

THE DALLEES READY FOR LEGION MEET

Big 3-Day Programme Is Arranged.

GOOD TIMES PLANNED

La Societe des 40 Hommes et 8 Chevaux to Hold Initiation as Feature.

THE DALLEES, Or., July 22.—(Special.)—Ex-service men all over Oregon today are dusting off their uniforms in preparation for the biggest event of the year—the fourth annual reunion and convention of the American Legion, which will be held here next Thursday, Friday and Saturday.

Coincident will be the gathering of delegates to the first grand promenade of La Societe des 40 Hommes et 8 Chevaux, and the second annual convention of the American Legion auxiliary. As a result, Francis V. Galowsky, district attorney of Wasco county and convention chairman for The Dalles post No. 19, expects to be chief entertainer for thousands of visitors.

A programme, the most comprehensive in the history of the Oregon Legion, has been prepared by the local committee.

Grand Promenade Stated.

Wednesday morning will see the curtain-raising event, with the arrival from Bend of the members of the wrecking crew of Central Oregon Vulture No. 147, of the 40th anniversary of the wrecking of the "40 and 8" grand promenade will start at 2 P. M. with a business session in the city auditorium. At 7 o'clock the fireworks will be held with a parade of all the available members of La Societe and their victims, the 70-odd "goods" who are to be initiated.

Infantry Band to Play.

G. Lane Goodell, department commander, has set 8:30 as the hour for all morning sessions. The 58th United States Infantry band from Vancouver barracks will play throughout the days of the convention. Governor Olcott, Sam Koser, secretary of state, Adjutant-General White and Mayor Baker of Portland are expected on opening day. Mayor Stadelman will voice the welcome in behalf of The Dalles.

Friday will see two business sessions, the water contests, and at night the boxing carnival, arranged by Captain Henry Hanson, matchmaker for the Portland boxing commission.

Saturday comes the parade, the most pretentious feature handled by the local committees. If hopes are realized 5000 veterans in uniform will be in line. The parade will start at 12:30, following the morning business session.

The afternoon session, to elect officers and select the 1923 meeting place, will wind up the programme, although the finals in aquatic events will be held that night.

Hanford MacNider, national commander of the Legion, has positively accepted the invitation to attend the convention.

The entire Elks temple here has been turned over to the state convention of the American Legion auxiliary. Mrs. J. T. Henry, president of the local unit, estimates that about 200 women will be present. The department officials have asked that only one social function be planned.

DEPOT PROMISED SOON

State Commission to Insist That Road Build in Oregon City.

OREGON CITY, Or., July 22.—(Special.)—That the public service commission will demand immediate action on the part of the Southern Pacific company in regard to the new depot to be constructed in this city was the statement made by Attorney Schuebel on his return to the city last night from Salem, where he had been conferring with the commission.

According to Mr. Schuebel, action in regard to the construction of the new depot has been held up because of the uncertainty of the route to be chosen for the Pacific highway through the city.

The Southern Pacific company had drawn two plans for the new structure, one to be used if the Fifth-street route were chosen, and one to be used if the highway route would run along Railroad avenue and because of the uncertainty of which plan to use nearly one year has elapsed since the order for the construction of the new depot was issued.

GAS PRICE IS REDUCED

San Francisco and Vicinity to Get New Rate August 15.

SAN FRANCISCO, July 22.—Gas at 37 cents a thousand cubic feet—the first drop below the dollar mark since pre-war days—will be the price to consumers in San Francisco, Oakland, Berkeley and Alameda beginning with the meter readings August 15.

Today the railroad commission ordered reductions in rates ranging from 5 to 7 cents a thousand cubic feet on the system of the Pacific Gas and Electric company serving central and northern California.

The reason given for the cut is a drop of 25 cents a barrel in the price of crude oil to the company. It being the announced policy of the commission to maintain an established parity between gas rates and the price of oil used in its manufacture.

