

OREGONIAN TRUCK RUN TO TILLAMOOK

Papers Delivered on Bay at 6:30 A. M. Daily.

SERVICE IS ENLARGED

Citizens 130 Miles Away Get Latest News With Breakfast, as Do Portland Residents.

Cognizant of the fact that the average citizen of Tillamook desires the Oregonian with his breakfast in no less degree than does his Portland brother, the circulation department of the Oregonian has established a "Portland to Tillamook" auto service and the papers now arrive on the bay at 6 A. M. daily.

For more than a year the Oregonian has been reaching its readers in Astoria and Seaside before the breakfast hour, due to the auto truck service which was established. Automobile trucks with the Oregonian and its latest dispatches leave Sixth and Alder streets at 12:30 A. M., are delivered to agents in Astoria at 5 A. M. and an hour and five minutes later are being delivered by agents in Seaside.

Two Trucks in Service. The two special trucks now employed on the Oregonian's "Portland to Tillamook" line leave Sixth and Alder streets at the same hour the Astoria and Seaside trucks depart. They reach McMinnville at 2 A. M., where they discharge papers for that town and vicinity. Half an hour later they are in Sheridan where they make deliveries to the Oregonian's agent. At 3:30 A. M. they reach Grand Ronde; Hebo at 4:45 A. M. and at 6 o'clock roll into Tillamook with their deliveries.

TIMBER OPERATOR RETURNED AS FRAUD

Frank E. Alley Accused With Byron on Land Deals.

FLIGHT MADE TO CANADA

Service With Colors in France Is Sequel to Hurried Trip From Portland After Charges.

Frank E. Alley, former prominent horseman and timber operator of Roseburg, after having spent more than three years as a fugitive from justice with a federal indictment charging him with fraudulent use of the mails in the promotion of timber sale "contracts" hanging over him, has been arrested in Canada and was brought back to Portland yesterday.

DEAL WITH BYRON ASSERTED.

Alley was prominent in Roseburg before he became involved in fraudulent timber transactions with Carlos L. Byron, who is now a fugitive from justice and a former federal prisoner. With Byron, Alley induced many of his friends in Roseburg to pay from \$100 to \$1000 for "contracts" which were supposed to entitle holders to claims on public lands not open to entry. They represented themselves to be in possession of "inside information" which gave them precedence on timber claims with the government land office.

50 MORE SENT TO JOBS

Road Work Given to Heads of Families in Need.

Fifty more men, heads of families in need, were dispatched to Multnomah falls yesterday morning by Roadmaster Hatcher to assist in the work of clearing snow and ice from the viaducts on the Columbia river highway near the falls. It is expected that the work will be finished by tonight.

FLIGHT MADE TO CANADA.

Sensing that a grand jury investigation of his activities was in progress, Alley disappeared and became a fugitive from justice. He went immediately to Canada, leaving behind his family in Roseburg. He joined the Canadian colors and went immediately to the front, where he served until the conclusion of the war.

SEVERAL DAYS AGO IT WAS LEARNED

that Alley was in Canada. Tom Word of the department of justice went to Canada and located him. Alley returned to Portland willingly. Yesterday he was released under \$2500 bonds and left immediately for Roseburg for a reunion with his family.

Mrs. Partington said: "Comparisons are odorous." Aronson agrees with the observation, if not with the orthography. Aronson believes that comparisons are odious to people of intelligence. Aronson's Watches are selling freely at the lowest prices you have seen quoted for a long time. Here are all of the leading American makes—Waltham, Elgin, Hamilton, Howard. Here, too, are the finest qualities in Swiss makes.

If you wish to make a gift that will be appreciated, give a watch or a wrist watch!
