

JUDGES SELECTED TO CHOOSE BEAUTY

Five Experts Are Pledged to Impartiality.

MAYOR BAKER IS ONE

Judge C. H. Carey, Lover of Art and of Judicial Temperament, to Be Another.

Judges have been selected to decide the Oregonian beauty contest. The experts number five and they will set about the task before them, that of awarding Oregon's beauty crown to her fairest daughter, at some after August 15, when the contest ends. The decision will be announced at the earliest possible moment.

Entire confidence is felt that the judges chosen are especially well qualified for the duty before them. They are:

Mayor Baker, who as head of the city will be solicited that the award be made to the most perfect type of feminine loveliness that Portland may have the best possible representative at the national tournament of beauty at Atlantic City early next month.

Judge Carey Loves Art. Judge C. H. Carey, who combines a happy judicial temperament with a knowledge and love of art that make him an acknowledged leader in art circles in the Pacific northwest.

Miss Esther Wuest, director of art instruction in the Portland public schools, was an artistically educated in art as well as a deep knowledge of the subject. She is a graduate of the Chicago Art Institute and studied for some time at the Julian academie, Paris. F. H. Kiser, well-known scenic photographer and motion picture producer, whose knowledge of the natural beauties of Oregon is surpassed probably by none other. It was felt, therefore, that his help will be valuable in arriving at a decision.

Lieutenant-Colonel Edward C. Sammons, assistant cashier of the United States post office, hero of the world war, who, for conspicuous gallantry was promoted on the field of battle. Mr. Sammons is a susceptible bachelor. It is thought his counsel will be of considerable assistance in making the award.

Impartiality Pledge Taken. All the judges are pledged to a strict impartiality in arriving at a decision. They feel they have a high civic duty to perform in choosing Oregon's most creditable representative in a nation-wide quest for the supreme American beauty, and their award will be made with the sole purpose in view of giving the honor to the one who deserves it.

Hundreds of photographs already are entered in the contest and others will be in the hands of the beauty contest editor by Tuesday night, when the judges will determine their choice without prejudice or any other consideration.

In any event, the award will be made as soon as possible in order that the winner may have as much time as may be desired to prepare to trip to Atlantic City. The pageant opens there September 5.

WATER RIGHTS SOUGHT

Use of Walker Creek Supply is Asked by Coquille.

SALISBURY, Aug. 12.—(Special.)—A. N. Gould, chief engineer of Coquille county, has filed an application with the state engineer covering the appropriation of water from Walker Creek for a municipal supply. The cost of the development was estimated at \$4000.

Other applications filed with the state engineer today follow:

By William Holliston of Creswell, Lane county, covering the appropriation of water from Coast fork of Williamson river for irrigation of 100 acres in Lane county, at a cost of \$300.

By the Pacific States Lumber company of Marshfield, covering the appropriation of water from an unnamed stream for sawmill use and domestic use in Coos county, at a cost of approximately \$2000.

By C. W. Thomas and Gilbert Thomas of Milton covering the appropriation of water from waste and overflow for irrigation of 28 acres in Umatilla county.

By J. O. Newland of Roseburg covering the appropriation of water from a spring for domestic use and irrigation of 12 acres in Douglas county.

By H. B. Smith of Wolf creek, covering the construction of a small reservoir for storage of water from Fisher creek for irrigation of ten acres in Josephine county, at a cost of approximately \$300.

By Odie L. Ashcraft of Parkersburg, covering the appropriation of water from Snake river for development of 22 horse power and irrigation of 40 acres in Malheur county.

By Theodore Jensen of Lenna, covering the appropriation of water from Pass creek for irrigation and power development in Douglas county.

By Floyd Reace Wynore of Eagle Point, covering the appropriation of water from McNeil creek for irrigation of 6 acres in Jackson county.

By George T. Steele and A. Hulse of Halfway, covering the appropriation of water from Selders Springs for irrigation of 62 acres in Baker county.