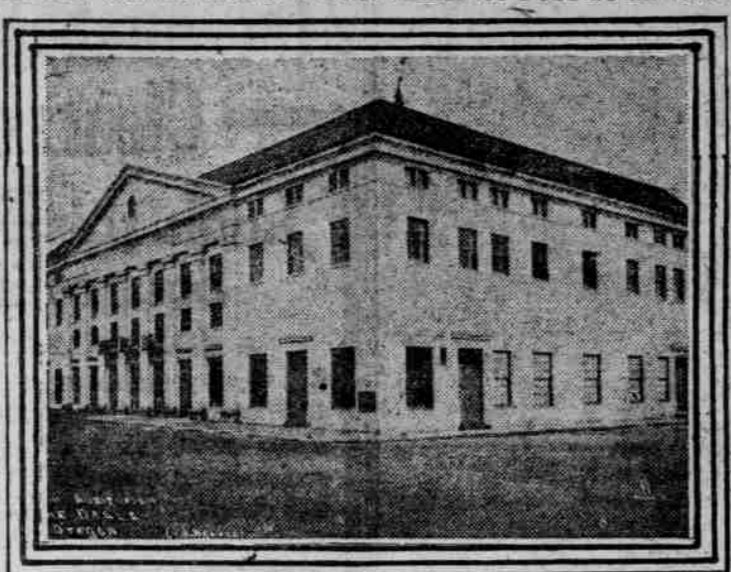

This is the second reduction in the gas rates of the Pacific company within a year, the total cut ranging from 10 to 15 cents.

Wet Petitions Circulated.

RAYMOND, Wash., July 22.—(Special.)—W. H. Willis of Seattle has been in this city and vicinity several days obtaining signatures to a petition to be presented to congress urging the necessity of amending the Volstead act so as to admit of the manufacture and sale of light wines and beer. Incidentally each signer is required to donate one dollar to be donated to the cause set forth in the petition. Similar petitions are either being circulated or will be circulated in each state of the union.

LEGION CONVENTION HALL AND HEAD OF POST TO BE HOST.

LABOR CROOKS HIT HARD

HEADS OF BUILDING CRAFTS ASSAIL CHICAGO CHIEFS.

Acceptance of Landis Award Is Recommended and Reforming of Central Trades Body.

(By Chicago Tribune Leased Wire.) CHICAGO, July 22.—Crooked labor union chiefs, who induce or order their followers to remain idle and force other men to remain idle after repudiating an agreement received a tremendous wallop today when the international presidents of various building crafts, assembled here from the United States and Canada, submitted a report to the building trades department of the American Federation of Labor recommending a complete reorganization of the Chicago building trades council on a basis of complete recognition of the Landis award.

This finding is the result of several days' investigation by the international presidents, during which they went into all phases of the situation. Their decision means the obliteration of "Frenchy" Mader, president of the Chicago building trades council and now under trial for murder. It means the waning power of "Big Tim" Murphy, hitherto the czar of the Chicago labor unions. "Big Tim" also is a defendant in a murder trial. It spells the end of "Con" Shea as a ruler in Chicago. Shea is being tried with "Big Tim" and Mader for murder.

The American Federation of Labor places the principle of arbitration in adjusting labor's differences above jurisdictional disputes and the sporadic strikes called by ambitious individuals. A copy of the decision was sent to the Chicago building trades council and now under trial for murder. It means the waning power of "Big Tim" Murphy, hitherto the czar of the Chicago labor unions. "Big Tim" also is a defendant in a murder trial. It spells the end of "Con" Shea as a ruler in Chicago. Shea is being tried with "Big Tim" and Mader for murder.

The afternoon session, to elect officers and select the 1923 meeting place, will wind up the programme, although the finals in aquatic events will be held that night.

FAIR OFFICIALS NAMED

STATE BOARD GETS EXPERTS FOR SALEM EXHIBITS.

Judges and Superintendents Are Appointed for Most Departments of Affairs.

SALEM, Or., July 22.—(Special.)—Names of superintendents of the various departments of the Oregon state fair have just been made public and the list reveals the effort that officials have put forth to have experts head all divisions. Names of judges were likewise announced and in that list, also, it was to be seen that nothing is being overlooked this year in completing every detail of the 61st annual event.

Edward Shearer of Escalada will head the poultry department again. W. L. Taylor of Macleay will head the agricultural department, James Forbes and Frank Van Kirk will be in charge of the floral exhibit. O. N. Nelson of Corvallis has been named to superintend the sheep department. Mrs. Alice M. Weister of Portland art, and Roy Fika of Portland textile. One or two additional department heads are yet to be named.

Judges thus far selected are: Robert F. Miller, Davis, Cal., sheep and goats; William A. Coates, Seattle, Wash., poultry; William Schuler, Hillsboro, cattle; Thomas Brunk, Salem, swine and juvenile clubs' livestock; A. L. Hacker, Lincoln, Neb., dairy cattle; F. H. Crane, Zionville, Ind., dairy cattle; William Benson, Felger, Neb., beef cattle; E. A. Hughes, Davis, Cal., and A. L. Haines, Mitchell, S. D., swine.

