REPUTATION.

REPUTATION.

Reputation is a tally of our daily deeds. Nothing is harder to gain or casier to lose. A good one requires many years of constant upbuilding and its existence must be daily demonstrated. A poor one can easily be obtained from a single selfish thought or act.

The Covey Motor Car company's reputation for rebuilding and refinishing the used cars it offers for sale, so that they may present the highest possible value for the lowest price, is only a detailed interpretation of its general reputation for fair dealing in every transaction. A used, rebuilt, refinished and guaranted motor car purchased through this house can only produce one net result—entire satisfaction.
