

GERMANY'S MURDER EPIDEMIC GOES ON

Monarchist Plotters Unrestrained, Says Harden.

317 VICTIMS DEMOCRATS

Latest Killing Declared Biggest Blunder of All—Flag of Republic Openly Flouted.

It is within the range of probability that the convention will offer a complete state ticket and a congressional ticket to boot.

Throughout the downtown district of Portland for days past there have been petition circulators, men and women, soliciting signatures for proposed initiative measures. The state grange has been well represented and so has the tax-reduction league. The appeal made by the small army of circulators to the passing through has been "Sign and reduce taxes." The petition peddlers do not argue, propose initiative measures, but announce "make the rich pay taxes." They haven't had much trouble securing signatures from passers-by.

Income Tax Favored.

State Master Spence of the state grange says that the income tax favored by that organization is being fully signed up and will have an abundance of names. He also expects the tax measure of the bankers, as he expresses it, to have enough names to be filed. The latter measure is for a constitutional amendment while the income tax of the grange is not. If the constitutional amendment carries—even though the grange bill does also—the former will take precedence and the grange will have had its labors for nothing.

Intended also for the November ballot is the measure cutting off the billings for the University of Oregon and the Oregon Agricultural college. This measure is sponsored by J. C. Cooper of the tax-reduction club.

Speaking a voter here and there are circulators who want aid for the "industrial labor party." The petitioners, in fact, explain that the name is merely needed in order to name H. A. Upson, D. Berglund, H. Catching, J. R. Nashelm and M. O. Johns as a state committee. Those who take time to read the petition before affixing their signature will see that they are joining the proposed "industrial labor party." If the "party" can gain official recognition the state will have on the ballot in November an initiative for representative in the third congressional district.

Democrats to Meet.

When the state republican committee organized a week ago State Chairman Toole, by resolution, was authorized to appoint an executive committee of men and women, which would handle the campaign. The executive committee is to select a secretary.

Dr. C. J. Smith, present chairman of the democratic state committee, returned to Portland yesterday after an extended eastern trip. The state committee will meet and organize as soon as Dr. Smith can issue a call.

E. T. Hedlund, democratic county chairman, announces the personnel of his executive committee as follows: George L. Smith, Robert A. Miller, Bert E. Harty, Joseph K. Carson, Edgar Freid, Carl C. Donagh, Alex Sweek, Bertha M. Cook, Esther N. Smith, Ashby Dickson. Special committee are: Publicity, Bertha M. Cook and Carl C. Donagh; finance, Ashby Dickson; L. Smith; banquet, Alex Dickson and George L. Smith. Democratic headquarters are now at 122 Chamber of Commerce building.

FORTY-ACRE TRACT OF TIMBER BURNED

Fire Destroys Large Area on Buckley Avenue.

FLAMES UNDER CONTROL

Frightened, But County Crews Prevent Spread of Blaze.

Forty acres of timber on Buckley avenue, just off Sandy boulevard, were swept by fire yesterday afternoon, necessitating the calling out of firefighters by the county sheriff's office and the county road department. At a late hour it was reported that there was no danger of the flames spreading and that nothing could be done but let the fire burn itself out.

The first call was turned in by a woman early in the afternoon. Sheriff Huriburt dispatched Deputies Schirmer, Tally and Beeman to the scene to take charge of the fire-fighting. In the meantime the roadmaster had been notified and had ordered a crew out. Roadmaster Eichel taking charge personally.

Residents in the neighborhood, of the flames were badly frightened for a time, judging by the number of excited telephone calls received by the sheriff.

TWO DANGEROUS FIRES SEEN

Flames in Cowlitz County, Wash., Timber Belt Are Fought.

KELSO, Wash., July 1.—(Special.)—Two dangerous fires are burning in Cowlitz county timber belts in addition to the Upper Cowesman fire, which has been brought under control. At the Laman-Poulson camp a bad slashing fire is burning and threatening to sweep into green timber, requiring a large crew of men to watch it. The Long-Bell Lumber company, which owns timber to the north, also has a crew of fire fighters on hand to combat this blaze.

On the Toulte river a fire is reported to be burning north of the Luebke place, where a bad fire hazard was left by last year's silver thaw, which broke down trees. The extent of this fire could not be determined, but it is surrounded by virgin timber.

STATE BANK ADVOCATED

NON-PARTISAN OF OREGON PROPOSE INSTITUTION.

State Convention at Silverton Decides to Have Full Ticket in Field in November.

SILVERTON, Or., July 1.—(Special.)—A state-owned bank in Oregon, modeled after the bank in North Dakota, will be favored by the Oregon non-partisan league, according to a resolution adopted by the league at its convention here today. The league also decided to have a full ticket in the field at the coming election.

The session was a continuation of the adjourned meeting recently held at Clackamas. A picnic dinner was first on the programme, and at its conclusion the convention began its business session.

The convention deferred selection of candidates for another meeting to be called by F. H. King, chairman. The programme included an original platform to be presented to the public. A debate on the question: "Resolved, That the single tax initiative measure now before the people of Oregon would be more effective and accomplish more than the non-partisan programme." J. R. Eickman of Clackamas took the affirmative and H. H. Steward of Clackamas the negative.

GORGE CAMP IS OPENED

S. C. Lancaster Makes Improvements in Bonneville Tract.

HOOD RIVER, Or., July 1.—(Special.)—S. C. Lancaster today opened his Columbia Gorge camp at Bonneville to the public. A crew of men has been engaged the past two weeks improving the forested tract along the Columbia river highway. Electric lights have been installed and a spring higher up on the canyon side has been tapped to furnish water.

It will be ten days before snow-banks in the forest and the condition of the last two miles of the road in the Oregon national forest will permit Lancaster to begin development of his camp at Lost Lake.

WALL OF FIRE DESTRUCTIVE

Hydro-Electric Plant of Seattle Menaced by Forest Flames.

BELLINGHAM, Wash., July 1.—A wall of fire six miles long and less than a mile in width was reported today from Newhalem, a site of the hydro-electric plant of the city of Seattle on the upper Skagit river. Three miles of railroad built beyond the power plant for carrying supplies to dam and tunnel was said to have been destroyed. A force of men under the leadership of a national forest ranger is fighting the flames.

The town of Newhalem, it was said, is not in danger.

Forest Fire Crew in Field.

ROSEBURG, Or., July 1.—(Special.)—Forest lookouts, rangers and trail and fire crews, left the city today to begin the fire-fighting season.

Because of the early dry weather a careful lookout is being kept and extra precautions will be taken. The fire prevention work this year will be handled in the field by a central dispatcher, instead of from the city.

WEEK IN POLITICS BIG

(Continued From First Page)

and came to Portland a week ago to talk it over. However, the Hall contest must first be disposed of.

The state convention of the tax reduction clubs is expected to come out with an independent candidate of its own for governor, pledged to follow the particular platform of the clubs. Half a dozen names have been mentioned as the possible choice of the convention, and Seymour Jones of Marion county is particularly good standing with some of the convention leaders. Neither Olcott nor Pierce will be induced by the tax club meeting.
