BABIES MAKE HIGH SCORES IN EUGENICS CONTESTS HERE

Parents' Educational Bureau at Courthouse Furnishes Advice and Information Without Charge.

THIS array of charming babies includes a few of those recently tested at the eugenics clinic at the parents' educational bureau, 551 courthouse, where tests are made Wednesdays and Thursdays of each week, previous appointments having been arranged for with the executive secretary, Mrs. Anne H. Bayly, by telephoning Marshall 235 for same.

No exception is made as to sex, religious affiliations, worldly status or race, as it is the firm belief of the bureau that these things are of small moment beside the great aims in view and also that "The captain's lady and Judy O'Grady are sisters under the skin." Therefore the child of more humble parentage is given the same degree of close attention by the fine representatives of the very best medical and surgical specialists, who are in attendance at the clinics, as is awarded the baby cradled in the very lap of luxury.

Young Mothers Invited.

There may go the very young mother, puzzled by the great responsibility devolving on her, sure that she will be received in the most kindly way and that the advice given her will be of authoritative value. If, with good intentions, but out of lack of knowledge, she has not been using the most excellent judgment in her system of diet or other treatment, she will be advised of the finest and most modern methods in use to gain the best results.

Courtesy and friendliness are the watchwords, the objective point being to furnish for parents a clearing house of information on pre-natal care, better babies, sex hygiene, food for infants and the moral training of children. The testing age is between that of six months and six years, but advice is given regarding children of any age.

William Richard Bently and Patricia Bently are the attractive children of Mr. and Mrs. W. H. Bently of Dundee, Or. William scored 100 per cent at 4 years and his little sister 99 per cent when 2 years old.

Herbert Struck, son of Mr. and Mrs. Paul Struck of 955 East Twenty-seventh street North, scored 99½ in a recent test.

Business Women to Honor National Vice-President.

Miss Lota Kelley Will Be Guest at Dinner Wednesday Night.

WITH a programme featuring nationally recognized women and the issue of the national convention to Portland in 1923 looming large, the second annual convention of the Oregon Federation of Business and Professional Women's Clubs promises to go down in the annals of women's organizations as one of the most important meetings ever held in the state. Officers and committees of the federation are perfecting plans so that business can be expedited when the convention meets for its one-day session next Wednesday. Honoring Miss Lota E. Kelly, national vice-president, a dinner will be given in the evening at the Chamber of commerce. Another guest of interest on this occasion will be Dr. Amy Shumaker, president of the Colorado federation, who is now traveling through the western states organizing for the national federation.

Letters received from clubs in various towns indicate that there will be a large attendance and express keen interest in the movement to organize the business and professional women of Oregon. Invitations have been sent to towns not yet affiliated with the state federation, asking them to attend the convention. The Portland Business Women's club will keep open house all day in the headquarters at the Central building.

It is expected that the convention will make possible a wider and more general campaign to bring the national meeting to Portland in 1923. When delegates learn how favorably the invitation of Oregon is being received by eastern clubs, it is thought that many women throughout the state will go with the special car from Portland over the Union Pacific to Chicago and thence by the Dixie Flier to Chattanooga for the national convention in July. Miss Louise Hacker, chairman of the transportation committee, reports that the special car chartered by Oregon will pick up delegates from Washington, Idaho and Montana and that the delegation from Minnesota and Nebraska will join them at Chicago. Dr. Shumaker of Colorado, who conferred with state officers here a few days ago, said the western states are solidly behind Oregon in its effort to have the national convention staged here next summer.

Wednesday will be a busy day for visiting delegates. In the morning there will be an informal reception and some special meetings of committees as well as verification of credentials. The afternoon will be devoted to election of officers and the discussion of business. In the evening at the Chamber of Commerce Miss Lota E. Kelly of Raton, New Mexico, who is a successful merchant and business women of broad experience, will give an address. Dr. Amy Shumaker, national organizer and president of the Colorado federation, will bring an encouraging message to Oregon. The musical programme will be given by Mrs. Mitelyne Fraker Stites. Other features of interest will include brief talks by prominent out-of-town delegates.

Delegates who arrive on Tuesday evening are invited to attend the card party given on that date by the hostesses for the local club in the Central building. The Women's Advertising club asks out-of-town women attending the convention to join with them in their regular weekly luncheon at the Multnomah hotel Wednesday. Reservations for the dinner at the Chamber of Commerce should be made with Miss Adelia Pritchard at Tabor 4942 on Tuesday.

According to a presently established custom in the Women's association of the Atkinson Memorial Congregational church, the time has arrived for the quarterly birthday party. All women having birthdays during the months of April, May and June are invited to a "One O'Clock" luncheon, Thursday, in the social rooms of the church, and all women who have become aware of these delightful events are invited to share in the joys for the small sum of 25 cents a plate. The Loyal Bereans, the young people's Sunday school class taught by Ralph Harris, made the recent birthday anniversary of their pastor, Rev. Mr. Crockett, the occasion for a merry surprise party. The merrymakers carried out a well-planned series of games in charge of George McKean. Miss Minerva Wilson was chairman of the committee which provided a dainty repast. Miss Lila Pierson is president of the calss. Charles Protzman presented the minister with a pair of ornamental book ends on behalf of the class. Mrs. Crockett assisted Mr. and Mrs. Harris in making the evening a happy one.

The home economics classes held last week by the women's auxiliary of Piedmont Presbyterian church were a success both financially and socially. The women also claimed to have learned a great many new ideas to apply to their cooking and other domestic activities. However, one success of the auxiliary does not mean rest to them, but increased endeavor toward making more for the church activities. On June 1 and 2 they are planning a rummage sale to be held in lower Albina and are sending out calls at present to all members and friends of the congregation to collect material for this sale.

Woman Does Useful Work as Mother to Japanese.

Americanization and Christian Religion Taught Orientals.

YAKIMA, Wash., May 20.—After having acted as "mother" to five Japanese households in this vicinity, Mrs. George McKay is looking forward with a great deal of pleasurable anticipation to assuming the same duties in six other families. In time she hopes to render like service for each Japanese family in this part of the state where her presence is desired.

Besides teaching the Japanese farmers the principles of American citizenship, Mrs. McKay is spending a great deal of effort in spreading among them a knowledge of the Christian religion. In many of the Japanese homes she has found Japanese Bibles, and these she employs in her teaching.

"In many ways the Japanese women are more sanitary than we are," Mrs. McKay said recently. "In one of the Japanese homes where I have been I found that the women scrubbed the whole house every day.

"I find that the Japanese women are especially anxious to learn how to make bread, pies and cakes. Once in a while I find families that prefer the Japanese style of food, but there is nothing wrong in that.

"Most of the Japanese are making real sacrifices to keep their children in school. The children are bright and work hard."

Mrs. McKay remains in each home she visits a minimum of three days.

Richard Nance of Washington high school made the announcement that an exposition would be given at that school May 26 and 27, and urged the presence of all, especially the parents of coming students. At the election of officers, a unanimous ballot was cast for Mrs. Ralph H. Wyman, president; Mrs. Ralph Ackley, first vice-president; Mrs. B. P. Rand, second vice-president; Mrs. Ray Landen, secretary; and Miss E. A. Hell, treasurer. At the close of the meeting the retiring president, Mrs. George A. Douglas, was presented with a gift, a beautiful casserole, in appreciation of her services. The children of Miss Sorenson's room each received a bag of peanuts for having the largest attendance of mothers, and her room also received the contest picture, "Springtime," for having the largest enrollment of parents during the year.
