charles E. Runyon, member of the festival directors, and her committee of prominent Portland women.

It is intended to make the coronation the most attractive of any yet held and no pains will be spared to make it an artistic triumph. Mrs. Runyon announced. The coronation of the coronation will be held at the Multnomah field, where thousands of spectators will be able to view it without difficulty.

A number of the ladies-in-waiting who have been away at various schools returned last week and it is expected that all will be in the city this week.

The selection of Miss Dorothy Metschan as queen has given general pleasure throughout the state. Miss Metschan and her party are well known in Oregon and she has received congratulations on her new role as queen of the festival from all sections of the northwest.

According to present plans the queen and her party will arrive by boat at the municipal boat landing and from there their cortege will proceed to the Multnomah hotel for luncheon. Following the luncheon they will go to the Multnomah field for the coronation.

The ladies-in-waiting include Miss Dorothy Carpenter, Miss Margaret Foster, Miss Mary Gili, Mrs. Eric Hauser Jr., Miss Dell Jones, Mrs. Clark Pilkington, Miss Marjorie Shemanski and Miss Helen West.

RECALL PETITION FILED

County Commissioner Harlow Is Named in Lane County Fight.

EUGENE, Or., May 21.—(Special.)—The recall petitions against Mahlon H. Harlow, county commissioner, were filed in the office of the county clerk here yesterday. E. J. Horton of Junction City, in charge of circulation of the petitions, said they contained approximately 3000 names.

County Clerk Bryson has only five working days in which to make a check of the names to ascertain that the signers are registered voters and to print the ballots.

VIOLATORS MAY ESCAPE

THOUSANDS OF BOOTLEGGERS MAY CHEAT PUNISHMENT.

Furlough of Prohibition Agents Regarded as Heavy Setback for Federal Enforcement.

WASHINGTON, D. C., May 21.—Thousands of bootleggers may escape punishment for violation of the liquor laws as a result of the furlough of 700 federal prohibition agents until July 1. Commissioner Kramer declared tonight. Many cases will have to be continued over the 40 days, which will add to the congestion of crowded court dockets, he added.

Most of the government's important witnesses, Dr. Kramer explained, are the agents, most of whom would return to their homes, making it necessary either to subpoena them and pay their way to the places of trial or continue the cases.

It is too soon to gauge the effect on illegal liquor traffic, he asserted, but it would hurt the prohibition enforcement unit in every way and set it back if not undo the work done in organizing the force.

FLIER MAKES PROPELLER

Damage to Plane Is Repaired in Wilds With Few Tools.

WINNIPEG, May 21.—Through the ingenuity of a steamboat engineer at Fort Simpson, in the sub-arctic, in constructing an airplane propeller out of a few dog sled boards and glue made from raw moose hide, an oil company's freight airplane escaped being stranded at Slave lake for several months. The propeller made by W. A. Johnson, who had only a few crude tools at his disposal, worked without a hitch and carried the machine over the frozen wilds to Peace river.

The emergency repairs were made necessary when the airplane plunged into a deep snow bank and splintered one of its propellers. If the new propeller had not been made the aviators said they would have had to remain in the north country until the opening of navigation, about July 1.

CHILD WIFE IS UNHAPPY

ISABEL DOLORES BOATWRIGHT SEEKS SEPARATION.

Girl Says Wedding Was Result of False Representations by Her Husband and Another.

Isabel Dolores Boatwright, 14-year-old wife of Royal Calvin Boatwright, seeks annulment of their marriage in a suit filed in the circuit court yesterday. She has been wronged by the man with whom she eloped April 22, 1921, and desires to return to the care and protection of her mother, she says.

Boatwright and W. J. Roth persuaded her to leave her mother on April 22 and elope to Vancouver, Wash., where, under false representations, a marriage license was obtained and the ceremony performed, the plaintiff asserts.

The girl asserts that her husband misrepresented things to her, especially in telling her that he had a home for her and would be able to support her. Since their marriage Mrs. Boatwright has become convinced that she does not love her husband and that life with him will be "unhappy and unfortunate," she says. The age of the husband is not disclosed.

The last spree of Albert Racine, who is called a "cross drunkard" by his wife, Margaret, was on May 18 and 19 last, according to a divorce complaint filed yesterday. The Racines were married in Vancouver in 1918.

POSTS TO GATHER DATA

Complete Record of Members to Be Obtained by Veterans.

INDIANAPOLIS, Ind., May 21.—American Legion post records will provide the most complete and valuable history of the world war in existence, when a program just started by Eben Putnam of Massachusetts, national historian of the American Legion, is carried out.

Posts of the Legion and units of its Women's Auxiliary are to compile military and personal histories of members through direct interviews. These records will be doubly checked; first, against war department records as furnished by the adjutant-general of the army to each state adjutant-general, and second, against the war records of each state.

Legion and auxiliary organizations would have annual musters, according to Mr. Putnam's plan. At this time the roll would be read and the name of the deceased member his military and personal history would be recited. Obituaries of ex-service men and women would be published in local newspapers on the date of each annual muster.

Globe Trotters in Portland. Thomas De Luca, retired business man of Akron, O., and Mrs. De Luca are guests this week of Angelo Manzo, of Portland, brother of Mrs. De Luca, who had not seen his sister in 24 years.

Both globe trotters, Mr. De Luca and Mrs. De Luca are enthusiastic about the glories of the Columbia river gorge, asserting that it out about the glories of the Columbia Europe.

PADEREWSKI Have you heard him play His Famous "Menuet"? OR Liszt's Tenth Hungarian Rhapsody, or Chopin's Polonaise, played at the height of his career, when all the world enthused at his remarkable genius? If you have been thus fortunate, you have probably lived in the memory of his masterful playing ever since. Not only a few, but every lover of the best in music can now hear the famous Paderewski as he played when his genius electrified the world. His playing has been held for posterity—measure for measure—expression for expression by the marvelous Bush & Lane Piano With the Auto De Luxe Welte-Mignon Reproducing Action. (Licensed) In any home—any night—Paderewski or almost any genius of the piano world can be summoned to play their master selections. Their artistry will live forever through this remarkable piano. Pay Cash and Pay Less! The Reason Some People "Pay Too Much" Is Because They Are Paying for Those Who Don't Pay at All Lawyers, doctors and dentists are notoriously "poor business men" as a class—and usually "poor collectors"—because so much of their time is devoted to mastering their profession, the "business end" is neglected or entrusted to others. These truths I have "dug out" of the study of many dental offices—and learned from the lips of experienced physicians and lawyers. In some offices a fixed percentage is allowed for the "bad debts," and you people who DO PAY must in the end pay the bill of the man who doesn't pay. That is why you may be asked to pay double or treble my prices in some dental offices—for work no better and frequently decidedly inferior. That is why my prices are lower—and why you do not sacrifice either quality of work or service in coming here to save money. I engage the best dentists money can secure, pay them high salaries, and then can demand and receive their best efforts.