OFFICER INJURES HOBO

Deputy Strikes Man on Head With Automatic Pistol.

PENDLETON, Or., July 22.—John Spencer, laborer, was today seriously injured when he was struck behind the ear by J. A. Syfer, special deputy sheriff, following a dispute on Main street.

Spencer, with other transients, was taken off the blind baggage car at Rieth last night by the deputy, who is working for the railroad, and the transients were forced to buy tickets from Rieth to Pendleton. This morning when the transients and the special deputy met, hard words were passed, which ended by the deputy hitting Spencer on the head with the butt of his automatic. The injured man was taken to St. Anthony's hospital.

According to Spencer's statement, he refused to be put off the train by any one who did not have the authority, but he declared that after Deputy Sheriff Syfer showed his star he got off. He alleged that Syfer reopened the argument in Pendleton. Spencer was coming here from Missoula, Mont., where he has been working on state buildings.

MORE SHOPMEN STRIKE

Railroad's Force at Albany Declared Not Impaired.

ALBANY, Or., July 22.—(Special.)—Eleven more employees at the Southern Pacific shops here walked out this morning, bringing the total number of striking workers to 16, according to officials of the local union. The walkout followed a meeting held last night when a representative of the Portland strike headquarters talked to the men.

C. E. May, in charge of the situation for the railroad company, says the working force here is not impaired.

WOMAN HIT BY BAR, RECOVERING

THE DALLES, Or., July 22.—(Special.)—Mrs. A. F. Waterston, who was struck over the head last week with an iron bar wielded by 14-year-old Pacific Rosa, is now believed entirely out of danger, it was reported at the hospital today. The youthful Italian is held in the county jail and will be examined as to his sanity next week.

WORKER ON COMBINE HURT

WALLA WALLA, Wash., July 22.—(Special.)—J. C. Derberry was injured seriously late Friday afternoon at the ranch of A. D. Hatch, on Eureka flat, when caught in the belt of a combine. He was brought to this city last night. It is thought he will recover.

WAGE FOR PRUNE PICKERS FIRED

SALEM, Or., July 22.—(Special.)—

WOMAN OPPOSES MISS ROBERTSON

These are represented respectively by Miss Alice M. Robertson and Mrs. A. F. Waterston.

Both Miss Robertson and Herrick were elected in the republican landslide of 1920, and observers agree that stubborn opposition faces them in their efforts for re-nomination.

This is, perhaps, the first time in the history of the second district that a republican primary has attracted more than nominal interest. Until 1920 the district was regarded by the democrats as one of their safeholds. It is said that Miss Robertson is, perhaps, the only candidate in the primary who is obliged to take into consideration the women's vote. Considerable opposition is said to have been voiced by women of her district to her attitude of various matters of legislation affecting women and children.

NONPARTISAN ISSUE STIRS UP OKLAHOMA

Democratic Fight Centers Upon Governorship.

LABOR AND FARMERS JOIN

Miss Alice M. Robertson Opposed by Woman Who Takes Exception to Some of Her Policies.

OKLAHOMA CITY, Okla., July 22.—With a non-partisan league issue drawing special attention to the contest for the democratic nomination for governor, voters of Oklahoma are preparing to register their preference for all state offices on August 1 in a statewide primary. A larger number of candidates are in the field than ever before in the history of the state.

The non-partisan issue arises from charges made against J. C. Walton, mayor of Oklahoma City and a candidate for the democratic nomination, who has been endorsed by the farmer-labor reconstruction league, an organization formed at a joint convention of the Oklahoma state federation of labor and two groups of farmers. Walton's opponents assert that the reconstruction league is the non-partisan league under a new name, and that Walton is attempting to use the prestige of the democratic party to sweep the reconstruction league into power.

Walton is opposed by Thomas H. Owen, ex-justice of the state supreme court, and E. H. Wilson, superintendent of public instruction. All are making vigorous campaigns. The platform adopted by the reconstruction league upon which Walton agreed to run included the following planks: Indorsement of the Plumb plan for control of the railroads, approval of public ownership of various utilities and the printing of all school textbooks by the state, opposition to a reduction in the wages of railroad employes, condemnation of the military training, and a demand that war profiteers be compelled to pay the nation's military debt.

Wilson and Owen have advanced no outstanding principle in their platforms. Each, however, has recommended changes in the state banking system designed to strengthen the guaranty feature and safeguard member banks.

Next to the Wilson-Walton-Owen race, general interest in the primary centers in the congressional contests, in which all present representatives are candidates for re-nomination. Observers are watching especially the second and eighth districts.

