BUSINESS OPPORTUNITIES.

BUSINESS OPPORTUNITIES.

A GOOD INVESTMENT.
One of the greatest possibilities in Oregon and one that directly or indirectly benefits the most people is her production of food products, prominent among them are fruits and fruit products. The Brown-Shipley Co, have been prominently engaged in the manufacture of preserved fruse and julces for a number of years at Sheridan, Or. Their brands are well known and are in big demand; in fact, so streat is the demand that present facilities of manufacturing are inadequate to cope with the ever-increasing demands. Plans have been compelled to build a modern plant in Portland, where the latest type of machinery will be installed. \$15,000 of the common stock is now being offered at par. Men who are seeking an investment which promises great future with a company that is a contender for large business in all markets of the world are invited to call at our offices at \$62-403-404 Oregon bidg., for full information.
