ONLY THREE OF 15

Workers Making Strenuous Efforts to Get Necessary Per-

centage of Signatures.

SALEM, Or., July 1 .-- (Special)-Of the 15 constitutional amendments and measures, which it is proposed to refer to the voters of Oregon at the general election to be held November 7, only three have been com-pleted through the filing of proper petitions with the secretary of state. July 6, under the law, is the last day on which completed petitions for the November election may be filed.

Amendments for which completed petitions have been filed include the single tax amendment, initiated by the Oregon Single Tax league; sal-mon fishing and propagation amendment initiated by G. G. Green of West Linn, and the 1925 exposi-tion tax amendment initiated by the Atlantic-Pacific Highway and Elec-trical Exposition commission. In each instance the completed petitions for these amendments contain

the sufficient number of signatures. Fee Is Required.

Affirmative arguments supporting any such amendments or measures under the law must be filed not later than July 15, and can be pre-sented and filed only by the person, committee or duly authorized offi-cers of any organization filing any petition for the initiative. Arguments opposing any amendment or measure can be filed by any person, committee or organization for in-clusion in the pamphlet copy of the measures, but with such arguments, as with all affirmative arguments, there must be tendered a sum of money sufficient to pay all the ex-penses for paper and printing to supply one copy with every copy of the measures to be printed by the state.

As there are approximately 325. 000 registered voters in Oregon, the cost each page for both affirmative and negative arguments on any amendment or measure will be ap-proximately \$120 for each page of space which any of such arguments may occupy in the pamphlet copy of the measures. Negative arguments can be filed at any time up to and including July 25. The constitution provides that initiative petitions shall be filed with the secretary of

lection of Millions.

HAVANA, July 1 .- Alleged illegal collection of nearly \$10,000,000 a year from the Cuban people through violations of the national lottery law was ended today by presidential de-

Pointing to the wide variance he tween present methods of conduct-ing the lottery and those set forth in the laws of July 7, 1909, and July 9, 1912, which established and regu-lated the institution. Fresident Zayas ordered reforms intended to remove the lottery from the set remove the lottery from the cate-gory of political spoils.

Mine Interest More Keen in Eastern Oregon.

News From Granite District Indi-cates Prosperous Year—Smelter to Reopen,

MORE interest is being mani-fested in castern Oregon mines than in a number of very mani-we passed it without mishap, had not we read yesterday morning of than in a number of years. News the body found in the river. It was from the Granite district indicates 'drivers' intuition' that told us a prosperous year for the mines of that locality. From every locality comes report of prospectors getting busy and a number of discoveries of terest is taken among the miners in the reopening of the smelter at Sumpter. It is felt the opening of this plant would be a great incentive for developing the mining interests

the country, says the Baker Herald.

Bond Offer Best Ever Made.

The council met Tuesday evening and accepted the offer of the Clark-Kendall company of Portland to take the bond issue to be voted upon at the election July 31. Acceptance is subject to ratification by the voters, and the offer is considered a very good one and the best ever made for a Hillsboro issue. According to its terms the company is to pay par, accrued interest and a premium of \$15.75 each \$1000. In addition it will supply the printed bonds and all legal services incident to the deal, the two latter items representing several hundred dollars. The bonds
