MARGOT ASQUITH DECLARES UNITED STATES POORER AND LESS WISE AS RESULT OF INAUGURATION OF PROHIBITION ACT

Ardent Advocate of Temperance Says Drink Has Increased, and That Young Men and Maidens Who Before "This Exaggerated Interference" Would Have Been Content With Lemonade, Think It Smart Now to Break Law "Every Day and Night of Their Lives."

"YOUNG MEN AND WOMEN SHARE WITH THEIR FRIENDS AND ADMIRERS ALL THE PLEASURES THAT GO WITH DEFYING THE LAW."

Too heartsick to dress again, she threw on a kimono and went out to the dark, deserted kitchen. It was a pitiful let-down from her glowing ex-pectancy of the brilliant dinner at the Astor-Ritz. The ice-box was forlornly empty, only the remnants of yesterday's roast beef—mostly fat, and some cold Brus-sels sprouts.

Too woe-begone to eat herself, she served Warren in aloof silence. "No soup?" ecowlingly he surveyed the meager fare. "No, there wasm't any stock. And we never keep canned soup—you say

"No, there wasn't any stock. And we never keep canned soup—you say you don't like it." "Well, you might have a few cans on hand for an emergency." "You said you didn't want much dinner—and you oughtn't to eat if you've a headache." Unable to swallow past the lump in her throat, Helen did not touch the bit of omelet on her plate. "Sulking? Too stubborn to eat, eh?" She did not answer. Just then she almost hated him. Always irritable when he had the slightest headache, Warren was now in one of his irascible moods. Yet he ate almost all of the four-egg omelet and some lean beef that Helen man-

Helen was already clearing the table. Was his suggestion that she leave the dishes solicitude for her or merely a desire to have her with him in the library as an outlet for his ill-humor? She had just finished and was turn-ing off the kitchen light when the telephone rang. As he did not deign to answer it, Heien rah in to its perelstent sum-mons.

"A Wonderful Help in Keeping My Figure Perfect" Says Beautiful Elsie La Bergere, in Telling of Her Amazing Restoration to Health.

"IT was by purest accident that I picked up a package I of Ironized Yeast just as I was about to give up the stage for a long needed rest. The results that it brought in me proved that it was just what I needed. For today I actually feel like a new born woman !"

Such is the amasing statement of Elsie La Bergere, known to vaudeville lovers all over the continent for the beauty of her figure. Miss La Bergere, for those unacquainted with her work, presents plastic poses in

acquainted with her work, presents plastic poses in porcelain and marble, with her remarkable posing dogs. "My stage work," continued Miss La Bergere, "put such a severe strain on my nervous system that every performance be-came a hardship. I lost my appetite, and always felt tired and worm-out. Then I discovered Ironized Yeast-and I really can-not give enough praise to it. I find it keeps me absolutely fit in every way, and that it is a great help in keeping the shape of my body in wonderful condition. Ironized Yeast has a per-manent place of honor in my traveling bag."

Ironized Yeast Can Help You, Too If you need more fleah-if you are pale, lacking in energy-or if your complexion is blemished by humiliating skin eruptions-try IRONIZED YEAST at once. Very likely you will be actually astoniabed at the improvement shown in you oven after the first 48 hours. For IRONIZED YEAST embodies a remarkable new scientific process-a process which easiles yeast to bring its spiendid results often in just kelf the small time.

How New Process Makes Yeast **Doubly Effective**

Doubly Effective The reason plain yeast or ordinary "vitamine tablets" fail to produce 100% results is because most run-down people cannot fully assimilate the wonderful health-building elements found in yeast. Some other agent, it is found, is necessary in order to quickly consert these vital substances into rich red blood, strength and energy. Tron, Science says, is of great value in convert-ing the food we eat into living cells and tissue. So working on this process, Scientists finally dis-covered the amazing process of ironization. It is this process which helps us to derive from yeast all of the wonderful benefits it holds.

"Gains 10 Pounds" "I have taken only 136 pack-ages of IRONIZED YEAST, yet have gained 10 pounds in 15 days." —Rev. L. W. V. "Pimples Disappeared" "My pimples and blackheads have disappeared, and my ap-petite has improved wonder-fully." —Miss D. B.

Bear in mind that not all combinations of yeast and iron will bring desired results. Yeast brings best and quickest results only when treated through the pro-cess of ironization. And this process is embodied only in IRONIZED YEAST, the one scientifically correct yeast treatment.

Nervous and Under-Nourished

SCIENCE TELLS A REASON WHY-Are you one of those whose diet consists principally of meat-soups, white bread, meats of various kinds, fish, potatoes, tinned fruits and vegetables, pies and cakes ? Then read what science says in regard to why you may grow thin, weak and emaciated, no matter how much you eat.

Arrangements have been made with local druggists to give every man and Arrangements have been made with local dirength, energy and vigor or to woman in this city, who wishes increased strength, energy and vigor or to round-out face and figure with good firm flesh, a large \$1.00 package of Genuine Yeast Vitamine Tablets, absolutely free, as explained below. This offer is good for five days.

Since the amazing discovery of Vitamines, science now shows why thousands may be weak, thin, nervous and undernourished on three or four big meals a day, while you may eat a much smaller quantity of eractly the same food and by adding Vitamines to it, you may often quickly put on good firm fiesh and obtain greatly increased strength and energy, provided your blood contains a sufficient quantity of oxygenated organic iron to enable you to assimilate your food properly. Without organic iron, both food and Vitamines are absolutely uncless, as your body cannot change lifeless food matter into living cells, fiesh, muscle, bone and tissue unless Firm

change lifeless food matter into living cells, fiesh, my you have plenty of organic iron in your blood. Organic iron takes up oxygen from your lungs. This oxygensted organic iron unites with your digested food as it is absorbed into your blood like fire unites with coal or wood and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes through your body without doing you any good. Blood examinations by physicians all over the coun-try have shown that an enormous amount of people are deficient in hemoglobin or iron content in the blood stream, and this is often the real underlying cause of a thin, emaciated, weak, nervous, run-down condi-

a thin, emaciated, weak, nervous, run-down condi-tion and it is for this reason that thousands of people may take Vitamines without obtaining results. It is not the fault of the Vitamines, but it is the fault of your blood. Therefore, in practically every case where Vitamines are necessary, organic iron is also