By W. F. Coleman of Estacada, covering the appropriation of water from a head of Coos creek for irrigation of a small tract in Clatskanie county.

By Robert E. Quinn of Astoria, covering the appropriation of water from Foster creek for irrigation of 12 acres in Multnomah county.

By Annie E. Carlisle of Ontario, covering the appropriation of water from Willow creek for irrigation of 104 acres in Walker county.

By C. L. Beding of Willard, covering the appropriation of water from South Umpqua river for irrigation of an eight-acre tract in Umatilla county, at a cost of \$950.

By Mrs. May Stevens of Lakeview, covering the appropriation of water from a dam for irrigation of a two-acre tract in Lane county.

Tract Follows Loss of Melons. VANCOUVER, Wash., Aug. 12.—(Special.)—Watermelons are garbage when they happen to fall out of an auto truck and smash to bits on the pavement. Frank E. Vaughan, justice of the peace, declared today, Joseph J. Piazza, wholesale dealer, was driving on Washington street this morning when several melons rolled out of the back of his truck and burst as they hit the pavement. He was arrested on the charge of dumping garbage on the street and fined \$5 and costs.

JUDGES CHOSEN TO MAKE AWARD OF BEAUTY CROWN IN THE OREGONIAN'S STATE-WIDE CONTEST.

Fred H. Kiser, President of Kiser Studios, Inc.

Esther Wuest, Supervisor of Drawing, Public Schools.

Judge C. H. Carey

HALL CASE TO RESUME

CONTEST HEARING TO CONTINUE TOMORROW.

Day Expected to Be Devoted to Taking Testimony on Changes of Party Affiliation.

SALISBURY, Or., Aug. 12.—(Special.)—Hearing of the election contest proceedings filed on behalf of Charles Hall, defeated candidate for the republican nomination for governor at the primary contests last May, will be resumed in the Marion county circuit court here, Monday at 10 o'clock. This announcement was made today by Judge Blighman.

It was said by attorneys connected with the case that Monday probably will be given over to the taking of testimony with relation to charges made by the contestant that many persons changed their party affiliations at the polls on election day in bad faith, and that a preference for Governor Olcott, contestant in the action, on democratic ballots. Testimony also may be offered, it was said, in an effort to substantiate the contention of the contestant that a number of voters were influenced to support Governor Olcott by priests and other officers of the Roman Catholic church.

Prominent among the 162 voters of Marion county whose votes have been challenged by the contestant are George Putnam, editor and publisher of the Salem Capital-Journal and Theodore Brentano, a resident of the St. Paul precinct. Mr. Putnam and Mr. Brentano are charged with changing their party affiliations at the polls on election day in bad faith. Mr. Brentano has been a voter in Marion county since the year 1883, has been justice of the peace of the St. Paul precinct for many years, and has held other positions of honor.

Recounting of the ballots of Multnomah and Marion counties has been completed, attorneys for Mr. Hall said, and from now on the proceedings will be featured by testimony.

Holland declared his investigation showed that the Clarita and Parker Valley banks each were bought with funds alleged to be from the other. C. L. West, ex-Oklahoma City real estate dealer, purchased the Clarita bank and Smith bought the Parker Valley bank. In neither instance did the purchase money exist, Mr. Holland declared.

West is held in jail here on numerous criminal charges growing out of the failure of the Clarita bank. Smith is a former resident of Oklahoma City and was an officer in a night-and-day bank which failed (three several years ago. Cook county authorities say.

H. C. Stagg is under arrest in Los Angeles, and a warrant was issued today for the arrest of Frank Thompson of Los Angeles in connection with the failure of the Clarita bank. According to county authorities, Smith and Stagg issued certificates for deposit totaling \$46,996 in return for alleged worthless notes and \$18,000 of these certificates were sold by Thompson in California.

PEKIN, Aug. 12.—(By the Associated Press.)—Sun Yat Sen, deposed president of south China, who fled from here Wednesday, is going to Shanghai to meet representatives of Chang Tso-Lin, governor of Manchuria, together with leaders in Chekiang province and General Fung, one of Wu Pei Fu's officers, arrived here today. It was learned here today.

