

OPPOSITION TO FAIR DECLARED REMOVED

Postponement Great Boon, Says Mayor Baker.

LET'S ALL PUSH, IS PLAN

Intensive Nation-Wide Advertising Campaign Will Be Commenced Next Month.

Postponement of the Oregon exposition until 1927 has removed practically all of the opposition which had developed against the project.

Behind the opposition of a great part of it at least, has been the question of our being able to raise the stock subscription by December 30 of this year.

Originally we planned on four years in which to finance and build the exposition, but unfortunately unexpected events have consumed two years of this time.

The registrar rejected about 150 candidates for admission to the university this fall. At least 48 per cent were refused admission for lacking the minimum of 15 Carnegie units.

But for the strict enforcement of the requirement rules and for the imposition of the non-resident fee, amounting to \$105 a year, the growth of the institution this fall would presumably have exceeded 20 per cent.

Great Valleys Are Injured. The letter reports that the producers' association covers the state and it realizes that the Sacramento and San Joaquin valleys are injured.

It is said the condition aimed at by the decision will create a kind of competition that will materially advance the growth of business at the port of San Francisco.

Another competing rail system, it is declared, would aid San Francisco by giving it the shortest and quickest route to the east via Ogden.

It is to the advantage of the Southern Pacific, it is held, to deliver its freight from the east at the first Pacific port, Los Angeles, rather than haul it 485 miles further to San Francisco.

Relative to the contention that A. E. Reames, "a paid prosecutor," and Attorney Kelley and Newbury of this city appeared before the grand jury "in the guise of witnesses."

ing. The Golden West dairy farm is situated on the Nehalem river, and it is the intention of the association to make a specialty of garden truck, supplying the Portland market with fresh vegetables in the late summer and fall.

As the association will not be able to use all the land for garden truck, it intends to plant off some of the land in five or ten-acre tracts, and either rent or sell them.

Very little frost in the winter and no excessive heat in the summer, making the entire 600 acres ideal for garden truck. Chas. Knut, one of Tillamook county's successful dairymen, is at the head of the Golden West Dairy farm.

California, home of the Southern Pacific company, is divided into at least two camps on the unmerger decision of the United States.

In one camp is the San Francisco chamber of commerce, backed by a strong committee, known as the committee against dismemberment of the Southern Pacific system.

Opposed to its work to retain the Central Pacific in Southern Pacific hands is the California Jobs & Shippers' association, with headquarters at Sacramento, and it has taken a strong position for a separate California Pacific.

The producers' association set forth that the committee against dismemberment is dominated by San Francisco interests, since its membership numbers 127 of that city, 16 from Sacramento and 15 from Los Angeles.