Women Oppose Miss Robertson. These are represented respectively by Miss Alice M. Robertson and Mrs. A. F. Waterston. Both Miss Robertson and Herrick were elected in the republican landslide of 1920, and observers agree that stubborn opposition faces them in their efforts for re-nomination.

This is, perhaps, the first time in the history of the second district that a republican primary has attracted more than nominal interest. Until 1920 the district was regarded by the democrats as one of their safeholds. It is said that Miss Robertson is, perhaps, the only candidate in the primary who is obliged to take into consideration the women's vote. Considerable opposition is said to have been voiced by women of her district to her attitude of various matters of legislation affecting women and children.

Herrick was nominated without opposition in 1920. The lack of an opponent resulted from confusion incident to a double election in the district, one to fill the unexpired term of Dick T. Morgan, deceased, and the other for the regular term. Several candidates who filed for the unexpired term within the time limit of serving through the regular term also failed to make a double filing until after the time limit had expired.

One Republican Unopposed. L. M. Gensman of Lawton, representative from the sixth district, is unopposed for the republican re-nomination. Contests will occur in all other districts.

Observers are giving little attention to the nomination for governor on the republican ticket, it being the opinion of politicians that John Fields, editor of a farm paper published here, will get the nomination over George Healy, a retired farmer and stockman of Beaver. Neither is making a campaign.

Including candidates for the state legislature and for district and superior judgeships, nearly 1000 names will be placed on the state ballots of the two major parties. One hundred and sixty will be on the two tickets nominated by statewide vote. In addition, all county officers will be named.

Wage for Prune Pickers Fired. SALEM, Or., July 22.—(Special.)—

Logger Severely Scalded. HOQUIAM, Wash., July 22.—(Special.)—Leonard Dichter, employed at the Aloha Logging company, was severely scalded with steam today when the donkey engine on which he was working turned over. He was rushed to the Hoquiam general hospital, where he was reported in a critical condition. His body was badly burned about the chest and body.

Woman Hit by Bar, Recovering. THE DALLES, Or., July 22.—(Special.)—Mrs. A. F. Waterston, who was struck over the head last week with an iron bar wielded by 14-year-old Pacific Rosa, is now believed entirely out of danger, it was reported at the hospital today. The youthful Italian is held in the county jail and will be examined as to his sanity next week.

Worker on Combine Hurt. WALLA WALLA, Wash., July 22.—(Special.)—J. C. Derberry was injured seriously late Friday afternoon at the ranch of A. D. Hatch, on Eureka flat, when caught in the belt of a combine. He was brought to this city last night. It is thought he will recover.

The Bon Marché ONE LOW PRICE TO ALL MORRISON AT THIRD

A uniform wage scale of 6 cents a pound for prune pickers during the present season will be in effect in all that western Oregon territory under control of the Oregon Growers' Co-operative association. This was announced today following a meeting of the board of directors of the association. Inclusive of a half dozen fruit districts in western Oregon into one Oregon district was also brought about at the meeting. The men who headed the board of directors in the various small fruit districts, will be members of the board of the new district, it was said.

UNION PACIFIC SYSTEM SHOPMEN WANTED

FOR RAILROAD SERVICE AND AT WAGES AS FOLLOWS: Machinists . . . . .70 cents per hour Boilermakers . . . . .71 cents per hour Blacksmiths . . . . .70 cents per hour Sheet metal and other workers in this line . . . . .70 cents per hour Freight car repairers . . . . .63 cents per hour Car inspectors . . . . .63 cents per hour Stationary engineers . . . . .57 cents per hour Stationary firemen . . . . .47 cents per hour Helpers, all crafts . . . . .47 cents per hour Engine-house laborers . . . . .38 cents per hour

These men are wanted to take the place of men who are striking against the decision of the United States Railroad Labor Board, and their status, and the FULL PROTECTION GUARANTEED, are explained by Mr. Ben W. Hooper, Chairman, in his statement of July 1: "In this case the conflict is not between the employer and the oppressed employes. The people of this country, through an act of congress, signed by President Wilson, established a tribunal to decide such disputes over wages and working conditions, which are submitted to it in a proper manner. It is the decision of this tribunal against which the shop crafts are striking. "Regardless of any question of the right of the men to strike, the men who take the strikers' places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. FOR THIS REASON PUBLIC SENTIMENT AND FULL GOVERNMENT POWER WILL PROTECT THE MEN WHO REMAIN IN THEIR POSITIONS AND THE NEW MEN WHO MAY COME IN."
