The Universal Combination

The range for better baking, for ease in cooking. For hot days, for cold days or the kind in between there is no range quite like the Universal.

Two complete stoves in the space ordinarily occupied by one. It burns coal and wood or gas. Affords a cool kitchen when you want it, with the quick service of gas. For chilly days there is cozy warmth and abundance of hot water.

Reduces labor, saves fuel. It is handsome in design, compact and durable.

Bohn Refrigerators

stand the test—they have been proved and tested under extremes of temperature and atmospheric conditions. Hundreds of them are sent every year to Cuba, Honolulu and other tropical and semi-tropical countries. They are used exclusively by the Pullman Company and the railroads in their dining and buffet cars, under most trying conditions.

Refrigerators to "stand up" under these severe tests must be reliable—they must have the "goods" in them—they must be efficient in all that the word implies.

We are sole agents for Bohn refrigerators.

The Business of Keeping House

—is the greatest business in the world, yet it is more poorly provided with time and labor savers than any other business. The

Universal Washing Machine

is one of the greatest of household labor savers—it washes everything in the ideal way. It does away with all hand labor of washing and wringing. It does the washing in a fraction of the usual time and increases the life of clothes over the old "rub board" or "laundry" methods.

Let us show the Universal to you. Let us demonstrate its many exclusive features. Moderately priced at \$150.

The Exotic Beauty of Oriental Art

portrayed in this collection of genuine hand-made

Exquisite Chinese Rugs

They present a marvelous blending and combination of colors that is at once rich and colorful—but never too pronounced to detract from their beauty. The patterns themselves are of a wide variety and hold an almost narrative charm. The individual motifs are hand carved and stand out from the deeper-toned backgrounds in an effective manner—seldom seen.

These rugs come in the large sizes so in demand—8x10 feet and 9x12 feet—and are unwashed, retaining the original mellowness of the colors.
