FAT WOMEN

Attention!

Do you want a figure like mine? You can have it, and at the same time eliminate crow's feet, wrinkles (the bane of every woman's life) and look and feel ten years' younger. For the next two months, beginning July 10th and continuing until September 10th, I am going to shake Portland and vicinity like an earthquake and if there are any fat women here when I leave it won't be my fault.

Beauty of form can be cultivated just the same as flowers are made to blossom, with proper care. Woman, by nature refined and delicate, craves the natural beauty of her sex. How wonderful to be a perfect woman. To know what to eat and how to eat. To not weigh one ounce more than is necessary for your height and all this can be done safely, inexpensively and permanently the only natural way—without wrinkles, remember, Better stay fat if you are going to be wrinkled. No drugs, records, cabinet baths, electricity, etc. There is no other way, as I will be glad to explain to you Free of Charge, and if there is anyone else in Portland who has anything better than I have to offer let them come forward now and tell the people about it. I invite criticism. This system of reducing "rings true" and that is what the people want—something that appeals to their common sense. I do not ask you to do one thing I haven't myself done. Ten years ago I weighed 190 pounds and today my weight is 125 pounds, and the reduction has been permanent. You may have all you need to eat three times a day or oftener, and you suffer no ill effects from the reducing, as I give you just what you are able to do, no more.

The cut shows my figure when I won first prize in Physical Culture Magazine for having the most perfect figure in the United States, but I had to make that figure. Women, wake up! Be advised. Don't carry around with you continually a load of ballast you can throw off like an old garment. You are just a good advertisement to the public that you are lazy when you do this.

You may pick up magazines and see wonderful reductions. I can show the greatest reduction by any woman in America by the day, week or month, and you will have the opportunity to avail yourself of this wonderful method of reducing right here in your own city for the next two months for the same price that you would pay for a piece of lingerie. A lady in Vancouver, Wash., reduced 86 pounds in 28 weeks. A woman in Seattle 133 pounds in 24 weeks. I, myself, reduced 63 pounds in 8 weeks.

Now, beginning the tenth of July and continuing until the tenth of September, I will reduce the first 100 women to normal for \$10.00 each, and I will also reduce the fattest women in Portland or vicinity FREE OF CHARGE. The mail order course is \$5.00 during these months, and I can take care of you just as thoroughly by mail as though you were here under my personal supervision, so there is no reason for any one remaining fat. And the best part of it all is that I take the fat of where it NEEDS to be taken off. Every woman has her problem. Come in classes, individually, or any way, but don't put it off. Get in all the time you can, and I can reduce you easily at the rate of five pounds a week. Have your figure permanently marshalled now.

No one in the city can compete with the price and no one can successfully compete with this system of reduction. Stand by your mirror, take an inventory of yourself, then come.
