Labor Leaders Say Strike Nearly 100 Per Cent Effective; Government Ready to Act.

CHICAGO, July 4 - (By the Asso. clated Press.)-With the countrywide strike of shopmen declared by union leaders to be practically 100 per cent perfect, the nation's great its work without interruption.

Railway executives were unaniexpressing their belief that the strike would have little effect on the operation of their roads and at the same time asserted that any move toward a settlement would have to come from the United States

B. M. Jewell, president of the railway department of the American Federation of Labor, who yesterday refused to appear at a federal inquiry into the strike call, reiterated that the only basis for a settlement was for the roads to agree not to put into effect wage decreases recently ordered for the shop men by

Federal Tribunal Ignored.

Mr. Hooper asserted that the strike was called against the deciclons of a federal tribunal overrulings laid down after careful con-"strikebreaker."

The walkout began in all sections of the country promptly at 10 state nominations. A. M., and in many places took on singing and cheering as they threw sweep all their candidates into the a dog. Late 128 of the 201 class 1 roads showed

practically a 100 per cent walkout. The only display of force reported during the day was at Beardstown, Ill., where several hundred shopmen, after failing to persuade four companions to join them in the Allyn against his wife, Sarah I. carried them out. "We sent them a divorce, the defendant today filed home," the leader was quoted as an answer to the complaint, saying, "to avoid trouble." In Chicago, the hub of the walkout, where the past 25 years has compelled her it is estimated 100,000 men are affected, no disturbances of any kind counting where she now is, and that were reported and all of the roads claimed that both passengers and freight were being handled without interruption of any kind.

For some time the officers of the bank have had under consideration an increase in the capital stock. Early in the current year the plans took definite form and the stook-

holders voted to double the capitalization. The new stock was soon paid in, in cash, and authority for the increase was asked from the treasury department. Telegraphic approval of the request was received from Washington, D. C., yesterday and the announcement was then made to the public.

When the Northwestern National bank first started business it had a capital stock of \$50,000, resources of \$2,500,900 and 2400 depositors. The growth of the institution was rapid from the beginning, and in 1918 it was found necessary to increase the capital stock to \$1,000,000.

Since that period the growth ha been steady and the bank now has a capital and surplus of \$2,400,000, resources of more than \$20,000,000 and depositors numbering 33,000. Forecaster Wells Says There I Nothing to Indicate Any Change From Present.

Continuation of fair weather today, tomorrow and Tuesday was the assurance given by District Forecaster Wells to all travelers who contemplate a three-day trip over the Fourth of July. The forecaster was not entirely confident, but he said late last night that there was nothing to indicate a change from

the prevalent fair weather. Both the maximum temperature and the wind were higher yesterday than they have been for several days. About 4:30 o'clock in the afternoon the thermometer registered 89 degrees, 6 degrees higher than or Friday, and equal to the highest temperature of June. The prevailing northwest winds were blowing at the rate of 12 miles an hour.

While it was generally considered that June was an extremely hot month the monthly summary prepared by the weather bureau showed that it broke no weather records. APPEAL OF CASE LIKELY

Judge Campbell to Pronounce Sentence on Prisoner Wednesday; Death Penalty Certain.

OREGON CITY, Or., July 1 .- (Special.)-"Guilty of murder in the first degree" was the verdict brought against Russell Hecker here today. After deliberating for 59 minutes the jury which was trying him for the slaying of Frank Bowker, Portland musician, returned a verdict upholding the indictment for the crime committed at Clackamas station Easter Sunday.

Under the verdict Hecker must be entenced to hang.

Hecker, standing before the bench o hear the verdict, sank into a chair. For a moment he sat as if stunned, then slowly let his head sink into his hands. But he did not cry. Downstairs his mother, whose face had grown more haggard as the trial progressed, went into hysterics. Her shricks, which filled the courthouse, did not stop until a physician was called. Almost unonscious, the woman was removed to a hotel room, where she received mmediate medical attention.

Nellie Lainhart, Hecker's sweetneart, shricked with grief upon being infomed of the verdict. Later, in the sheriff's office, she lay despondent in the arms of the 24-yearold youth who next Wednesday will hear from Trial Judge Campbell the sentence for his crime for which he was convicted by the jury withut recommendation.
