MISS IRENE LOUISE TAYLOR, WHO WILL RULE OVER HEALTH SHOW.

MISS TAYLOR IS GODDESS

DAUGHTER OF RECTOR IS NAMED "HYGEIA."

Jefferson High School Student Is to Reign Over Health Exposition Thursday.

Miss Irene Louise Taylor, daughter of Rev. and Mrs. Oswald Taylor, has been chosen to represent "Hygeia," goddess of health...

Miss Taylor is 17 years old and a student of Jefferson high school. Upon completion of her high school studies Miss Taylor plans to take up a nursing course.

Miss Taylor's father is rector of the Grace Memorial Episcopal church, East Seventeenth and Weider streets.

"Hygeia" will take a prominent part in the entire health exposition and in addition will be the leading figure in the opening ceremonies of the exposition on Thursday afternoon.

At that time the coronation of "Hygeia" will take place, and honors will be paid her by "Asclepius," impersonated by Dr. S. B. Joseph and "Hippocrates," who will be portrayed by Dr. W. T. Willamson.

Miss Elizabeth Beach will take the part of "Sister Helen," older nurse, while "Florence Nightingale" will be portrayed by a member of the Oregon State Nurses' association.

Other historical personages in medicine, surgery and dentistry will follow and later a grand procession led by "Hygeia" officially will open the exposition.

ANNAPOLIS HAZING PROBE MAY EXTEND

Robinson Trial Indicates General Investigation.

3 OTHERS FACE CHARGES

Accused Midshipman Takes Stand and Tells of Stunts Imposed on McGregor.

ANNAPOLIS, Md., Oct. 20.—That the hazing investigation now under way at the naval academy is likely to assume a much wider range, involving other midshipmen of the senior class, was indicated by the trial of Robinson today.

Three additional midshipmen, Joseph F. Fitzgerald of New York; Nevitt Steele, at large, and Calvin H. Mann of Colorado, all first-class men mentioned in today's testimony as having been in Robinson's room while the hazing of McGregor was in progress...

Furthermore, it was reported, three more students were sent to the "prison ship" tonight, presumably for trial on hazing charges.

McGregor was again called as a witness today. He could not say whether Robinson ordered him to execute the latter exercise. The case was given to the court for consideration following brief arguments by the judge-advocate and counsel for the accused.

MANY HERRING WASTED

Northern Packing Plants Unable to Care for Surplus Fish.

SEATTLE, Wash.—Three-fourths of the herring caught in Alaskan waters is wasted, according to Charles D. Garfield, former superintendent of hatcheries in Alaska, who estimates that three herring are thrown away for every one that is pickled.

The waste is the result of a demand of a certain size, all fish above or below a standard size of approximately eight inches being thrown back into the water.

operating in northern waters has a modern plant equipped for making fish oil and fertilizer out of the surplus, but the others, Mr. Garfield said, are wasting the fish that cannot be canned.

RELEASE SOUGHT FOR

RUSSIAN NATIVE IN FIGHT FOR FREEDOM.

Counsel Contends Soldier Cannot Be Forced to Fight Against Own Countrymen.

WASHINGTON, D. C., Oct. 20.—Contending that a soldier cannot be forced to fight against his fellow countrymen when there has been no declaration of war, counsel for Antoni Karachun, a native of Russia, who is serving a 20-year sentence in the McNeil Island, Wash., penitentiary for desertion from the American army, began a fight today in the District of Columbia supreme court to obtain his release.

Karachun had declared his intention of becoming an American citizen when the United States entered the war. He enlisted in the United States army and was sent into Siberia with the American expeditionary forces.

He enlisted in the United States army and was sent into Siberia with the American expeditionary forces. There, it is claimed, he deserted in March, 1919, only to be apprehended by American military authorities in Vladivostok a year later.

H. Rosier Dulaney Jr., Karachun's attorney, in his application for the prisoner's release, held that the sending of Karachun to fight against the Russians was in excess of his enlistment contract and contrary to international law.

Cupid Vanquishes Police Chief.

NEW YORK.—A romance inspired by love at first sight had its climax today at the Little Church Around the Corner, when Captain Harold Ray Wood, head of the police department of the republic of Haiti, was married to Miss Doris Shirley Nightingale, a native of Cape Colony, South Africa.

Captain Wood came to New York to attend the international conference of police chiefs and to study metropolitan police methods. He met Miss Nightingale, a stenographer, during his brief stay.

After the ceremony the couple sailed for the West Indies, where Captain Wood will resume his duties as head of the island police.

The fire and vigor that most men lose—he has it back at 59

He was nearly 60. After a severe illness, he was ready to resign himself to old age. And then, like thousands of others, he discovered a simple way to restore the vigor and vitality of perfect normal health.

The fresh living cells of Fleischmann's Yeast contain a natural food—with the very elements which help the body perform its two most vital functions:

- Build up the worn-out tissues from day to day
—Remove regularly the poisonous waste that accumulates.

Like any other plant or vegetable, yeast produces the best results when fresh and "green"—not dried or "killed." Fleischmann's Yeast is the highest grade living yeast—always fresh. It is not a medicine, it is a natural food.

Everywhere physicians and hospitals are prescribing Fleischmann's Yeast to correct constipation, skin disorders and to restore appetite and digestion.

"Today I am 59 years young"

A recent letter from a westerner tells how, three years ago, he had a severe breakdown. "I was 56 years old," he writes, "and looked about 96. I went out from here to the hospital on a stretcher."

"Today, after 32 months daily use of Fleischmann's Yeast, I am 59 years young—and can outwalk, outrun, outjump, outshoot, and outride any man 30 years my junior."

Eat two or three cakes a day regularly—plain, or spread on crackers, or mixed with water or milk. If you prefer, get six cakes at a time. They will keep in a cool, dry place for two or three days.

Be sure you get Fleischmann's Yeast. All grocers have it.

CHINESE OUSTER ASKED

TEST OF RESTRICTIONS IN ADDITION IS MADE.

Residents in Menefee District Urge That Buyer Be Forced to Vacate Property.

Suit was filed in the circuit court Friday to enforce building restrictions of Menefee's addition to the city of Portland and oblige David T. Luck, Chinese, to move from the property he has acquired in this addition.

The complaint states that Luck purchased lot 3 in block 4 on February 18, 1921, and that he moved in and occupied the premises on October 1 of this year.

Verda R. Lockyear, J. A. Lawrence and a dozen other holders of property in Menefee's addition are plaintiffs in the suit.

The complaint cites the history of the addition, giving the restrictions imposed on purchasers of lots since 1907, when the Portland Trust company began the sale of them.

The complaint states that Luck purchased lot 3 in block 4 on February 18, 1921, and that he moved in and occupied the premises on October 1 of this year.
