Answers for today's Bingville Page to appear in this space next Sunday.

## TRICK N°2 WILL SURPRISE YOU. "Straws That Walk"

**S**TRAWS that walk: Get three broom straws; bend two of them as shown in the illustration and place them on the third as indicated. By holding the long straw in the hands the two straws will come together in the center without any apparent cause. After you have seen the straws come together, try to hold the long one so that the others will remain apart. You will have to hold your hands very still.
