High Collars Here and There. Though most of the spring frocks show the open neck, that is, the bateau neckline, or a shallow square cut across the top of a narrow vestee...

Black Frocks Still Craze. Even spring with its traditional exploitation of bright cheery colors cannot displace black frocks from favor. They continue to be tremendously fashionable, and even the debutante has her black satin evening frock trimmed with jet...

WOLF CREEK, Or., Jan. 29.—Dear Miss Tingle: Since the bachelor from Molalla, Or., has "broken the ice" and has asked a question, I take for granted that I am safe in writing you, as I have wanted to do since your advice to old bachelors is given so kindly...

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

times, you could use bacon fat to make dressing that is good for potato salad or canned salmon salad or cabbage or other vegetable salads. Or you could use bacon fat in making a salmon loaf with some of your bread crumbs and a little egg, milk and seasoning...

UNION, Or., Jan. 28.—Dear Miss Tingle: Will you please publish in the next Sunday Oregonian (February 5) the recipe for oyster cocktails? Your truly, L. L. I am answering your letter on the day of its arrival, but for many reasons it is never possible for me to promise the appearance of any reply on any given date...

PORTLAND, Jan. 25.—Dear Miss Tingle: I am an interested reader of your recipes and would like you to send me, through your paper, the best and quickest starter for light bread and how to get it ready for the pans. Baking for a crew of 20 or 25 men. Thanking you in advance. MRS. E. L.

PORTLAND, Jan. 23.—Dear Miss Tingle: Through the column of The Sunday Oregonian, please tell me how to peel oranges, to be used as an appetizer, baked without the skin? Thanking you, A. T.

The answer is "don't." The particular dietetic and "appetizer" value of the orange is decreased by cooking. If you wish to serve oranges as an appetizer, serve them sliced or sliced in a cocktail, or serve chipped orange juice in small glasses; but don't bake them either with or without the skin.

Why Burden Yourself With Fat? Prominent, reputable fat that is needed is a burden, a hindrance, a thief of all that is good and sweet in womanhood. Why don't you take off the fat where it shows? You can do so easily, safely and without the slightest fear of harm by using the famous Marmole's Prescription Tablets...

Alkali in Shampoos Bad for Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Mulsified cocoanut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulsified at any drugstore, and a few ounces will last the whole family for months.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can't hurt you, and it certainly ends the torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quick relief known. Nothing has such concentrated, penetrating heat as red peppers.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

TODAY'S BEAUTY HELP

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthrox, which you can get from any good drug store, dissolve it in a cup of hot water, then make a full cup of shampoo liquid, and so it is easy to apply it to the hair instead of just the top of the head.

Beauty

The greatest line of beauty is the curve. This beauty is an integral part of every Lloyd Loom Baby Carriage as shown in the exclusive "shell" design of the bodies—a graceful bowl shape, woven of endless wicker, with a continuous sweeping curve from side to front, unbroken by corners or by concealed short ends of wicker.

It was Marshall B. Lloyd who invented the method and loom which weave beauty into Baby Carriages and Wicker Furniture thirty times faster and finer than the old hand weaving method. These inventions cut labor costs, enabling us to weave the finest wickers, use the best materials, employ the most skilled workmen, add the latest refinements and still sell our wicker products at very moderate prices.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets. The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—daily give with no sparkle. Your doctor will tell you 90 per cent of all sickness comes from inactive bowels and liver.

GIRLS! LEMONS WHITEN ROUGH CHAPPED HANDS

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten rough, rough or chapped hands. This home-made lemon lotion is far superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to rosy and bring that soft, clear, rosy-white complexion, because it doesn't irritate.