SHANGHAI, Aug. 12.—(By the Associated Press.)—The liner Empress of Russia, aboard which Sun Yat Sen, deposed president of south China, is a passenger, bound for this port, is struggling against typhoon and is making slow progress, according to wireless advices received here today. The number of the Empress of Russia was due here this morning.

PEKIN, Aug. 12.—(By the Associated Press.)—M. Joffe, envoy of the soviet government of Moscow, arrived here today to open trade and other negotiations with the Chinese government.

The soviet representative is understood to have three purposes in his mission here—first, to endeavor to obtain recognition of Russian interest in the Chinese Eastern railway, which is controlled by an inter-allied technical board; second, to arrange trade relations with students; The Austrian government is continuing the work under the name of the American-Austrian relief work for children. The government in a retrospective summary of American relief, states that \$4,000,000 was spent for feeding Austria's children. The number of children fed reached 342,000 on June 21.

IOWA CITY, Ia., Aug. 12.—(Special.)—The Iowa City just 70 years ago the Fourth of July, Anton Linder, called Johnson county's oldest pioneer, today is celebrating his 93rd birthday. He was born in Colon, Prussia, August 19, 1823. With him today is his son, Carl, 66 years old, who resembles his father so closely that they have been taken for twins.

PERUVIAN SENATE HEARS REPORT. LIMA, Peru, Aug. 12.—A secret session of the senate, lasting until a late hour last night, received from the minister of foreign affairs an account of the negotiations at Washington on the Tacna-Arica question. The subject was considered further in the sessions today.

WILSON, Aug. 12.—(Special.)—Ralph E. Henderson, a Harvard graduate, who has spent the past eight months traveling in southern Asia, has just completed a trip through the British "unadministered territory" of northeastern Burma and into the Chinese province of Yunnan, neither of which have been thoroughly explored by white men.

Among the wild tribes encountered on this trip were the head-hunting Waie, little has been definitely known concerning the life and customs of this tribe, as most of those who had intruded upon Waie territory failed to return. The Waie do not hunt heads primarily from cannibalistic motives, but rather because of the belief that fresh human skulls are imported every year. Under this impression, they organize head-hunting expeditions every spring, and it is small consolation to the unfortunate traveler who falls into their hands that his is only his skull that is wanted.

Writing of the wild Waie, Mr. Henderson says: "The Waie are especially keen on hunting heads during February, March and April—just before the rainy season. From the angle of looking at it, the business isn't the madness we take it to be. It is a convenient and quite as reasonable as afternoon tea. Every decently religious Waie knows that unless the seed grain is properly charmed and conjured with a human coming from raids on neighbors, the crop raised from it will be a failure. And who wants to starve? In fact, if worst comes to worst, the Waie men go about with a human head on their back, and the risk of scant crops and consequent empty stomachs.

"In February, March and April then, the Waie men go about with a human head on their back, and the risk of scant crops and consequent empty stomachs. Of course, any head that offers itself to be collected is regarded as fair game, and it behooves the man working alone in the jungle or the woman hoeing alone in the field to be cautious when the Waie men are about. A common artifice is to barricade some jungle highway and lie in ambush, some just behind the barricade, some on either side, to rush down on the flanks of any party caught in the trap.

"Heads of men, women and children over 15 years old are acceptable. Heads marked with smallpox,

RED AGENTS ACTIVE IN AMERICAN CRISIS

Underground Methods Seen in Strike Situation.

MOSCOW DIRECTS DRIVE

Emissaries of Communist Party Seek to Foment Unrest and Undermine Army Morale.

(By Chicago Tribune Lead Wire.) WASHINGTON, D. C., Aug. 12.—Underground methods by which the red internationalists at Moscow, the central figures of the soviet government of Russia, have been endeavoring to organize workers of the United States in the interest of the revolution, are disclosed in numerous Russian communist documents recently brought to the attention of officials in Washington.

