DR. KING'S NATUROPATHIC SANITARIUM

Dr. King of the Alisky building has purchased the above beautiful piece of property, situated one mile from Lewis, for a private Naturopathic Sanitarium. It is beautifully located, high and dry, mountain air, no noise from cars or autos, an ideal place for those afflicted with nervousness, hemorrhoids, cancer, and numerous other ailments. There are to be different wards, one for the care and treatment of the insane (this ward is

in a building by itself, but joining the sanitarium and not interfering with other patients). A specially arranged glass room with artificial sun baths by the famous thermolites that sends sun rays at all times, climatised as the case may require, will be in evidence, and be a great factor to the sanitarium. The famous Vacuum Pull-Motor used so successfully by Dr. King in all chronic diseases will be strong feature at the sanitarium. Dr. King will be at his office, 3099 Alisky building, to consult and examine those preparatory to admission to the sanitarium, which will be in readiness about Sept. 15.
