RICH, DEEP SOIL.

How would you like to buy a tract of land at a distance of 6 to 14 miles from ABERDEEN and HOQUIAM, two very prosperous cities, and at a very low price, ranging from $20 to $50 per acre, with plenty of work right at your door to pay for same? Here is your opportunity. Railroad is under construction now through most of our land with logging operations adjoining our land for many years. All settlers and farmers can get steady work. We are selling our land on following terms: Cash, $25 or more and $10 or more a mo. at 6%, small or large tracts. Land is free from rocks and undergrowth, mostly level, accessible by splendid automobile roads, soil rich and producing enormous crops, for which the market is unlimited in Aberdeen and Hoquiam. Partly improved farms with buildings at $50 to $100 per acre and reasonable terms, same distance from Aberdeen and Hoquiam. Improved farms, including stock and farming implements from $100 to $300 per acre. Owing to important developments on GRAYS HARBOR, an investment in land will bring splendid results. Get in on the ground floor. A word to the wise is sufficient. For further information write at once.
