CONTENDERS FOR LIGHTWEIGHT TITLE WHO CLASH AT ARMY FRIDAY NIGHT

Left to right—Bobby Harper of Seattle and Joe Weiling of New York. These two leather pushers are to step ten rounds or less in the main event of the Portland boxing commission's smoker at the armory Friday. Both can sock and both can take 'em. Looks like some fight.

SPRINTER TO SEEK TITLE

CHARLES PADDOCK AFTER 440-YARD RECORD.

Handicap of Slow Start in 100-Yard and 220-Yard Runs Expected to Be Overcome.

The recent statement by Dean Crowl, trainer and track coach at the University of Southern California, that he expects to send Charles Paddock, the world's champion 100 and 220-yard sprinter, after the 440-yard record of 47 seconds, now held by M. Long, brings up some interesting possibilities.

On the two shorter sprints Paddock is considered the fastest in the world. Many contend that Paddock can do just as well in the quarter. It is well known that Paddock is a very slow starter. In practically every competitive race he has run, his opponents have gained several yards on him at the pistol and for the first 50 yards the main business Paddock has to consider is to make up this lost distance.

While a certain amount of endurance is required in the 220, it is not the grueling race offered by the quarter mile, which is the considered

the toughest race of all. None of the longer distances put so much a strain on the runner.

Paddock has some idea as to his capabilities in the 440 through private attempts, but so far as the public is concerned, they have no means of judging, as he has confined himself to the short sprints throughout his intercollegiate competition.

NEW YORK, Jan. 28.—The recent visit of Richard Croker to Empire City served to bring back to old-time horsemen memories of days when the world's champion 100 and 220-yard sprinter, after the 440-yard record of 47 seconds, now held by M. Long, brings up some interesting possibilities.

TIGERS SIGN 33 PLAYERS

13 PITCHERS, FOUR CATCHERS ALREADY ON ROLL.

Pre-Season Pitching Staff Shows 8 Right-Handers, 5 Postersiders, Six of Whom Are Youngsters.

DETROIT, Mich., Jan. 28.—Thirty-three players have been lined up for the 1922 campaign by the Detroit Tigers, according to an announcement from club headquarters.

Fourteen of them properly may be classified as recruits, although some of them previously have appeared in Detroit uniforms or had their major-league baptism elsewhere.

The others, with the exception of George Cuthshaw, the National league veteran, are all familiar to local fans.

The pre-season pitching staff shows eight right-handers and five postersiders. George Dauss, Howard Ehmke, Carl Holling, Arthur Olsen, L. E. Stoner, Sylvester Johnson, Herman Pillette and Alfred Kroeg are the starboard flingers, and the left-handers are Bert Cole, O. F. Johns, H. Leonard, Walter C. Stewart and John C. Oldham.

Johns, who is making his bow from Fort Worth, is the only rookie among the southpaws, but five of the right-handers are youngsters. Johnson and Pillette came from Portland; Stoner and Cuthshaw from Syracuse; Olsen from Boston Tech and spent last season in semi-pro ranks.

None of Exeter's major sport captains are headed for Yale. McGlone, a football leader, has selected Harvard, and Princeton claims Van Lengen, captain and pitcher of the baseball team. In track, Martin and Walter, who are in swimming, Tallaferra, leader of the tank team.

From Hotchkiss Yale expects to get three major sport captains—Moore, football; Lindley, baseball; and Durrell, track—in addition to six other letter men in football. Yale school will send down Field, her football chief, among others. Lawrenceville, over-whelmingly Princeton in its sentiment, will be represented only by Langhorne, a football player. However, it is interesting to observe that

Cornell has won Rogers, leader in both football and track.

Andrew Hill, baseball captain, is headed for New Haven, but Princeton gets the football leader, Gates. Groton will send three football players in addition to Captain Macfie.

BLOW GIVEN PRO BASKETBALL

Wisconsin Colleges Take Action Against Professionalism.

FOND DU LAC, Wis., Jan. 28.—Professional basketball, as far as Wisconsin colleges are concerned, is doomed in this state. Marquette college, located in Milwaukee, and rated as one of the foremost institutions in the west, may dismiss Dunn and Duford, two of the greatest athletes in the state.

These two men have also been found guilty of playing professionally. They were scheduled to play here with the Two Rivers club of the Wisconsin Central league, but it is rumored that both have been dismissed altogether and may not even be allowed to play here.

The Marquette dismissal brings the total up to seven in the state, following action by Leavenworth, Washburn and Wisconsin. It is expected that all Wisconsin schools will take similar action within the next few days.

ARMY MEN TAKING TO GOLF

Nine-Hole Course Being Laid Out at Camp Lewis, Washington.

CAMP LEWIS, Wash., Jan. 28.—Golf is popular among officers and men of the Third division here that a nine-hole golf course is being laid out in the cantonment. A camp and division golf council will have its first meeting on Thursday afternoon.

For two weeks the men have been going through preliminary training on the rowing machine and on the four crews ready for practice in the shells.

Walls has been endeavoring to teach the men a smoother stroke, although no radical changes will be made. Last year the men had plenty of power to throw the ball, but they were ragged and their rowing was rough.

Only two veterans appear in the boat this year. When it staged the local intercollegiate season, in June the varsity will undoubtedly make the trip east to the intercollegiate meet to uphold its title of intercollegiate champion, won last year.

Prospects are good for this meet with all but one of the veteran point winners of last year back in the fold. Sprout is missing but he will be made up by Merchant who two years ago won the hammer throw and placed in the broad jump at the Philadelphia championships in Philadelphia.
