The Social Success Versus The Blunderer

SOME people always seem well-poised—at ease; to have a natural talent for putting others at their ease, as well; they know how and when to say the correct, well chosen thing; they never appear in the wrong clothes for the occasion—THEY are the people, who as hosts or guests, make a social event a success. "Correct manners are not only an index to breeding but a tribute to the sensibilities of one's friends."

You owe it, not only to yourself, but to them as well, not to appear embarrassed, gauche, as you surely will if you lack the confidence born of knowledge. —"The Book of Etiquette" covers every phase of etiquette—wedding etiquette, the etiquette of dress, of speech, of manners; dance, party, tea etiquette, etc. It is the last word on correct social form. Handsomely bound in blue and gold cloth—the two vol. set—\$3.50

GOLD SEAL Congoleum Week Sale Begins Tomorrow

—This is your opportunity to buy America's most popular floor-covering at substantial savings—the lowest prices, in fact, we have ever quoted on this product. If you have not yet had Congoleum in your home you owe it to yourself to at least see what beautiful, sanitary and practical floor-covering you can buy for amazingly little money.

Waterproof and Easy to Clean
Gold-Seal Congoleum is waterproof, and germ-proof. Neither dust, dirt, nor spilled liquids can penetrate its smooth, enameled surface. Sweeping and scrubbing are unnecessary. A quick going-over with a damp mop makes Congoleum as clean and spotless as when new—its color fresh and sparkling.

Lies Flat Without Fastening
This is another important feature of Gold-Seal Congoleum. No tacks, nails, or other fastenings are ever required to hold it in place. It literally "hugs" the floor and never "kicks-up" or curls at the edges or corners.

Your Last Chance
You should by all means see the many beautiful patterns in which Gold-Seal Congoleum is made, and its other wonderful advantages. You will be surprised that such beautiful, durable, easy-to-clean floor-covering can be had for so little money. If you put it off until later on something may prevent your going. And then you will have to pay much more for your Congoleum. After this week prices will positively go up to their former level.
