

STRONG ARMY, NAVY URGED FOR AMERICA

World Outlook for Peace Is Declared Dark.

EUROPE NOW MENACED

National Civic Federation Recommends Co-operation With League of Nations.

NEW YORK, Nov. 11.—Maintenance of a strong army and navy is the only means of assuring the safety of the United States under present troubled world conditions.

DISCUSSION MENACES EUROPE

That settlement has not brought peace and the states of Europe and the near east, so far from composing their difficulties and reconstructing their community life, are trembling on the edge of the abyss.

The conference recognizes that the United States must play the part in the world which enhances its cultural, political and material developments.

The resolution dealing with the army commended the present national defense act, but urged that the standing army be increased to 150,000 enlisted men and 13,000 officers.

The navy, said another resolution, should be maintained in every way on a basis of equality with that of Great Britain and five-thirds the strength of that of Japan.

The conference also advocated adoption of a consistent American policy in international relations, divorced from partisan bias and bringing to bear upon the other nations the influence of agreement for justice and peace.

Work With League Urged. While warning against attempts to secure world peace by artificial organization, "susceptible to political intrigue," the conference recommended co-operation with the league of nations in all lines of humanitarian endeavor.

The conference, it was declared, "holds the Monroe doctrine to be an outstanding feature of sagacious American policy and believes that this country should accept and fulfill the obligations and responsibilities as well as the rights involved therein."

It was recommended that the president of the National Civic Federation appoint a committee of 100 or more men and women from the delegates to secure, organize and furnish to the membership of these various bodies accurate and unbiased information on important international relations and movements.

Samuel Gompers, president of the American Federation of Labor, who presided, declared that America's entrance into the league of nations would have prevented Turkey from trying to assume the role she has taken in European affairs.

NAVY OF 86,000 PREDICTED Acceptance of House Figures for 1923 Expected.

WASHINGTON, D. C., Nov. 11.—A prediction that the 1923 navy budget will provide for an enlisted personnel of 86,000, the total fixed by the present law, was made today by Chairman Kelley of the house sub-committee which has the appropriation under consideration.

Without speaking for the committee, I believe that since the question was settled so recently and in my opinion, to make a change in the naval strength necessary.

Ex-Member of The Oregonian Staff and South American Traveler to Become Bride.

NEW YORK, Nov. 11.—(Special.) Romance that began in the "Happy valley" country of central Oregon and has withstood the distractions of globe-trotting in the western hemisphere and six months in New York, will be accelerated here next month when Miss Lucille Saunders, Portland newspaper writer, is married to Harold D. McDonald of Medford, Or., now a medical student at the New York university.

Miss Saunders revealed her wedding plans at a reception of South American friends who are in New York this season. The reception was at her home, 417 West One Hundred and Fourteenth street, which

ANOTHER WAR FEARED

Near-Panic Strikes Markets and Collapse of Exchange Makes Financiers Gloomy.

BY WILLIAM BIRD. (Copyright, 1922, by The Oregonian.) PARIS, Nov. 11.—(Special Cable.)—Unfortunately for the white race, Mustapha Kemal Pasha is not so easily discredited as Batting Siki. We have seen a virulent reversal of French sentiment against the Turkish dictator. Now the entente stands reemerged, ready to oppose with all the weight of its diplomacy Kemal's demands.

First Wife of Dead Millionaire Receives Cash for Claim.

BUTTE, Mont., Nov. 11.—According to the executor of the James A. Murray estate in Montana, settlement was effected yesterday between the heirs and the first wife of the dead millionaire, who contended that she accepted a lump sum in settlement of her claim for dowry, but the amount was not disclosed.

NEBRASKA VOTERS PREVENT CHANGES IN LAW; PICKETING STOPPED.

OMAHA, Neb., Nov. 11.—Nebraska voters defeated Tuesday that they are not in favor of any tampering with the direct primary law. They voted two to one against ratification of the law passed by the legislature which would have made it possible for state conventions to select delegates to national nominating conventions of the various political parties and to name national committeemen.

A law against picketing during strikes and another to require organizers of new banks to show they are needed before charters can be had were approved, while a measure for rural registration of voters was defeated.

PEACHES PAY CITY TAX Municipal Orchard to Take Care of All Expenses.

RIVERSIDE, Cal., Nov. 11.—Citizens of Hemet, one of the smaller cities of Riverside county, are letting peaches pay their taxes. The city of Hemet owns a 40-acre peach orchard. Profits from it were \$100 this year, which was not a particularly good one from the peach growers' standpoint. A normal year is expected to net the city \$15,000, it is said. As the population is 3000, it is expected that \$15,000 will pay nearly all of the municipal taxes.
