BUSINESS OPPORTUNITIES.

A SAND AND GRAVEL PROPOSITION.

In 1809 I bought a Hitle over three acres of land at Wichits station on the P. R. L. & P. Co.'s electric line to Estacada. I bought it on account of its high and sightly view. But when I took my wife and stepdaughter out to see It they begred me to buy in St. Johns, which I did to please them. It now seems to be more valuable for the sand and gravel that is in it than a house on top of the hill. It fronts 200 feet on the right of way of the railroad and runs north over 100 feet. There is a nice place for a residence and a factory. A few years ago the railway company concluded to put in a switch from Bell station to near Wichits station. I gave them the privilege of building across one corner of my land. The railway company put in a sand and gravel plant and gave old man Shultz 10 cents a yard royalty for all the sand and gravel plant and gave old man Shultz 10 cents a yard royalty for all the sand and gravel plant and gave old man Shultz 10 cents a yard royalty for all the sand and gravel they got from him. He made a fortune, went up the valley and bought a fine farm. The county judge of Clack-amas county told me last year that the cents a was paying the Shultz hoys 45 cents a possible yard for all the sand and gravel the county got of them. These are facts county got of them. These are facts county got to think about the gravel the county got to think about has blessed middless that blind nature has blessed middless that blind nature and kidney trouble and but little money and knowing will cause you to think about the grave possible and but little money where the is great opprotunity for someone who has money and health. W. H. Noian, 320 S. Front at. Portland, Or, near Jefferson-st station.
