

Annabelle Plays Golf

My Diary

DIARY time again! And I've had such a busy week. Tuesday morning before school Daddy gave me my first lesson in golf. I had my own bag and brand-new clubs, and a caddy all to myself.

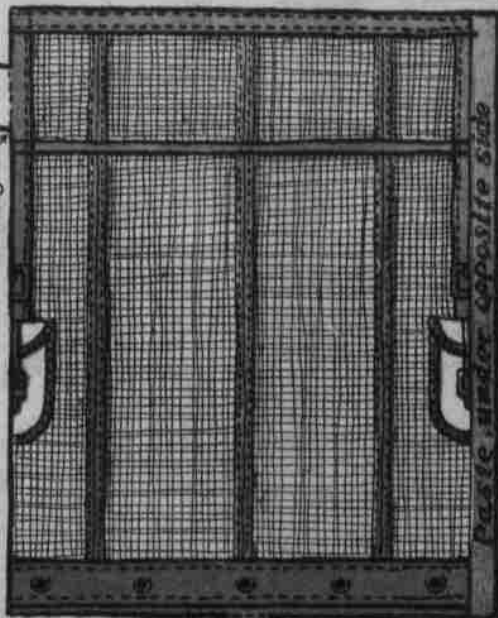

Dotty Jane's mother said she could have a doll party, and I have been sewing my fingers off trying to get my dolls ready for it. They simply didn't have a thing to wear! I can hardly wait until the party—we are going to have tea out in the yard if the weather is nice. I'll write about the party next week.
