REDS' PROGRAMME

of Soviet Defeated.

GOMPERS FACTION WINS

Unions Agree to Enter Politics This Fall to Elect Friends of Organized Workers.

CINCINNATI. June 24 .- (By the Associated Press.)-Adoption of a programme calling for a non-partican political campaign this fall to elect the friends of organized labor and an overwhelming defeat of the radical forces that favored recognition of the Russian soviet govern-ment marked the closing session today of the American Federation of

Labor convention.

Labor's political stand was adopted without discussion, including a resolution calling on all union men and women to enter more actively into politics with the purpose of "ultimately controlling the machin-ery of our national government" by capturing the republican and democratic parties, but the Russian ques-tion stirred up spirited debate that was ended only on account of the parliamentary maneuvering of yes-terday having shut off the flood of

Gompers Faction Wins.

The declaration against the soviet was the third taken by the federa-tion and was a victory for the administration forces led by President Gompers, who, in a formal statement tenight, declared the action on the Russian question was of "especial significance" because "not a single local union has been overlooked by the propagandists for goviet brutality and autocracy."

The federation's political campaign, as favored by a committee re-port that was adopted provides that the general conduct of the campaign should be left to the executive com-

mittee of the federation. The approach of sine die adjourn-ment apparently made the delegates refrain from debate, and finally they hurried the end by directing that unfinished committee reports be in-corporated in the convention proceedings and, if any required action, that such be taken by the ex-

Committee Reports Indorsed. This was regarded as tantamount

to blanket endorsement of the committee reports, the only one of im-portance that was not presented beportance that was not presented being that of the special polloy committee on industrial court laws,

the same privilege that the wrest. legislative enactments.

Aside from the political and the Russian questions, the convention disposed of a mass of miscellaneous business in a hurried fashion. For the seventeenth time the claim of jurisdiction of the glass workers over the making of molds for glass containers was affirmed by the convention, the decision being against

the machinists. Two representatives in congress were praised by the adoption of a committee report, which said they Had "thwarted a scheme of reactionaries in the house of representatives to appropriate money for the de-partment of justice to prosecute, or rather persecute. labor and the farmers under the anti-trust act." Pless representatives were Repre-entative Nolan, republican, Cali-ornia and Representative Johnson, voted an expression thanks for their work,

Olive Branch Sent Farmers.

Efforts by organized labor to join hands with the farmers for mutual benefit was approved by the con-vention in adopting a committee report directing the council to con tinue to do "what it can in further-nice of such educational work as will acquaint the farmers with the issues that not only affect the wage workers but the farmers as well."
A resolution also was adopted put-ting, the federation on record in

opposition to "blanket legislation" for the repeal of laws that discrim-inate against women. adjourning the convention

President Gompers praised its work, referring especially to the action against the Russian soviet as "fundamentally righteous." He also de-clared that the convention had demonstrated that organized labor stood 100 per cent in support of the American government and Insti-

tutions." formal statement tonight, Mr. Gompers declared the convention closed "with a constructive American record of which we are proud," and, he added, "we have sought to do those things which would be of service to all of our people and which would expand the opportunities and liberties of all men, women and chil-

From Bank Vaults and Jewel Boxes

Much jewelry can be reclaimed by replacing a stone or a pin. Now is the time to have those pieces restored to use. No doubt a watch suitable for your vacation after repairing would save you the purchase of a new one. If your old jewelry is out of style let us make suggestions or submit designs to utilize the stones in modern settings.

Bring your jewelry to us for expert examination before you leave for the summer. Make this a yearly habit. Many stones that appear perfectly secure may prove to have insecure settings when examined by an experienced jeweler.