Many of these documents disclose duplicity of the Moscow regime while negotiating with foreign powers at Genoa and The Hague, has been secretly sending agents to this and other nations to conduct intensive campaigns for the promotion of organized unrest among labor unions with a view to paralyzing American industry and transportation, just as was done in Russia.

The documents contain instructions for organization of revolutionary units in the hope of ultimately paralyzing American industry and transportation, just as was done in Russia.

Red Agents Enter Crisis. The documents are disclosed in this country, have taken every advantage of the present industrial crisis in the United States in an effort to paralyze two industries, without the normal operation of which the country would soon be prostrate—the mining of coal and the operation of the railroads. Officials, it is declared, are convinced that red agents have been secretly sent to this country from Moscow to preach the doctrine of the third international among American coal miners and railroad workers, and to embarrass the established order of government, industry and finance.

Communist hand has been distributed to American soldiers urging them not to fire on strikers if called out for strike duty. All this the officials declare, is being carried out in conformity with the "Theses on Tactics" and other resolutions or orders, given by leaders of the red internationalist chief among which are Zinoviev, Bukharin, Lenin, Trotzky and Radek.

One Emissary Caught. One of the agents sent to this country, Joseph Kowalski, has just been caught. He is a communist who was deported by the United States government during the year 1919, two years ago, but who returned secretly to the United States and has been active in trying to organize unrest among the coal miners. Kowalski came here from Moscow, where he was superintendent of the prison in which American prisoners were held for many months, and was also chief of the foreign section of the soviet Cheka.

Agents of the department of justice in the coal fields and elsewhere checking up on other communist activities. Other intelligence agencies of the government have encountered their trail, and confidential instructions have been given to the commanders of all army corps areas to counteract handbill efforts to undermine the morale of the American soldier.

The inner communist agents in this country take their orders from the commanders of all army corps areas to counteract handbill efforts to undermine the morale of the American soldier.

SHANGHAI, Aug. 12.—(By the Associated Press.)—Sun Yat Sen, deposed president of south China, who fled from here Wednesday, is going to Shanghai to meet representatives of Chang Tso-Lin, governor of Manchuria, together with leaders in Chekiang province and General Fung, one of Wu Pei Fu's officers, arrived here today. FIRES RAGING IN SOUTH

FIRES RAGING IN SOUTH. FIERCE BLAZE REPORTED IN CALIFORNIA FOREST.

Rains Have Practically Checked Destruction of Timber in Western Washington.

SAN FRANCISCO, Aug. 12.—A call for help to fight a fire which he said was raging uncontrolled through the Santa Barbara national forest, and over adjoining territory before a 40-mile north wind was telephoned here today by C. E. Jordan, superintendent of the forest. Jordan said that all available help had been recruited in the fire region and that more was sorely needed.

According to Jordan's message, the fire was checked last night, but broke out of control today as a result of the high winds. Approximately 6000 acres within and 10,000 acres outside of the forest had been burned over, he said. Reinforce-

ments have been sent and an airplane detailed for scout duty.

SISSON, Cal., Aug. 12.—The brush and grass fire which yesterday was threatening to assume large proportions in the Spring Hill district of Shasta national forest was brought under control today, according to Supervisor Hall.

OLYMPIA, Wash., Aug. 12.—All forest fires in the state west of the mountains have practically been extinguished by the rainfall during the past 48 hours, Fred E. Pape, state forester, said today. A few blazes which were still smoldering were closely watched.

East of the mountains, said Mr. Pape, the rainfall has been reported light, and he was without further information regarding the fire near Deer Lake. The general condition was quite satisfactory, the forester added.

CAMPBELL TO RESUME OPERATIONS. ABERDEEN, Wash., Aug. 12.—(Special.)—The national camp at Cedarville, where operations have been suspended since the July 4 holiday on account of the fire hazard, will resume operations Monday. The Mason County Logging company also announces plans to resume.
