Half Dozen States Assemble Soldiers.

CLINTON, ILL., BOY SHOT

Two Men Are Wounded by Private Guard.

PICKETING IS ENJOINED

Chicago, Burlington & Quincy Obtains Order—New Orleans Court Also Acts.

CHICAGO, July 8.—(By the Associated Press)—The calling out of troops in Illinois, the assembling of soldiers in half a dozen states and the intervention of the federal courts in the nation-wide strike of railway shopmen marked the close of the eighth day of the walkout tonight.

The Chicago, Burlington & Quincy railroad tonight obtained a federal injunction here restraining picketing at the Aurora shops, while earlier in the day an injunction was issued at New Orleans restraining strikers from interfering with trains on the Southern Pacific and at Council Bluffs, Iowa, the Burlington obtained a temporary restraining order directed against striking shopmen in southern Iowa. A half dozen other railroads were expected to follow the lead of the Burlington here. Department of justice officials at Washington were investigating reports that strike leaders were interfering with the mails.

Troops Sent to Clinton.

Leutenant-Governor Sterling of Illinois tonight ordered troops to Clinton, where an outbreak was threatened following a clash between Illinois Central guards and strike sympathizers in which a boy was killed and two men, one a striker, were injured.

One bright ray appeared through the threatening strike clouds to-night when D. W. Heit, president of the Brotherhood of Railroad Signal Men, announced that he would withhold strike orders to 14,000 signal men pending the preparation and submission of a programme to the United States railroad labor board.

All-Day Parley Held.

Mr. Heit's announcement was made following an all-day conference with W. L. McMeniman, labor member of the board. This was the second time within a week that members of the board have intervened to stop an addition to the strikers' ranks, walkout of 400,000 maintenance of way men having been postponed in this manner a few days ago.

With B. M. Jewell, head of the shop crafts, and the labor board each standing firm in the attitude that peace overtures must come from the other, the railroads tonight were girding for the second week of the struggle, determined to maintain uninterrupted transportation and thus break the strike.

Many roads were preparing to open their shops the first of the week, when the ultimatum to strikers to return or lose their seniority rights expires. Some carriers have applied for troops to protect employees and property. In this move, others are making arrangements to afford private protection to employers who remain at work, and others that are being employed.

Nothing Is Accomplished.

Efforts looking to an immediate settlement of the strike apparently accomplished nothing today. Following the statement yesterday of Chairman Ben W. Hooper of the labor board that the board had no power to mediate the strike so long as the men remained away from town.

Week's Auto Trip From Washington to Ohio Is Ended.

WASHINGTON, D. C., July 8.—President Harding returned to the White House late today from his week's automobile trip to Ohio.

During his absence President Harding attended marine maneuvers at Gettysburg, the centennial celebration at Marion, O., and a reception in honor of Mr. Kent.

In addition to making several stops along the route for brief addresses.

The final day of the return trip, which was the 31st wedding anniversary of the president and Mrs. Harding, was spent in travelling.

During the morning between Uniontown, Pa., where the last overnight stop was made, and here.

OLD WONDERS FOUND IN JOSEPHINE CAVES

GREAT CAVERNS MAUSOLEUM OF PAST AGES.

Fossilized Record of Faunal Life of Distant Period Believed to Have Been Found.

VANCOUVER, Wash., July 8.—(Special)—Oregon's marble hairs, the noted Josephine caves, which have attracted more than 2000 tourists since the opening of the highway in the latter part of June, is also a marble mausoleum, an archive of the ages, having stored under its stalactic incrustations a fossilized record of faunal life which in all probability flourished on the western shores of this continent at that distant geologic time when man first appeared upon the earth, says Dr. Earl Packard, head of the University of Oregon, department of geology.

Dr. Packard, with a party of students in the geology department at the university has just returned to Eugene from a stay of two weeks in southern Oregon examining geological formations.

The members of the party last Thursday found animal bones in caverns never before visited by tourists and it is the belief of Dr. Packard that these caves will reveal to science not only a history of the distant past, but also will give to geologists a more accurate knowledge of the time when the Klamath mountain system was raised from a level plain into lofty ranges of metamorphic and igneous rocks.

From the data gathered by the university geologists it appears likely, said Dr. Packard, that the bones taken from the caves will be determined as pleistocene in age, and if such is the case he points out that their value will be enhanced.

STANFIELD HOME SOLD

F. E. Judd of Pendleton Buys Residence of Senator.

The residence of Senator and Mrs. R. N. Stanfield at 271 Cornell road was sold yesterday to F. E. Judd of Pendleton for \$25,000, according to an announcement made yesterday.

Mr. Judd has leased the residence for the last year preceding his purchase. The home is considered one of the best and most modern in that district.
