He Is Credited With Unique "Walk"

CLAIM is made for Jacques Suzanne that he is the only man who has ever "walked" from Paris to America. After walking across Europe and Siberia he is said to have picked his way across the ice of Bering straits. This was some years ago and he is now a guide at Lake Placid, N. Y.

A new and exclusive photograph of the federal trade commission is reproduced here. Any violation of the antitrust law is reported to this commission. The members, left to right, are: Nelson B. Gaskill, Victor Murdock, John F. Nugent (former senator from Idaho) and Huston Thompson.

The historical prisons of St. Mark, in Venice, are to be transformed into an art and concert hall, and the even more noted "Bridge of Sighs" will become a passageway to beauty and song instead of fearful dungeons, as in the past.

Many a notable speech has been reported by Fred Irland, head reporter of debate in the house of representatives. For more than 25 years Irland has been reporting proceedings of the house.

A recent photograph shows Arthur Griffith, president of the Sinn Fein, walking with his two children in the garden of his home, near Dublin.

The United States postoffice department is now installing a new type of machine which vends stamps, giving the purchaser the correct amount of stamps for the money deposited.

Governor Evans of American Samoa recently paid a visit to the Manua district, where he was welcomed by his excellency, the high chief of Manua. This is one of the few sections of the world where the men wear petticoats.

Among war veterans under serious handicaps who have achieved something worth while is John J. Rapp. Though blind, Rapp has made a success of poultry raising; his birds taking prizes at a show of the Washington veterans' bureau.
