HOQUIAM WANTS MAYOR

COMMERCIAL CLUB TO SEEK SOLUTION OF TROUBLE.

Acting Executive Is Accused of Conspiring to Hold Office as Finance Commissioner.

HOQUIAM, Wash., July 8.—(Special.)—The mayorality situation in Hoquiam, after three months of being a city without a mayor, is still an active morsel of conversation at the luncheon of the Commercial club yesterday, Alex Poisson, widely known logger, made a motion that Mr. Babcock be appointed temporary mayor. The motion carried with acclamation, but was ruled out of order by Vice President Kniskern, who accepted a motion that Mr. Babcock be appointed a committee of one to call upon the city commission and discover the intention of the remaining city commissioners relative to appointing a mayor—if he could.

SHOP STRIKE COMPLETES ULTIMATUMS TO WORKMEN DECLARED INEFFECTIVE.

Shops Running, but Largely With Men Engaged by Companies Through Advertisements.

Ultimatums to striking shopmen issued by the various railroad companies. It is said, have not had the expected effect. The strike continues, the majority of the men are out, and, while the shops are running, the men employed, by a big majority, are those who have been hired through advertisements. The Union Pacific three days ago issued notice that its men must return to work by 3 o'clock yesterday afternoon or lose all seniority rights with the company. A small percentage of old employees returned to their tasks.

The shop forces of the Southern Pacific, Union Pacific and Spokane, Portland & Seattle railway were increased yesterday to some extent. The superintendent of the Albina shops of the O.-W. R. & N. Co. reported that from 39 to 40 men were being put to work in the shops daily and that within a short time the forces, though composed of non-union men, would be back to a normal basis. The Southern Pacific continued to hire men, as did the Spokane, Portland & Seattle railway. The union leaders contend that they are causing the railroads much worry and that trains are being delayed on all lines. This has been branded as "propaganda" by railroad officials.

Pickets are stationed at all shops and they are going about their tasks peacefully, not attempting to cause trouble. The unions have cautioned the men to refrain from starting trouble with the men recently hired or with those who continued at their jobs in the shops.

Three Rail Guards Quit.

E. A. Thompson, Portland, for the appeal board of the 75 guards at the O.-W. R. & N. Co. shops here quit as a result of the order yesterday prohibiting them from carrying weapons. A "no help wanted" sign has also been hung out at the railroad special agent's office, although earlier in the week it was announced that 150 guards were wanted. The strikers reported two men returning to work today and one additional man quitting. Figures on the number of men at work in the shops were announced by railroad officials. W. Collins, superintendent, stated that announcements of the strikers were "authentic."

Investigating the forest fire situation in Washington.

While construction is being completed this summer on the McKenna pass highway, the old military road across the Willamette pass will be looked to for a route through the mountains, it was emphasized by Supervisor MacDuff of the Cascade national forest in a letter to local forest headquarters. Slight repair work will be necessary in keeping the Willamette pass open.

Masons Have Banquet.

CENTRALIA, Wash., July 8.—(Special.)—Nearly 150 members of the Masonic fraternity sat down to a banquet last night at the Community house, following the laying of the cornerstone of the city's new Masonic temple. A. E. Rice, ex-judge of the Lewis county superior court, presided as toastmaster and informal talks were made by a number of visiting Masons.
