BAYOCEAN, Or., July 2.—(Special.)

Bayocean visitors this summer are finding a new launch on the run from Bay City. Since the Dorothy May burned last month, the Clayton D., under the charge of Captain Ole Dromnes, has taken up the task of carrying passengers to and from the beach. Many people will remember this launch as the one in which Captain Dromnes made the nine-day inside passage run from Astoria to Ketchikan, Alaska, by taking advantage of the ebb and flow.

The most interesting feature of the new season at Bayocean is the unique

Van Etten of Reed college as administrator, and Mr. Van Etten has selected from Reed and other col-leges in the northwest a staff of young men and women who have had particular training for the various departments. This staff has already departments. This staff has already displayed surprising unity and thoroughness, and is instilling into the beath activities all the enthusiasm which one usually sees on a college campus.
