Entertainers Are Distributed. No two artists of the same talent are included in the two concerts to he broadcast Wednesday night be-tween 8 and 10 o'clock. During the first hour will be heard Genevieve soprano soloist for St. Mary's cathedral; M. de la Parelle, a new baritone to Portland; Miss Margaret Laughton, a well-known and able flutist, and Miss Harriet Baughman, who played a number of cornet solos in splendid fashion last night.

the second hour, between 9 and clock, a concert will be given by Miss Dorothy Lewis, mezzo-con-tralto; Bernice Mathisen Bailey, vio-liniste, and Wilford Keeler, operatio tenor. Miss Lewis voice has been declared by many listeners at radio concerts to be one of the best adapt-ed contraltos broadcast by radio in Portland; Mrs. Bailey's violin play-ing and Wilford Keeler's singing will be remembered as important the recent triump chieved in the concert arranged by

Orchestra Friday Night.

Friday night Herman Kenin's Portland hotel orchestra will play in the radio tower again. This will be the regular weekly concert of dance music, and there will also be several vocal solos with the con-

Steps have been taken by J. B. Weed, operator of The Oregonian set, and local manager of the Shipowners' radio service, to stop or at least abate the interference of spark

Complaints were received Friday night and yesterday from hundreds of listeners that their entertainment had been greatly disturbed by the interference and in order to prevent a recurrence of the trouble, Mr. at 181 North Twenty-third street Weed has referred the matter to the Friday night. She was 87 years and radio inspector, together 8 months of age. The funeral will with the names of the interfering be held tomorrow morning from the REV. L. ANDERSON MATERI-

WORK IN PARKROSE WATER DISTRICT TO BE RUSHED.

Session Set for Tomorrow Night to Select Man for Drawing Up Specifications.

Selection of an engineer to make a survey of the new Parkrose water district and prepare an estimate of the total expenditure necessary in the installation of the project will be made at an official meeting of the new commissioners tomorrow night. Several bids were submitted at the regular meeting of the body Friday night, but the matter was held over pending further investigation and consideration by the com

With the selection of an engineer accomplished the work will be pushed rapidly and it is hoped to ar-range the bond election for the early fall. Milton R. Klepper has been appointed attorney for the district. Open meetings will be held at intervals to give taxpayers of the district an opportunity to lay before the commission any plans which they may have for the new water

More than 400 water users of the district will be supplied by the new system, according to the tentative plans of the commissioners. This will require the installation of several thousand feet of eight-inch mains to connect with the city tap at East Eighty-second and Fremont streets, and a number of smaller service pipes.

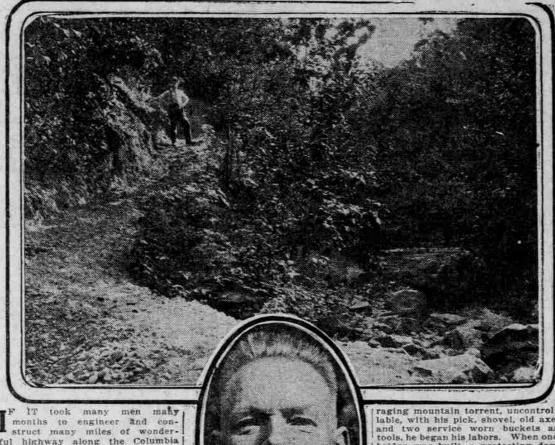

districts and has taken in a num-ber of new members.

raging mountain terrent, uncontrol-lable, with his pick, shovel, old axe, and two service worn buckets as tools he began his labors. When one bridge was built a protecting dam bridge was built a protecting dam tools, he began his labors. When one bridge was built, a protecting dam was needed to prevent the water pressure from sweeping the foundations out. Thus he set to work digging rock and gravel with his shovel, and carrying them in his buckets, to make a fill for a dam. Dirt, stones, trees were packed together, boards strengthened them, and the dam was perfected. Here clearance was needed; there it was necessary to go around.

"The main thing was "The main thing was through, to get through all the time," explained Elm as he led over the trail and proudly exhibited the result of his months of work.

"Ah. look at this," he exclaimed, puffing as he mounted a grade. "This was the hard job." he sputched. "Believe me, that was no joke," he declared to impress one with the accomplishment. There with the accomplishment. There with the stream entered a gorge-like with the accomplishment. There with the stream entered a gorge-like with the stream entered a gorge-like the stream entered a gorge-like trail up the trai

CITY SINKING FUND

Eastern Syndicate Offers 10-Year Period Plan.

PROPOSAL NOW PENDING

Minneapolis Company Will Take Care of Bonded Indebtedness Under Fiscal Arrangement.

A plan to create a sinking fund with which outstanding bond obligations of the city of Portland may e retired, has been presented to Commissioner Pier, in charge of the finance department, and will be con-sidered at a conference to be held at he city hall Monday.

The Investors' Syndicate of Min-neapolis, a corporation established in 1894, has presented the plan which representatives of the company declare, if adopted, and applied to the entire bonded debt, not only will insure retirement of the bonds will save the city millions of

. Company Presents Its Plan The company proposes to enter ito an arrangement with the city whereby a stipulated sum of money, based upon the amount of bonds in-volved in the initial deal, will be cured by first mortgages on Port

land properly, and deposited with the city in escrow.

Under the proposed arrangement the syndicate will place mortgages up to \$110 for every \$100 paid to it by the city in escrow as protection to the city.

The offer new key about \$26,000.

The city now has about \$26,000,000 in bonded indebtedness, including water bonds. Only \$4,000,000 of this amount could be retired at the

this city on his way south he became attracted by its possibilities, he breathed fresher air, and was persuaded to give it a try as a healthful climate.

Elm found himself a place of residence, secured himself occupation, and then sought for a pastime. What was more alluring than the beauties of nature in the immediate vicinity, easily accessible by foot, and undevastated by the inroads of humanity?

Elm, fond of nature and of visiting her in her isolated seclusion, berok himself to the western hills. Inknown to him was the time-old rivulet which wended its way toward the Willamette river through the stream at the possibilities of passers by the stream and the sound the possibilities of the counting than the care inspiring to him, and the appreciative remarks of passers by were inspiring to him, and the appreciative remarks of conoisseurs of the art of trailing her in her isolated seclusion, betook himself to the western hills. Inknown to him was the time-old rivulet which wended its way toward the Willamette river through the stream at the possibilities of his labors and he worked. During the winter of the city to do this in connection the situation was mastered.

"Why do you do all this wonderful work for apparently no reward at all?" was asked.

"Yes; but I have my health, and I have my health, and I make the children happy with my path up to the park. When I finished my path the other day. I have my health, and the country. Storey, Thorndyke, Passers was asked.

"Yes; but I have my reward," he insisted. "I have my health, and I make the children happy with my path up to the park. When I finished my path the other day. I have my health, and I make the children happy with my path up to the park. When I finished my path the other day. I have my health, and I make the children happy with my path up to the park. When I finished my path the other day. I have my health, and I make the children happy with my path up to the park. When I finished my path the other day. I have my health, and I make the children happy
