

BRAND SAYS ARMY HAS PREVENTED WAR

Troops Held Needed Unless Help Is Pledged.

PROBLEMS ARE CITED

Security Declared Essential in Face
of Menace of Russia With
Force of 1,500,000 Men.

WASHINGTON, D. C., Nov. 19.—(By the Associated Press.)—War would have broken out in Europe three or four times since the signing of the armistice had it not been for the French army, Premier Briand declared yesterday in conversation with American newspaper correspondents. The French premier was discussing his forthcoming speech Monday before the third plenary session of the armistice conference, which he said would not be an oration, but rather an explanation.

"I shall ask the American people," said he, "to place themselves in the position of the French people for three-quarters of an hour, and see the European situation as we see it and feel it."

"France does not want a large army any more than you do. We wish it were possible to reduce it below the minimum that we have in mind, but we must, as we are alone, secure ourselves."

Guarantee Not Asked.
"France is not asking for any guarantee," he said, "nor is she asking for anything. If the American people are to be attacked by Germany, the United States and Italy to say 'if you are attacked we will be with you,' then it would be possible for us to disarm. But if you simply say 'do not be afraid; tranquility yourselves; no one is going to attack you,' that is not sufficient."

"There is the Russian army of 1,500,000. You may say 'why do you mention that? Russia is not attacking you.' Poland is the eastern barrier. If France had not had a strong army last year, the barrier would have fallen. The soviet troops would have been in Germany. There would have been anarchy in central Europe. No, we must have an army to secure ourselves and maintain order."

Mr. Briand turned to other subjects. "We cannot look upon the submarine question in the same way as Mr. Balfour," he continued. "France must defend herself on three seas and we have possessions remote from our country. Mr. Balfour said nothing about maintaining communications that would not apply to us. France abandoned her continental program of 1912 when the war came on and nearly all of our light vessels were destroyed during the war. They have not been replaced. The French navy of today cannot be taken as a proportional standard."

"I believe the principle of a settlement on the part of the United States naval restriction will have been settled by the time I must leave," Mr. Briand said.

Peace of Mind Wanted.
"These settlements will give us peace; but not only peace in the ordinary sense, but I hope peace of mind—the atmosphere of peace. Neither Great Britain nor the United States nor France have imperialistic designs on China. We shall, I trust, be able to form an entente on far eastern questions. China shall have territorial integrity and political independence."

Some one mentioned the war debts, whether they would be discussed. "The debts are not on the program put before us by the American government," replied Mr. Briand. "Consequently, the debts will not be discussed. We are not asking that they shall. We take the program as it is provided. We shall pay the debts. It was a solemn contract for our common purpose during the war and we shall have to have some time; but we shall pay it."

Return Date Not Indicated.
The premier did not indicate when he would return to the Washington conference. During his absence M. Viviani, a former premier of France, will be head of the delegation. The French delayed the sailing of the steamer Paris from November 23 to 25 for M. Briand's convenience. Ambassador Betholot and some other members of the French foreign office staff, will return to France with the premier.

So much telegraphing has been going between Paris and Washington that the cable bringing the official dispatches sometimes has been 16 to 20 hours behind.

JAIL DELIVERY SPOILED

Deputy Sheriff Forces Prisoners Back to Their Cells.

KLAMATH FALLS, Or., Nov. 19.—(Special.)—The fourth attempt at jail delivery in six months was made last night when the prisoners in the county jail broke the door separating the men's and women's department and were preparing to make their getaway through the window in which the bars had been sawed, when they were discovered by Deputy Sheriff Ambrose, who, with a gun, forced the prisoners back to their cells. It was believed the bars were being sawed by friends outside. Fifteen were confined in the jail.

Judge Kuykendall declared that unless provision immediately be made for safekeeping them he hereafter would order prisoners confined in the Jacksonville jail.

EUROPE LIKES HUGHES

(Continued From First Page.)

that Secretary Hughes will be making a grave mistake if he leaves the initiative on land armament to be taken by European nations. The great stumbling block in the way of limitation of arms on land (which means, of course, the limitation of the French army) is France's demand for guarantee and security, as every word pronounced by French statesmen and the French press indicates. Security against what? Chiefly against German repudiation of the indemnity clauses of the treaty of Versailles.

Hughes a new kind of guarantee of European security. The main cause of complaint about the present peace is that it is too costly.

Expense Too Great.
Sooner or later everybody must ask if war was not cheaper than peace. French logic sees the only answer in making peace so profitable that war no longer will be considered. But this depends upon America, which controls credit—the seed corn of trade. Europeans say open the storehouse of this seed corn and peace will be sown throughout the world.

PACIFIC NORTHWEST BENEFITS FROM RULING.

Schedules Open Markets Through to New England Territory With Heavy Reductions.
