

TRAFFIC CLEANUP TO BE INAUGURATED

Mayor Determined to Check Wild Driving in Streets.

AUTO SQUAD TO OPERATE

Police Officers in All Kinds of Machines Will Stop Vicious Violations of Rules.

Fifty police officers soon will be detailed by Mayor Baker to arrest what the mayor classes as "vicious" traffic offenders.

Decision to make a concentrated drive to eliminate dangerous violations of traffic regulations was reached yesterday.

"Traffic Code is Important." said the mayor, "is a regulation designed to safeguard the lives of both motorists and pedestrians.

"I do not want to inaugurate any radical plan without first warning the public. If, after a warning, violations continue, there is nothing to do but arrest the violators and prosecute them vigorously.

Squads Will Be Alert. "They will circulate in all parts of the city and will be on the alert for all violations of the traffic code,

"It has come to a pass where hardly a day passes but that some motorist will narrowly avert an accident through negligence on the part of another driver.

"Every motorist should know the traffic code and if he is not familiar with it copies can be had at the police station.

Mayor Baker did not state just when the new police squads will be inaugurated, but intimated that some time this week the men would be put on the new detail.

OLD PORTLAND ERASED

Reactor of 28 Years Ago Returns to Find Wonderful City.

After an absence of 28 years, H. D. Underwood, at one time a real estate dealer in Portland, is back in this city endeavoring to visualize the changes that have been made since his departure in 1894.

"The Oregonian and Home! Portland are the only familiar buildings," said Mr. Underwood, yesterday. "The Oregonian building does not look a day older than it did 28 years ago.

RECOVERY SUIT FAILS

Negligence as Cause of Antoi's Death Held Not Proved.

OLYMPIA, Wash., July 22.—(Special.)—Recovery sought from the city of Seattle for the death of Henry N. Hendrickson, who his automobile stalled on Grand Way, a steep paved street, and backed down and over the curb, dropping over a 25-foot embankment, was denied today by the supreme court on two grounds, failure to present a sufficient case to justify recovery, and second because of the failure of the trial court to certify to the supreme court a full statement of facts.

FIRE TELLS OF STILL

Farmers See Flames and Discover Plant, but Owner Escapes.

BROWNSVILLE, Or., July 22.—(Special.)—Dave Waigamot and Morris King, working in a hay field on the Blaine place, two miles east of Brownsville, saw fire nearby and rushing to a creek bed found an all stove burning and a still in operation. The stove had been turned too high and was burning up. The owner of the still escaped unharmed.

Molalla Teachers Elected.

MOLALLA, Or., July 22.—(Special.)—The following teachers have been elected for the coming school year: Mrs. Frances Abraham, principal grade school, eighth grade; Miss Mildred Miller, seventh; Mrs. Florence Vanghe, fifth and sixth; Miss Oral Maltrett, third and fourth; and Mrs. Riva Case, first and second. The Molalla union high school has elected the following: J. J. Abraham, principal; Miss Elizabeth Zimmerman, Miss M. Thompson and Miss Ranney, formerly of McMinnville. One vacancy in the high school remains to be filled.

RUDE BUT SERVICEABLE IS TRAIL UP ONEONTA GORGE

Pools of Water That Formerly Obstructed Foot Passage Have Disappeared This Year and Pathway is Open for Season.

Trails Club Members at Work Over Trail.

VISITORS on the Columbia river highway in the past years have looked longingly up Oneonta gorge and have glaredly picked their way up until they came to some precarious planks placed over the pools in the stream bed and have reluctantly turned back.

For the past two years visitors have been surprised and pleased to find that they could walk dry-footed and safely over a trail that led them to the head of the gorge and to the beautiful unnamed falls that closes the end of the gorge.

It is true that the trail consists of nothing but boulders picked from the bed of the creek and filled in with smaller rock, with log revetments at the points where the stream directs its full force against it, but visitors are appreciative of the amount of labor involved in its construction and maintenance.

SHRINE PICNIC FRIDAY

AL KADER WILL BE HOST AT ANNUAL OUTING.

Elaborate Preparations Complete for Entertainment of Women and Children of Nobles.

Pleasure seeking members of Al Kader temple of the Shrine will lay aside business affairs next Friday afternoon and will, with wives and children, or sweethearts, visit The Oaks, where their second annual picnic will be held.

The annual picnic is one of the big affairs of Al Kader temple. It was started for the purpose of giving the children and the women an opportunity of mixing in with the "hot sands walkers."

Herman von Borstel, general chairman of the picnic committee, has announced that the entire resort has been taken over for the day. The only money that can be spent is that which goes toward the preparation of a picnic lunch.

The Shrine patrol will have charge of the grounds, the chatters will sing and the band will be worked overtime.

POULTRY EXPERT HOME

PROFESSOR DRYDEN TRAVELS 25,000 MILES.

Large Increase in Chicken and Egg Production Throughout Country Observed.

OREGON AGRICULTURAL COLLEGE, Corvallis, July 22.—(Special.)—Professor James Dryden, head of the college poultry department, has returned from a year's leave of absence in which he investigated poultry conditions in different sections of the country for the Country Gentleman. He spent three months traveling in a stern and middle western states, the remainder of the time being spent in California, where he did his writing.

"While the largest production of poultry and eggs is in the middle western states and a considerable proportion in the eastern, there is no section that has shown greater development and more progressive methods than the Pacific coast states."

ROCK CRUSHER WRECKED

Huge Stone, Size of House, Puts Plant Out of Commission.

EUGENE, Or., July 22.—(Special.)—A huge rock, described as being almost as large as a house, came down upon the rock crusher on the low-pass highway over the summit of the Coast mountains on the state project near Milam, and practically destroyed the plant. The loss to the contractor is said to be near \$10,000.

Lane County Wheat Being Cut

EUGENE, Or., July 22.—(Special.)—The farmers of Lane county are cutting their wheat and one thresher has begun near Irving. They report that the yield will be lower than usual owing to the extremely dry weather. Spring-sown grain is expected to be short. Some of the fields will not be cut because the grain is not high enough.

The Owl Drug Co.

"Better Drug Stores"

Suggestions for Your Outing Outfit

The Owl Drug Store renders a specific service to many thousands of people each year by providing, at popular prices, many of the things necessary for their health, comfort and pleasure during the vacation period. For example:
