Figures for Size, Crowds and Excellence Topped.

SUZANNE TAKES PRIZE

San Francisco Mare Beats Hazel May for \$1000 Stake in Three-Gaited Event.

BY DIK HALLER.

With new records established in size, excellence and attendance, Portland's annual night horse show closed last night.

Suzanne, the Longview farms three-gaited mare, recently purchased by Mrs. W. P. Toth of San Francisco, won the Meier & Frank \$1000 stake last night when she defeated the Stuart prize walk-trot horse, Hazel May.

While this class was not nearly so spectacular as the five-out-of-the-stake event Thursday night, it held in the horse world just as much importance.

Glorianna McDonald fourth, Gloriaanna McDonald fourth, Mason owned by Mrs. Bowers was fourth; Mrs. Wayne W. Keyes' Golden Lass, a mare just sold to Mrs. A. W. Pike of San Francisco, took fifth place; Don Reavis riding; Margaret Ellen Douty's Sunbright, Roy L. Davis up, was sixth; Sippy McKee, another of the top riders by E. J. Mason, was seventh; Sonya, from the same stable, Mrs. Bertha Wilcox up, was eighth; and Miss Trilofy, ridden by her owner, Mrs. Martha D. Bennett, was ninth.

The six-in-hand draft team driving contest, one of the most popular features of the whole horse show, was won the first time by the McCannons, driving Ledbetter & McKennon horses. A. C. Ruby, driving his black team, won second money.

Whether or not the new pony high jump record established by Mrs. McCleave's Corn Cob will stand is a matter yet to be determined.

Other awards made in the final performances of the horse show follow:

"So we cannot regard as irrelevant to our interests and as matters of no concern to our national life the crises which periodically arise over the storm centers of international strife. It is no time to abandon our purpose to take reasonable precaution for the future."

The influence on civic health is already being felt," said Dr. George Parrish, city health officer and member of the exposition executive committee, yesterday. "Our work will be greatly simplified through the educational benefits that were obtained by the citizens by means of the exposition. Portland's reputation for health only can be maintained by graphic demonstrations such as this."

Dr. J. J. McGeehan, chairman of the executive committee, announced that a surplus of more than 2000 remained after meeting all obligations of the exposition and that this sum would be turned over to the various baby homes of the city by Dr. C. J. Smith, treasurer. Dr. McGeehan also stated that many requests for another exposition, to be held next year, but that this would hardly be possible.

The clinical success of the exposition was just as notable, for the final summary shows that 9500 patients attended. Of this number, 4000 attended the dental clinic, 2500 children were taken by their mothers to the various infant welfare clinics and 3000 persons attended other clinics.
