

CASING TRICKY OPENS ON FRIDAY

Fly and Bait Contests to Be Held in Sellwood Pool.

PRIZE LIST GIVEN OUT

Multnomah Anglers' Club Will Have Charge—Official Programme Announced.

The official programme for the 13th annual international fly and bait-casting tournament to be held next Friday, Saturday, Sunday and Monday at the Sellwood park casting pool...

Eleven events are slated for the four days of casting, which will be participated in by not only northwestern anglers but many crack fly and bait flingers from eastern centers as well.

Big Tournament Expected.

Final plans for the tournament, which is the greatest ever held in any part of the country, were completed last week.

Everything at the Sellwood park is in readiness for the coming tournament. The new targets are in place and the lockers for the use of the casters have been installed in the clubhouse.

The programme shows a prize list of as high as ten prizes in most of the events, while in some there are as many as 15 prizes.

Diamond Pin One Prize.

A diamond scarfin in the form of the emblem of the national association is the first prize for the winner of each event, while an Evinrude motor goes to the grand all-around champion.

Following the tournament, which will end Monday noon, the anglers will be taken for a trip over the Columbia river highway for a visit to the state fish hatchery at Bonneville, returning to Chanticleer inn for the annual banquet and business meeting in the evening.

Headquarters for the visitors will be established at the Imperial hotel. Following the tournament the visitors will be taken for fishing trips to various streams throughout the state.

MODEL YACHTS TO RACE

BUILDING MOVEMENT IS NOW WELL UNDER WAY.

P. Gordon Lewis Is Looking for Suitable Place Where Trial Spin Can Be Held.

The movement started here some time ago to arouse interest in model yacht building and racing by P. Gordon Lewis is now well under way.

Mr. Lewis, who has two boats under construction, is now on the lookout for a suitable place where the trial spin can be held.

According to the letter sent out by the club it is composed of a goodly number of red-blooded American men who are interested in model boat building and sailing.

HONOLULU, T. H., Aug. 12.—(Special)—Hula girls, Hawaiian moonlight, plantive ukulele music and all the other tropical aids of Dan Cupid had no effect on E. Binney Jr., star swimmer of the Yale swimming team.

Passengers on the steamer that brought the Yale swimmers to Honolulu remarked that Binney was the only one of all the team that did not indulge in the time-honored sentimental sports of the voyage, such as pointing out the stars to some young lady, or explaining the mysteries of the constellations.

There was a reason. Binney is not of the type that is generally overlooked by the one-time seaker sex. He stands six feet, straight as an arrow and is in no way difficult to look at from the standpoint of manly physique.

Binney is a member of the Yale swimming team, which competed here July 29, 30 and August 1 after a successful tour across the mainland from New Haven, Conn. By now Binney is back on the mainland and a benedict for he called July 30 for the coast to wed Miss Elizabeth Peters of Portland, Or.

GRID PRACTICE SEPT. 11

DATE SET FOR OFFICIAL CALL OF COAST CONFERENCE.

Oregon, Aggie, Washington, California and Stanford to Start Training Then.

BY BILL UNMACK.

College football practice among members of the Pacific coast conference will not begin until September 15.

The college year opens a little later in Oregon and Washington than in California but the University of Washington is scheduled for November 12 and on November 19 the annual "big game" with Stanford will be played at the new Stanford stadium at Palo Alto.

The games California has scheduled with Pacific northwest colleges are bound to attract the fans this year just as they did last season.

The first northwest team to play California will be Oregon on October 22. A week later California will go north and play Washington State college.

The game with the University of Washington is scheduled for November 12 and on November 19 the annual "big game" with Stanford will be played at the new Stanford stadium at Palo Alto.

An innovation will be tried at the University of California this year with the playing of double headers by the varsity squad.

The men to select from are so numerous that Coach Andy Smith has decided to work them in double headers to get a line on his material.

That California will have virtually the same team as the one that raised fame last season by defeating Ohio State by a one-sided score is assured.

Cort Malora, last year's captain and left guard, and "Pesky" Sprott, half back, are the only two men who will not return to college.

Every other man of the famous team will be back, and as Andy Smith had others almost as good as those who made the team there is no doubt that the blue and gold will have another first-class team.

California will play its opening varsity game September 24 against St. Mary's college. This same St. Mary's team was slaughtered last year by California, but there are hopes that the red and blues of Oakland will put up much stronger opposition this season.

E. V. Madigan, ex-Notre Dame star, is coaching St. Mary's this year and rumor has it a number of high-class football men registered there.

The Harrison went to Washington they plan another hunting trip by the Harrisons hunting and this fall automobile.

Woman Trapshooter Good.

A woman who does a lot of good shooting at the traps and who seldom gets before the public is Mrs. Harry Harrison of Rochester, N. Y., who just won the woman's trapshooting championship of New York for the third successive year.

That in her ability, Mrs. Harrison is just as good a field shot as she is a trapshooter, she has proved to her husband, and they live in a section of New York where the hunting is especially good.

"You Save Money"

says the Good Judge

And get more genuine chewing satisfaction, when you use this class of tobacco.

This is because the full, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often.

And a small chew gives more real satisfaction than a big chew of the ordinary kind ever did.

Any man who uses the Real Tobacco Chew will tell you that.
